

TWO INJURED IN ACCIDENT

Man, Woman Hurt, 2 Cows Killed in Double Wreck Near Boonville

BROUGHT TO HOSPITAL

Reece Cockerham, formerly of Elkin, but now of Winston-Salem, and Annie Pearl Davis, of East Bend, route 3, were painfully injured last Sunday night in an automobile accident which occurred on the Elkin-Winston-Salem highway at Five Forks, east of Boonville.

Brought to the hospital here, Cockerham was released after a few days' treatment for bruises, cuts and abrasions. Miss Davis, who suffered several contusions and bruises, is still in the hospital, although her condition is reported as satisfactory.

The accident occurred when a light car driven by Andrew Phillips, ran into several cows which had strayed into the highway, killing two. Deputy Sheriff E. F. Hurt, of Boonville, was summoned and warned passing motorists with a flashlight until the battery burned out.

Cockerham, on his way to Winston-Salem from Elkin, was said to have side-swiped the automobile of a spectator, his car then crashing into the Phillips car. Miss Davis was an occupant of the car which was first hit. She was said to have fainted when the Cockerham car struck the Phillips car, and was still unconscious when admitted to the hospital.

Cockerham, Deputy Hurt stated, was travelling at a fast rate of speed when the accident took place.

330 TEACHERS ARE ALLOTTED

Surry Teachers for Coming Term Prove Increase Over Last Year

A total of 330 teachers have been allotted Surry county for the next school year, figures released by the state school commission show.

These teachers will be made up of 64 white high school teachers, 181 white elementary teachers, 14 elementary negro teachers, all in county schools, while the remainder will teach in Mount Airy schools.

Since the teachers are allotted by districts it is understood that no new jobs will be open, although there is an increase in the total allotment for Surry county this year. Last year attendance and other causes brought a number of suspensions and lay-offs on a number of school faculty lists. Thus this year many of these formerly-employed teachers will be given work and no new applications will be in order.

Record Crop of Tobacco Forecast

(Continued from page one)

tion of 124,514,000 pounds compared with 107,651,000 harvested last year.

Commenting on the flue-cured estimate, J. B. Hutson, assistant AAA administrator, said it was by no means assured that much cigarette type tobacco would be harvested this year.

He pointed to three factors, enumerating these as a very high estimated yield by acre which he said could change materially; use by the crop reporting board of higher acreage estimates than those calculated by the AAA, and the likelihood farmers would not harvest all they produced if a large crop depressed prices.

Hutson added, however, the huge flue-cured estimate made a farmer election on marketing quotas to restrict sales probable for 1940. The growers rejected sales limitations on their 1939 crop in a vote last year.

The total tobacco estimate of 1,654,622,000 pounds on an acreage of 1,802,500 acres compared with a total harvest of 1,378,534,000 pounds last year, on 1,602,800 acres, and a 10-year average from 1928-1937 of 1,360,400,000 pounds. The average yield per acre was indicated at 918 pounds this year compared with 860.1 pounds last year.

SCHOOL BUDGET SET BY BOARD

Total of \$22,208 Allotted by Commissioners for Current Expense Fund

IS SAID INADEQUATE

The school system of Surry county will be allowed \$22,208 on its current expense budget for the coming school term, according to figures set up by the Surry county board of commissioners.

Superintendent John W. Comer termed the figure "entirely inadequate" for the needs. It is said to be slightly below the anticipated revenue for current school expenses. The Surry schools are expected to derive \$25,092 from the lawful sources of fines, forfeitures, dog taxes and reimbursements for home economics courses and instructions.

However, there will be no surplus due to this discrepancy between the 1939-40 budget and the anticipated revenue, for the county commissioners ordered Supt. Comer to use the additional \$2,784 for the purchase of two new school buses for use in the county schools.

Vaccination Clinics Scheduled for Yadkin

The Yadkin County Health Department is offering protection against typhoid fever and diphtheria. Three treatments of typhoid and at least one of diphtheria vaccine are necessary. Each is harmless, practically a certain preventative, and almost painless. Neither causes an open sore. This protects you from typhoid fever for three years, from diphtheria for life in 90 per cent of the cases.

Dr. E. S. Grady, assistant health officer of the 4-county health district is concluding a vaccination clinic at Hamptonville, which has been attended by over 400 people.

Another clinic will begin in the nurses' office in the courthouse at Yadkinville, on Monday, July 17th, at 2:00 P. M., and will continue for four successive weeks.

All people who need vaccination are advised to attend the clinic or to seek the services of their family physician.

SUIT AGAINST TOWN SETTLED

(Continued from page one)

North Bridge street was widened from 16 to 30 feet, and paved. In order to widen the street it was necessary for the town to use the property on Mr. Graham's side of the street. As a result, Mr. Graham made an agreement with the board of commissioners and the mayor in office at that time to allow him damages in an amount equal to one-half of the street assessments levied against that portion of his property.

However, as time passed the board changed members without Mr. Graham being credited with the amount as said agreed upon. It was later taken up with the board, the members of which had no part in making the agreement, with the result that it was put into court in form of a suit for a court decision.

In the court's decision, the \$733.94 represented street assessments due on the property adjoining the road. The title to the 12-foot strip of property covers that portion of the street which is now paved, but to which the town has not had a title.
