Here's what's happened to Gulf Gasolines

There is a scientific test, employed by us and by many of our competitors, that is used to determine the anti-knock value of a motor fuel. According to that test, the figure above represents the old GOOD GULF—famous as one of the finest gasolines in America!

But look at the NEW GOOD GULF! This is a fair comparative measurement of the tremendous improvement in this great gasoline. GOOD GULF has been so greatly improved that it now surpasses North Carolina specifications for premium fuel... yet it costs you not one penny more!

An equally sensational improvement has been made in GULF NO-NOX. This figure shows the rating of the old NO-NOX, then one of the super-fuels of its day and KNOCKPROOF under all normal driving conditions.

Now look at the NEW NO-NOX! Tremendously better than even the old NO-NOX, it by far exceeds North Carolina specifications for premium fuels. Why not try a tankful of this super gasoline today?

Better try these Better Fuels!

BOTH GOOD GULF AND GULF NO-NOX EXCEED NORTH CAROLINA SPECIFICATIONS FOR PREMIUM FUELS!

RESOLUTIONS OF RESPECT

Whereas, Almighty God in his infinite mercy has seen fit to remove from our midst two of our beloved sisters, Mrs. Carolyn Newman Caudie and Naomi Ruth Vestal,

Therefore be it resolved by Elkin Valley Baptist church:

First, that we humbly bow to the will of Him, who doeth all things well.

Second, that in the passing of these, the Church has lost two devoted and loyal members.
