A number of immediate relatives and close friends of the family gathered at the home of Sanford Stinson last Sunday, May 28, to celebrate Mr. Stinson's 79th birthday.

Mr. Stinson is in excellent health for a person of his age. The only bad condition of health that he has is his lack of hearing. He is very spry and works in the fields. His greatest hobby is hunting, of which he does a great deal. He can shoot even now with the very best marksmen. Although his hearing has failed him, his eyesight has stood him in good stead. He can kill a sparrow with his rifle at a distance of 50 steps, something that many a young person could not do. This year he has killed 30 squirrels, 30 rabbits, several crows, and has caught 12 hawks and 12 owls in traps.

Bride-Elect Complimented
Mrs. Aaron Speer and Miss Mary Speer honored Miss Lucy Brendle, bride-elect of June, at a kitchen shower given at their home.

The living room was beautifully decorated with a variety of cut flowers.

Several games and contests were participated in by the honoree, and other guests. Miss Mary Speer, the hostess, was in charge of the entertainment. The first contest engaged in was the "Guessing Game." In the "Cake Contest," a very unique way of choosing partners was practiced. Each person present drew a slip of paper which had the title of some familiar song written upon it. Each guest was asked to hum the song given her until she found someone else humming the same tune. When these two persons found each other they were partners for the contest. Mrs. Olive Smith and Miss Jane Doub were winners of this contest. They graciously presented their gift to the bride-elect.

An interesting treasure hunt was held as the final game of the night. The honor guest was given a tiny lighted lamp and directions for her to follow as she searched for the hidden treasure. The hunt led her over much of the large lawn, the dining room, and finally into the living room where the gifts were found in a large basket.

After the gifts were opened and viewed by the guests, refreshments consisting of ice cream and cookies were served.

Those present included the honor guest, Miss Lucy Brendle, Miss Cleo Brendle, Mrs. Bill Cook, Mrs. D. M. Brendle, Mrs. Weldon Hinshaw, Mrs. Wesley Hinshaw, Miss Pauline Jones, Miss Katherine Jones, Mrs. Paul Speer, Mrs. G. N. Dobbins, Mrs. Watt Deal, Mrs. Allan Jessup, Miss Grace Hayes, Mrs. Cornelia Speas Wooten, Mrs. Correll Stinson, Mrs. Olive Smith, Miss Jane Doub, Mrs. John D. Mock and Mrs. W. E. Brooks.

Yadkin Health Department Gives Venereal Tests
The two Yadkin county nurses, Miss Laura Niblock and Mrs. Jamie Leake Messick, are very busy these days, although they don't have school cases to interest them.

At the present time the chief health work being done in the county is carried on at Boonville and Yadkinville clinics where the nurses may be found every Monday and every second Wednesday. Mrs. Messick stated that their most important work dealt with maternity and infancy cases. The work they are doing in this field consists of home visitation of expectant mothers, and advice on infant feeding.

According to the nurses there is a great deal of pellagra to be found among people they have visited in Yadkin county. They are trying to make a drive to remedy this condition. To make this drive effective they are furnishing those afflicted with nicotinic acid and yeast, and are emphasizing special diets of milk and milk products, red meats, and plenty of leafy vegetables.

Although this year is the off year for county typhoid vaccinations, Mrs. Messick states that she will vaccinate for diphtheria every Monday morning from 9 to 12, and on every second Wednesday at the same time at her office over the bank at Boonville.

Blood tests have been given to many people for venereal diseases. At the present time there are 44 persons receiving treatment in the county. Mrs. Messick has 35 taking the treatments, while Miss Niblock has only nine. Of this total number there are 37 negroes and seven whites. Dr. Grady of the Tri-County Health Department, is conducting this phase of the work.

The venereal clinic is conducted at Boonville every Monday morning from 9 to 12 and at Yadkinville every Monday afternoon from 1 to 3. The prenatal clinic for expectant mothers is held every second Wednesday at Boonville beginning at 10 o'clock, and every fourth Wednesday at Yadkinville beginning at the same time.

SPONSOR ASHE MAN FOR POST

P. G. Wright, of West Jefferson, Has Backing for Office in American Legion

HAS EXCELLENT RECORD

West Jefferson, May 26 — The Ashe county post of the American Legion will sponsor P. G. Wright, of West Jefferson, as a candidate for Department Vice Commander at the state convention that will be held in Raleigh next month.

Notices were sent today to all posts in the state, soliciting support for the Ashe legionnaire who has made an outstanding record in Legion work.

Last year he was awarded the Bryce P. Beard trophy for rendering distinguished service as district commander of the 15th district and this year his district was the first one in the state to pass its membership quota by January 1.

During the World War, Wright served in the infantry as an enlisted soldier and spent twelve months in France. He was discharged as a sergeant.

He was a charter member of the Rumley-Thompson post at Damascus, Va., which was organized in 1920. He moved to West Jefferson in 1934 and immediately promoted the organization of the Ashe county post number 171 and served as its first commander.

Except for the time spent in

war service, Wright has been connected with the Norfolk and Western railroad as station agent since 1912.

Iran Has Nothing on Us

A speaker before a woman's club, talking on Iran (Persia's new name), was telling how careless men over there are with their wives. It was no uncommon sight, he said, to see a woman and a donkey hitched up together.

A lady in the audience piped up: "That's nothing—you can see that here, too."

Opportunity often knocks but some people are too busy knocking the other fellow to hear it!

Drive Safely! Walk Safely!

At the Present Rate of Automobile Accidents,

ONE OUT OF 20 WILL BE KILLED OR INJURED IN AN AUTOMOBILE ACCIDENT WITHIN THE NEXT 5 YEARS!

Next time your club meets, or you have a family reunion, list the names of 20 of those present. Let them be members of your family, relatives, close friends.

Look well upon their happy faces, for at the present rate one out of that 20 will be killed or injured in an automobile accident within the next five years.

It may be you, or your daughter, or your mother, or perhaps your closest friend.

It may be a minor injury; it may be a crippling, disfiguring casualty; it may be death.

These figures are based on the law of averages. Fortunately, you and your relatives and friends can evade that law, with no penalty attached to the evasion.

You can beat the law of averages by being above the average in your walking and driving habits. If you and your group of 20 will walk and drive safely, the average injury probably will not strike in the next five years; it may not strike in the next 20 years; it may, in fact, never strike.
