WINSTON, July 9 .- Col. Thos. Sutton. president of the Salem Cleveland Club, received a letter to-day from Hon. Grover Cleveland in response to one sent him by Col. Sutton, enclosing resolutions adopted by the Salem club.

CLEVELAND TO THE WINSTON CLUB.

The letter is in Mr. Cleveland's own handwriting and is as follows:

GRAY GABLES, BUZZARD BAY, Mass., July 6.

MY DEAR SIR:-I am glad to hear that there has been organized at Salem a Democratic club and since I am always pleased to be related in any way in a movement to advance Democratic principles,I desire to thank the new organization for adopting my name. I believe fully in the usefulness of such clubs and it seems to me that just at this time a "Cleveland elub" can be of great service to the Democratic cause in its locality. The Democratic cause in the present emergency is so fully identified with the welfare and prosperity of North Carolina that the work of your organization if efficiently performed cannot be otherwise than a patriotic service. This gives to its mission the greatest importance; nothing will make me believe that our Southern people will allow themselves to abandon the shelter and pro-

tection which they know so well is afforded by upbuilding the principles of true Democracy. Wishing for your club the

PITTSBURG, July 9 .- In an interview at 2 o'clock this afternoon Secretary Lovejoy, of the Carnegie Steel Company, stated to a reporter of the United Press: "There is nothing new to-day-nothing This is the first day since the beginning of the disturbance that I have had an apportunity to do anything at desk work, and I am very busy. Captain Nordrum, of the Pinkerton service is, I believe, in the city and is here to attend to Capt. Hindes' business. He does not come to take the places of four former employes at Homestead, because we are, just at present, unable to give them assurances of protection. We have, however, had applications from a great many, that in the aggregate number, about 2,000 skilled men. We have no communication whatever with the government on this matter; consequently have heard noth-ing from him. We only know the sheriff is here and we have no recent report from him.

The matter of recovery from Allegheny county has not yet been taken up for onsideration.

PITTSBURG, Penn., July 9 - The sun never shone on a more peaceful community where a strike was on than it did when it made its appearance over the

hill-tops this morning and looked upon Homestead. It is as quiet to-day as a country village, and the many people who put their heads from the regular trains and expect to see a mob armed to the teeth receive the greatest disappointment of their lives. Instead of an exciting scene, they see a few pedestrians and here and there a group of three or four men conversing quietly. Business is resumed and the bar rooms, which were

A BIG REDUCTION IN RATES THE RAILWAY COMMISSION DOES 600D.

to Animals-The Union Railway Depot at Raleigh-Chairman Eaves' Address. Special to the Observer.

RALEIGH, N. C , July 9 .-- The railway commission has certainly secured a big reduction in railway rates on cantelopes in crates. The rate has been from 85 cents to \$1.30. It is fixed now at 50 cts. to 70 cents.

Col. A. B. Andrews and Maj. J. C. Winder have appeared before the commission in regard to the assessment of the railways for taxation. The statement of the assessments will be made public on or before August. The law so requires.

Seven members of the family of the late John H. Bryan, of Releigh, returned yesterday from Brazil, after an absence of 25 years. They speak good Eng-lish. The family has many relatives in Raleigh, and will live here.

A terrible case of cruelty to animals was brought to light yesterday. William Crenshaw, a negro 62 years old, put broken glass in corn which he gave the mule of Mr. W. H. Ray, of this county. The mule will die and is now suffering intensely. Crenshaw is in jail. He denies the crime. He attempted to escape soon after his capture.

J. S. Ellis, of Wilson, was today appointed a notary public.

Mai, Winder was asked today when Raleigh's new depot would be ready. He said he hoped it would be ready in two weeks, but may be it would be longer. The rails to be used for the Richmond & Danville Railway's two tracks into the station were ordered yesterday. The Seaboard Air Line tracks were laid some time ago, but Maj. HOMESTEAD, July 9 .- The big strike is the only thing thought of and every one, from the school boy to the business man is giving the situation a most thorough consideration. What is puzzling the people of this station is how certain proposed steps will affect the men. It is generally believed here that the sheriff can take possession of the mill if he wants to and if done under conditions set forth by the men, not the least trouble

The majority of the men say that it is not necessary for the sheriff to take charge, as they claim the men have not taken possession of the company's property and the company's watchmen are in charge of the plant. If the sheriff comes here and takes charge what good will it do? The company cannot operate the plant as long as the men can prevent it, and they say the sheriff cannot

RETURNS of the BRITISH ELECTIONS.

The Indications Now Are that the Liberals Will Fall of a Majority Some Surprising Results at the Folls.

LONDON, July 9.-The elections to-day have raised the spirits of the Liberals the net Liberal gain now being thirty The total number of members elected up to this time is 400. Of these the Conservatives have elected 189 and the Lib eral Unionists 26, making a total for the Tories and Liberal Unionists of 215 The Liberals have elected 158 members, including abor candidates; the Irish anti-Parnellite Nationalists have elected 23 and the Parnellites four members. Adding the Liberals, anti-Parnellites, and Parnellites together, makes a total of 185, so that the Conservative Liberal Unionists' alliance leads all the opponents by 30 votes.

The agricultural voters, as had been oped, came in a degree to the rescue of he Liberals to-day, and gave the party ains in South Northamptonshire, Wiltshire, Bedfordshire, Devonshire and Houcestershire. Nothing could be more hair-raising for the higher classes than the

indifference with which the plodders of the field-but a few years ago but little better than serfs--ignored title and fam ily position and prestige in casting their votes. They mowed down the Viscount and the Squire, and showed an independence of which the average shopkceper in England is wholly incapable. Λ nificant feature of to-day's Liberal gains is the swinging back into line of old Liberal districts, like Biggles, Wade, Travistock and Stroud. It is clear that the scare about home rule no longer influences unfavorably to any serious degree voters otherwise inclined to the Liberal party.

In Ireland the conservatives to-day made their solitary gain. They elected their men in North Fermanaugh, thanks to nationalists' dissension. The anti-Parnellites succeeding in pulling in their men in place of Parnellites in several districts. Sir Thomas Henry Grattan Es mond is defeated in Dublin, being accommodated with the seat of West Kerry at the expense of Mr. Edward Harrington, Parnellite, who has occupied it. The defeat of Mr. J. J. O'Kelly, in North Roscommon, removes a man of no ordinary ability from Parliament. Mr. O'Kelly himself organized his campaign and con-

ducted it with admirable courage, but the anti-Parnellites were too much for him

SAN FRANCISCO, Cala., July 9 - The Giant Powder Works at Highlands, nea Berkeley, blew up at 9:30 this morning San Francisco was shaken as if by at carthquake and windows all over the city were shattered. The buildings took

The inhabitants of Oakland and Alenda were panic stricken, and thousands sought refuge in the streets. The damage done in San Francisco is found to be greater than was first supposed. Many buildings were so badly wrecked that it will be accessary to give them a thorough repairing in order to put them in condition or use again. The front of the jewelry store on Third
