If Wife Works Her Husband Can't Claim Her As a Dependent

Washington, Sept. 21 — Army officials made it plain today that married men will not be exempted from the draft simply and automatically because they are married.

In each individual case, that point is to be decided by the local draft board on its own merits and, if necessary, after an inquiry as to whether the wife or other dependent is actually dependent upon the draftee's earnings for a livelihood. Thus, private means of income and such questions as whether the wife has a job apparently are to be taken into consideration.

Officials of the selective service system reversed a previous opinion to set this forth today.

BUILDING & LOAN TO OPEN ITS 74th SERIES

A program of systematic savings is suggested by the Elkin Building & Loan Association as the association announces the opening of its 74th series on Tuesday, October 1.

The local association has enjoyed many years of success since its organization here approximately 30 years ago, and continues to prosper as the years go by. It is under the capable management of a group of Elkin and Jonesville business men, who are as follows: J. R. Poindexter, E. F. McNeer, F. M. Norman, W. C. Cox, C. S. Foster, S. G. Holcomb, J. L. Hall, H. P. Graham, and Paul Gwyn.

J. R. Poindexter is president; F. M. Norman, vice-president, and Paul Gwyn, secretary-treasurer.

McCOIN-YOUNG CLANS HOLD ANNUAL REUNION

Members of the McCoin and Young families met in fourth annual reunion Sunday at Grassy Creek church, north of Elkin, for an all-day program and picnic dinner. Approximately 250 relatives and friends of the two families, many from distant states, attended the gathering. Rev. Mr. Cooper, of Thurmond, was the principal speaker for the morning session. The afternoon was spent informally. A bountiful dinner was served at the noon hour.

SURRY WEED CROP MAY REACH 9 MILLION LBS.

Surry county farmers planted approximately 11,000 acres of tobacco this year and will produce between 8,000,000 and 9,000,000 pounds of tobacco, R. R. Smithwick, county agent, estimated a few days ago.

The Surry tobacco farmers cut their crop from 15,500 acres in 1939 to approximately 11,000 acres this year.

The 1940 crop is regarded about average in quality, the county agent reported. The county was hard hit by
