

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

THE CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney, and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty-cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage. Mention THE ELKIN TIMES and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

A. P. Styers, Postmaster at Rural Hall, this county, died March 8th at an advanced age, leaving a wife and eight children. The office at present is conducted by the family until an appointment can be made. We hear the names of S. A. Vest, Esq., L. T. Long and others mentioned in connection. It would seem, under the circumstances, that who ever is to be the lucky nominee will not have long to wait.

YADKIN DEPARTMENT

—CONDUCTED BY—
CHAS. H. STONE, BOONVILLE, N. C.
—EDITORIAL.

If Spain does not want war, let her withdraw her jurisdiction over Cuba.

In case there is war, will Uncle Sam annex Cuba when she is liberated?

The South needs a Federal prison, and Raleigh is the place for it to be located.

Congress vindicated itself and America's patriotism when it unanimously appropriated fifty million for defence.

Will the \$100,000 appropriation be secured for a public building in Winston? is now being agitated by Winstonians.

There are many persons in the North and North-west who desire homes in the South. Tell them that North Carolina offers as many advantages to good immigrants as any other Southern State.

North Carolina is not included in the new military department, of which Atlanta is headquarters. We belong to the Department of the East, of which Governor's Island, New York, is headquarters.

Should the Naval Committee of Investigation, appointed to ascertain the cause of the destruction of the Maine, report that the Spanish government is responsible for the disaster, no mercenary indemnity should compensate for it.

It is sincerely hoped that war will be averted, but the unusual activity in naval military affairs are almost enough to persuade us that war is imminent, if not inevitable. Though, if it should come, we will certainly be prepared for it.

Who is blame for the present turbulent state of affairs now existing in our country? Some inculcate Spain, others, the Spanish military officers for not suppressing the Cuban insurrection, while others, the Executive of the United States. Now, had Cleveland or McKinley acquiesced to the wishes of the American people or the demands of civilization by acknowledging the belligerency of Cuba, the wholesale destruction of life and property on that island, and the Maine disaster could have been averted.
