SOMETHING NEW!

## SLENDERIZE!

Reduce Weight and Measurements ...

Dear Madam:

We are proud and happy to invite you for inspection of our new Slenderizing Salon, which features the equipment and service of the nationally famous Ray Beam Beauty Builder system.

See for yourself why the modern woman, whether she is 16 or 60, can remain socially and professionally successful, despite hard work and long hours. No longer does she need to be afraid of becoming fatigued because she is carrying around a heavy load of excess weight, nor does she need to rely on the bone corset to draw in her bulges. Instead of wearing frocks to give the illusion of slenderness, every woman who gets rid of superfluous weight can wear dresses that emphasize and reveal the lines of her figure. It is possible to slenderize without strenuous exercise or starvation diet. It is done now with passive massage, adjusting weight and measurements automatically in accordance with well defined requirements. The equipment is devised to take off pounds and inches without exertion. This system of slenderizing is to your figure what the finest perfumes and cosmetics are to your complexion.

Miss Ruby Hendley, a trained nurse, who has had special training in Massage at Richmond Medical College, will operate our Beauty-Builders.

We hope that you will accept our invitation to get full information as we are certain that you will thoroughly enjoy the visit.

Assuring you of every courtesy, we are,

Cordially yours,
