

# TONSIL CLINIC DATES NAMED

Forsyth County Health Staff to Assist in Clinic in Yadkin County

## CHANGE IS ANNOUNCED

Boonville, August 15 — Mrs. Jamie Leake Messick and Miss Laura Niblock announced here today definite dates for the annual Yadkin county tonsil clinic. The clinic will be held at Yadkinville school building, September 6th and 7th (Wednesday and Thursday). The nurses announce that the clinic will start early on both days.

Both nurses expressed desires that all parents who wished to have their children's tonsils removed see their family physician for the child's physical examination. It is very important that the family physician has the child's name on his list of prospective clinic patients that can be taken care of in the two days of clinic work will be taken from the list that the doctors in the county turn over to the health department. No child that hasn't been examined by the local physicians will be accepted, unless it is an exceptional case. Mrs. Messick pointed out in discussing the number of children that could be taken care of that each county doctor would be allowed so many patients. Fifty children will be

all that can be taken care of in two days. It is due to this limited number that can be cared for that the nurses urge all interested parents see their family doctors and make early arrangements to get the clinic service. There is a charge of \$12.50 for each patient.

The entire Forsyth county health staff will assist in the clinic. This includes four doctors, Dr. Hege, Dr. Webster, Dr. Sawyer and Dr. Grady, and all of Forsyth's nurses.

Miss Niblock announced a change in the place of the Yadkinville venereal and typhoid vaccination clinic for next week. The clinic will be held at Dr. Brandon's office due to the fact that the August term of Yadkin court will be in session at that time. Those clinics will be held at the regular time Monday afternoon. The clinic for maternity cases which is held every fourth Wednesday morning at the court house will be held at the Yadkinville Baptist church August 23. All women who are not under the regular care of a family doctor, or those who are sent by a physician, are being taken care of at these clinics.

Home visits are on all cases examined, and advice upon proper diet and other important topics is given from time to time. The maternity clinic for expectant mothers meets at Boonville every second Wednesday morning.

The nurses advised that all typhoid cases had been cleared up, and quarantine signs have been taken down.

## TIRES RECOVERED, MAN IS ARRESTED

 COUNTIES DESIGNATED FOR TENANT PURCHASE LOANS DURING FISCAL YEAR 1939 - 1940.

Shown in white above are the 50 new North Carolina counties where the Farm Security Administration, U. S. Department of Agriculture, has just made loans available to tenant farmers to buy farms under the Bankhead-Jones Farm Tenant Act.

Loans also will continue to be made in the other 50 counties, bringing every county in the state under the Tenant Purchase program. Shown in black are 33 counties where the program was started last year. The remaining 17 counties, diagonally hatched, were the first to be designated in this state year before last. In the old counties numerals indicate the number of loans already made to buy farms.

In a gradually increasing program Congress has appropriated \$40,000,000 for Tenant Purchase for this fiscal year. Of this amount the Secretary of Agriculture, last week, allotted \$2,102,533 to North Carolina. This will enable about 443 industrious farm tenants to buy and improve farms in this state.

Applications for loans to buy farms should be made to the nearest FSA County Supervisor. C. O. Pickle, Dobson, N. C., is county supervisor for Surry and Yadkin counties. His office is located in the court house.

signed by Neaver Scott and was bound over to court by Squire J. A. Matthews. He is scheduled for trial next Tuesday.

Then the search started for Erskine Grier Lackey, who is charged with rape in a warrant signed by Treaver Scott. State Investigator Guy Scott was called in on the case when it was heard by local officers that Lackey had joined the army. Scott learned that Lackey had joined the navy and asked naval authorities to help get him back. They contacted officers at Norfolk and they made a dive for him but he had sailed out of Norfolk four hours ahead of them, headed for the Panama Canal. Ship's officers were contacted at sea and they have promised to turn him over to officers at the first port of entry. He is still on the high seas between Norfolk and Panama Canal Zone.

In her affidavit Treaver Scott states that the two men drove her and her sister into the woods against their protest. She was dragged from the car, carried farther in the woods where Lackey took off all his clothing and forced her to take off most of hers, telling her he would kill her if she screamed. He then assaulted her twice, according to her story to officers. Cranfill, who stayed in the car with Neaver Scott, was unsuccessful in his attempted assault.

Dr. J. R. Pinney, of Boonville, examined both girls. He stated that Treaver Scott had been assaulted, but that Neaver had not.

Sheriff Inscore states that the two girls have an excellent reputation in their section, and nothing bad had ever been heard of their conduct.

## MEN'S SHOP ENLARGED, NEW FIXTURES ADDED

The store has been lengthened and new, attractive fixtures installed, making available more room for the large stock carried, and making possible more attractive display.

Work of enlarging the store was completed last week.

Next year's reunion will be held the second Sunday in August at the home of J. W. Hudspeth.

department. This case has created a lot interest in the county and this section. Vestal is jailor by virtue of a bill introduced by Representative Frank Woodhouse. Vestal took charge April 1. The Sheriff claims the bill appointing Vestal is defective and is contrary to the general spirit of the law, which gives the sheriff complete charge of his jail as a part of his duties.

At the same session of the general assembly Woodhouse introduced "with pleasure" a bill to take all control of the Wilkes county jail away from the county commissioners of that county and put it in the hands of the sheriff, the bill being almost a direct contrast to the Yadkin bill.

Other interesting cases on the docket, in which the public is interested is the indictments of three men for violation of the election laws. They are Thad Shore, W. D. Holcomb, and J. S. Thomason. The cases will be tried Thursday, according to the calendar.
