### Virginia Anne Craver Is Hostess to Boonville Y.W.A.

The Y.W.A. of Boonville Baptist church met with Miss Virginia Anne Craver in its regular August meeting.

The topic for discussion during the evening was "The Problems of the Orient." This general topic dealt primarily with the Sino-Japanese war and how it had affected the Chinese country, physically, financially, spiritually and otherwise.

The program opened with a song, "Tell Me the Story of Jesus" by the entire group. Sentimental prayers were offered. Devotional reading, taken from John 12:20-22 was given by Mrs. Robert Transou. The theme of

this reading was "Sir, we would see Jesus."

A short business session was held in which it was decided to give a special business meeting on Tuesday night, September 5, on State Missions. This meeting will be held with Mrs. Wendell Hinshaw at the home of her father, Mr. John Brendle. The regular meeting will be held Tuesday night, September 12, at the home of T. L. Hayes, with Miss Marie Hicks as hostess to the group.

Those on the program included Marie Hicks, Jane Doub, Mrs. Allan Jessup, Mrs. Watt Deal, and Miss Virginia Anne Craver. In their talks they gave the militaristic, economical, educational, national, and spiritual outlook of the Chinese people.

The discussions brought out the contrast between the two great nations of the Orient. It shows a doggedly struggling China that has found a new respect for herself through the heroic struggle that she has put up in the face of overwhelming odds against a superiorly equipped nation to preserve her people's integrity and peace, in contrast to a fiercely attacking Japanese army that is gradually selling out the soul of its people in a herculean and desperate effort to gain the whole of the Orient world. China is visualizing a new nation as the result of the war, a nation that will efficiently meet the peculiar needs of the Chinese people without outside interference.

Spiritually, a greater change has been made in China than in any other way, it was brought out. The change was brought about as a result of the terrible sufferings and punishment that the people have gone through.

Militarily speaking, it was shown that the greatness of China was too vast for the Japanese army to ever conquer, and in the economic and educational life which Japan tried to stamp out by bombings, it was pointed out that always new factories and new universities have sprung up to take the place of those that have been destroyed.

### Women Agree 93%!

If 93 out of 100 users picked at random declare they were helped by a medicine, would you believe in its merit? That happened among women of 12 Southern states who were questioned about CARDUI. As a good stimulator of appetite and aid to digestion, CARDUI assists women to build up resistance and so helps them avoid periodic pain of functional dysmenorrhea due to malnutrition.
