## "Miss Barbizon" To Be at Local Store October 16

Miss Jane Bradley, traveling stylist for the Barbizon Corporation of New York, has arrived in town and will be at the Sydnor-Spainhour's store on Monday, October 16. "Miss Barbizon," as she is called by the store and her friends here, brings us much fashion news of timely interest. "Curves are the thing," said Miss Barbizon, and women are advised to stop dieting and start exercising to achieve a small waist and rounded hips. Fashion has staged its own revolution this season with a complete departure from the loose, sports-type dress toward the fitted costumes you see in the old family album. Now, more than ever, it is important to wear a slip that fits underneath these new dresses if you want the corseted look so important to smart women. Bias cut slips mould to the individual figure and are best for many women, although the straight cut and the four-gore are recommended for special figure types. Miss Barbizon can "size up" any woman and recommend the right type of slip for her.

Colors are more vibrant than before. Pink Champagne is new and Fuchsia slips and petticoats are enjoying a vogue. Worn with this season's grape tones they are practical and most effective. Miss Barbizon's visit is a brief one but she will have time to

show the new fashions and colors in slips, gowns and pajamas to all who will visit her.

**EARLY TRAINING**  
Commuter—I attribute my success to the fact that I was always the first man at the office. For 20 years I have caught the 6:15 train into the city.

Jawson—Ah, I see. It was due to your early training.

"Your wife's a pretty good driver, isn't she?"  
"She would be if the road turned when she did."
