Germans No Longer See Prospects of Break In Alliance Of United Nations

EXPECTING INVASION

London, May 3. - Germany warned her European satellites today that all hopes for a compromise peace has been abandoned, and Swedish dispatches said the Nazi High Command, gambling desperately for a victory in the west, has shifted 50 divisions from the Russian front to meet the impending Allied invasion.

The German Transocean News Agency declared in a broadcast to the Continent that there no longer is any prospect of a break in the Anglo - American - Russian alliance and that Germany is braced for climatic land battles in the east and west.

"The invasion and the final battle in the east will take place shortly," Transocean said, quoting a dispatch written by Fritz Theil, Berlin correspondent for a Bucharest newspaper.

"Nobody in Berlin has the slightest illusions about a compromise peace," the broadcast added.

Simultaneously, the German home radio warned its people that 'we are on the eve of decisive military events." "The German Reich is fully

prepared for these decisions and no preinvasion alarm can change even an iota of the measures that have been provided for the defense of the Continent," the

Meanwhile, The London Daily Telegraph's Stockholm correspondent reported that Germany has virtually split its armies in two through a huge transfer of men from the Russian front, massing 1,500,000 men in western Europe and 1,750,000 against the Soviet Armies in the east.

The shift, which doubled Germany's western Europe forces was made on the recommendation of Field Marshal Erwin Rommel, in, to succeed Col. Frank Knox, German anti-invasion Commander, the dispatch said, characterizing the move as "the greatest The convention also elected a military gamble ever made."

Says Couldn't Find Better Man For Navy Job

BURGIN ALSO FOR HIM

Surry County Democratic Convention Gives Him Unanimous Endrosement

IS FULLY QUALIFIED

Representative Robt. L. Doughton, veteran North Carolina Congressman, has gone on record as heartily endorsing Lieutenant Commander Thurmond Chatham, of Elkin, as a possible secretary of the navy to fill the vacancy created last Friday by the unexpected death of Secretary Frank Knox.

The name of Mr. Chatham as a man fully capable of holding the navy cabinet job at some future date was suggested by The Tribune in a front page editorial the latter part of December, last year.

Since Col. Knox's death from a heart attack Friday, many North Carolina newspapers have boosted the Elkin man as a likely choice for successor to the post, pointing out his qualifications both as an industrialist and as a

navy man. In endorsing Mr. Chatham, Congressman Doughton said that "some of us will certainly bring Commander Chatham's name to the President's attention." He was high in his praise of him, declaring that "the President couldn't find a better man for Secretary of the Navy if he searched the

country over." "Chatham is an experienced navy man for one thing," Doughton said. "He is also a born businessman and a good organizer. He is extremely successful in getting along with all types of men. He has every qualification for an efficient Secretary of the Navy."

Representative William O. Burgin, of Lexington, also praised Mr. Chatham, saying that he was a man who could fill capably the high naval position.

Unanimous home-county endorsement on the part of Surry Democrats was given Mr. Chatham last Saturday at the Democratic convention at Dobson.

Jaycees Are To Conduct Drive For Scrap Sunday

The Elkin Junior Chamber of Commerce will conduct another scrap drive for the collection of waste paper and tin cans Sunday afternoon from 2 p. m. until 5 p. m.

Inasmuch as no extra gasoline has been allocated for the drive, local citizens are asked to cooperate 100 per cent in putting out their scrap, in a convenient place so that there might be no waste motion in the collection.

A representative of the WPB who was here recently stated that the need for scrap of this nature is vital, and although the local Jaycees have already collected a total of 50,000 pounds in Elkin, Jonesville and Arlington, the need will continue to increase during the next two months.
