

SHOULD WATCH FOR BLUE MOLD

Damp, Cloudy Weather Is Favorable Condition for Spread

WAYS OF TREATMENT

The first appearance of Blue Mold of tobacco comes at about the time the dog-wood begins flowering. Growers should not wait until the disease has made its appearance before they begin treatment as delay often causes heavy losses. Damp, cloudy, and cool weather makes a more favorable condition for the spread of the disease. A close watch should be kept on tobacco plant beds and at the first signs of blue mold the necessary steps should be taken to control the disease. It is often advisable to begin treatment before the disease is observed, particularly if the disease is in the community because it strikes suddenly under favorable conditions.

There are three methods of treatment which are satisfactory if properly carried out, and it is for the grower to judge which would fill his need most adequately. Benzol fumigation, par-

adichlorbenzo l fumigation and the spray treatment of red copper oxide, cottonseed oil and water have proven the best control methods. Due to the length of descriptive information the details are omitted. However, persons wishing information pertaining to the control treatment of blue mold are requested to write for a descriptive circular or call for the circular at the county agent's office in Dobson. The circular is for free distribution to the public and it contains much valuable information regarding the control of blue mold. The circular is Extension Circular No. 229 entitled "Blue Mold of Tobacco and Its Control."

TO HOLD SALE OF GUERNSEY CALVES

There will be a sale of pure bred Guernsey calves on Friday, May 3, 1940. The sale will take place at the Grassy Grove Guernsey Farm owned by Mr. M. F. Shore, Cycle, N. C., Yadkin county. The farm is located 1 1/2 miles west of Eerooks Cross Roads on U. S. Highway 421. The sale will begin promptly at high noon. There will be 21 heifers offered for sale. These animals are consigned from small herds in North Carolina that have been using good herd sires with high producing ancestors. All animals are from T. B. and bangs-free herds, or have been tested in the past thirty days.

The public is invited to attend this sale. Lunch may be secured at the farm.

FREE MOVIE AT LYRIC THEATRE THIS MORNING

"Blame It on Love," a motion picture starring Joan Marsh and John King, will be shown at the Lyric theatre this morning (Thursday), beginning at 9:45, under the sponsorship of the Duke Power Company.

Tickets to the movie may be obtained free of charge at the office of the Duke Power Company on West Main street.

The movie, produced by Hotpoint, is a feature-length production dramatizing the trials and problems of a swing songstress who turns housewife. It is said to be intensely interesting from start to finish, and housewives of this entire section are urged to see it as the guests of the Duke Power company.

Drinking drivers killed 117 people in North Carolina last year.

Announcing the Candidacy

— of —

Martin Bennett

— FOR THE —

LEGISLATURE

Believing absolutely in the government of Surry County for Surry County's people and by Surry County's people, I have filed as a candidate for the state legislature, and I take this opportunity to express to the people my views on several pertinent problems. I want to say that—

I am opposed to the state of North Carolina charging Surry County's farmers a license fee to hunt on Surry County land, since the farmers are practically the only protectors of the game animals and birds.

I am opposed to the state of North Carolina, while boasting of a \$50,000,000 surplus in its highway funds, charging the people of Surry and the entire state more than \$5 for an automobile license while the state continues to leave thousands of "red road drivers" in the mud of winter and the dust of summer.

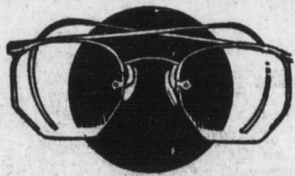

I am opposed to the method now being used by the state of North Carolina in forcing our farmers to drive long distances to secure a permit to burn one brush pile in his own backyard.

There are other vital issues upon which I will express an opinion during the coming weeks, and I will welcome letters, cards or other communications from the citizens of Surry County who are interested in remedying some of the governmental evils that now beset us.

(Signed)

Martin Bennett.
