Silver Medallion Is Gift Feature

Shoppers this year can get something special when they buy an electric refrigerator as a Christmas gift for their wives or mothers. This special feature is a sterling silver gift medallion, fastened to the door, that becomes a permanent part of the refrigerator. According to dealers offering the electric refrigerator using the silver medallion, this attractive memento may be engraved with an individual name or may be attached with the words "Christmas 1940."

NEWSMAN SAYS U. S. NEEDED TO WIN WAR

New York, Nov. 26—William H. Stoneman, London correspondent of the Chicago Daily News, said today it was his "personal opinion" that Great Britain would not be able to win a decisive victory over Germany unless the United States dropped its neutral status and joined the war as a full-fledged belligerent.

Speaking before the 32nd annual convention of the Associated Grocery Manufacturers of America, Stoneman added: "I am not suggesting that the United States go to war. I simply say that in my personal opinion, Britain will not win the war alone."

"This war is going to be won against Germany—if it ever is won—by tens of thousands of aircraft, hundreds of destroyers and millions of tons of fresh shipping," he said.

He asserted the United States was the only nation friendly to Britain which could produce the necessary quantities of materials, but, he added, "even the United States can not supply the necessary quantities unless it is willing to apply itself 24 hours a day and to make stupendous sacrifices of money and energy."

STATE PREPARES ACCIDENT MAP

Raleigh, Nov. 26—To facilitate the elimination of hazards, the state highway and public works commission has prepared a map showing the sites of accidents between July 1 and October 15.

The map, made by J. S. Burch of the engineering and statistics department, is peppered with 1,000 dots which, officials said, show that the bulk of accidents occur in semi-urban communities just outside cities.

Plans call for the map to be continued on the basis of information furnished by the highway patrol and highway department officials.
