

REPORT IS MADE BY GRAND JURY

Yadkin Body Finds Jail Sanitary, Well-Kept; Schools in Good Repair

88 BILLS ACTED UPON

The following report was given by the Yadkin county grand jury to Judge Wilson Warlick during the February term of Yadkin superior court:

"We, the grand jury for the February term, 1939, of the Superior Court of Yadkin County, respectfully report:

"That we acted on 88 bills.
"Found 72 true bills.
"Found 10 not true bills.
"Continued 6 bills.
"Make 6 presentations.

"We visited the Yadkin county jail in a body, and found that the jail is well kept, sanitary and that the prisoners were well fed; that there are 13 white male prisoners, 6 colored male prisoners and 2 colored female prisoners. We find that the septic tank on the jail property is in a very bad condition and is a menace to the public health and should be corrected at once; that the road leading to the jail is in need of repair by top-soiling or surfacing, and we recommend that this road be repaired.

"We visited the county home by committee and found that the same is well kept, sanitary and that the inmates are well fed and clothed; that there are 4 white women inmates; 5 white men inmates; and 2 colored women inmates. We find that the keeper's home and barn are in need of repair.

"We visited the following offices in the courthouse by committee: Sheriff's office, Register of Deeds' office, Clerk's and County Accountant's office, and find that they are all well kept to the best of our knowledge. We find that there is much complaint made on account of the furniture in the courtroom being moved from the courtroom over the courthouse, and we recommend that all the courtroom furniture remain in the courtroom due to the fact that there is a need for the furniture there on account of trials and referee hearings from time to time.

"We investigated the condition of the several schools in Yadkin county and find that there are 8 white schools with an enrollment of 4678, and 9 colored schools with an enrollment of 265; that the buildings and equipment are in good state of repair. Some of the schools are badly in need of additional class rooms, the most crowded condition existing at Jonesville, West Yadkin, and Yadkinville white high schools. We find that there are 37 school buses in Yadkin county, all of which are in good condition and we believe that they are operated as safely and economically as possible.

"We, the grand jury, extend our sympathy to His Honor, Wilson Warlick, in the untimely death of his brother, Mr. T. M. Warlick, of Newton, N. C., and at this time we desire to commend His Honor for the efficient and business-like manner in which he has conducted the court and the spirit of fairness and justice shown by him; that his very evident intention that the laws of North Carolina be enforced was tempered with mercy, especially in the cases of youthful cases."

"We, the grand jury, would like also at this time to commend Hon. Avalon E. Hall, Solicitor, for his efficient services in prosecuting the docket, and his efforts to dispatch the business of the court as quickly as possible.

"Respectfully submitted, this the 3rd day of March, 1939.

"M. R. Davis, Foreman, grand jury.
Wendell G. Hinshaw, Secretary, grand jury."

350,000,000 ounces of silver was bought by the U. S. in 1938.

The U. S. Treasury Department has recently transferred more than one billion dollars worth of silver bullion from New York to the new silver depository at West Point.

RED CROSS TO GIVE FIRST AID COURSE

A trained Red Cross worker will conduct a class in first aid in the elementary school auditorium here beginning Monday, March 13, at 7:30 p.m. The classes will be open to WPA fore-

men in the western section of Surry and all of Yadkin county and additional students to make a class of 50.

The classes will be conducted nightly and at the completion of the course certificates will be awarded.
