ONLY QUALITY ELECTRIC RANGES  
HAVE ALL THESE "KITCHEN TESTED" FEATURES

Automatic Oven Heat Selector combines oven switch and thermostat setting in one unit. Foolproof . . . automatically switches from "Preheat" to "Bake" without attention.

Econo-Speed Unit — world's fastest and most economical cooking unit . . . and only QUALITY has it. Boils water in 2½ to 3 minutes. Saves as much as 50 per cent. on current costs.

"TK" Unit is tubular type with spirals of flattened tubing enclosing wire insulating materials. Controlled by 5-heat switches. Easy to clean. Immune to spillovers.

Deep Well Economy Cooker with 1,000-Watt 5-heat unit. High temperatures for deep fat frying. Simmering speed low enough for foods that must not boil.

Chromalox Unit with heating element sealed inside flat metal rings. High speed, high efficiency surface unit with 5-heat switches for high, medium, low, very low and simmering heats.

Chromalox "Heat Flo" Unit — a one-ring unit of special alloy casting guaranteed not to warp. 5-heat switches provide a wide range of cooking heats. Fast, current-saving, trouble-free!
