o wrap up her body and warm up her toes, Fat toes, fat toes, God keep her: or bonnets and bows and sliken clothes, To eat her, and drink her and sleep her, God keep her, To drink her, God keep tor, And sleep her,

She grew like a target—he grew like a sword,
A sword, a sword, God spare her!
She took all the bed and she took all the board,
And it took a whole sofa to bear her,
God spare her,
To bear her,
God spare her,
To boar her,

ood like a turtle, he shrank like a pike A pikera pike, God save him! And nobody ever beheld the like, For they had to wear glasses to shave him, God save him. To shave him, God save him, To shave him,

She fattened away till she burst one day, Exploded, blew up—God take her!

And all the people that saw it say
She covered over an acre,
God take her—
An acre—
God take her—
An acre—
An acre.
An acre.
An acre.

Anony mous. INVITED TO GRAY GABLES. Mr. Cleveland Requests Mr. Stevenson to Visit Him in His Sammer Home.

Bloomington, Ill., Dispatch, 9th. Two days after the close of the Chicago convention Mr. Cleveland wrote a etter of congratulation to Mr. Stevenson, the vice-presidential nomince.

The letter conveyed the heartiest possible congratulations and well-wishes of the ex-President to the Illinois statesman. Last night, upon Mr. Stevenson's return from the conference at Chicago, he found awaiting him a second letter from Mr. Cleveland.

The letter, it is understood, was largely devoted to the plans for the meeting of Mr. Cleveland and Mr. Stevenson with the committee of notification in New York It also conveyed to Mr. Stevenson, Mr. and Mrs. Cleveland's invitation to visit them at their summer nome at Buzzard's Bay. It is understood that the invitation requested Mr. Stevenson's presence at Gray Gables upon the Sunday previous to the notification, and asked him to give the Cleveland family his presence as long as possible. Mr. Stevenson was quite ill last night,

suffering from a bilious attack, and Mr Cleveland's letter, in consequence, is as yet unanswered. Mr. Stevenson will, however, beyond a doubt accept the invitation. He was reported as being much better this evening.

Mr. Cleveland's invitation to Mr. Ste-

venson includes also his family, and they are requested to accompany the Cleveland family from Buzzard's Bay to New York on Mr. Cleveland's private yacht.

The Next Senate. Philadelphia Times

The United States Senate is now politically divided into 47 Republicans, 39 Democrats and 2 Farmers' Alliance, or

now People's party.

New Senators will be chosen for the next Congress in California, Connecticut, Delaware, Florida, Indiana, Kansas, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Jersey, New York, Oregon, Pennsylvania, Tennessee, Texas, Vermont, Washington, West Virginia, Wisconsin and Wyoming. It is fair to assume that one-half of all the States which are to elect Senators are more or less doubtful, in view of the general confusion of parties.

If either party shall elect a President by the people, the one that shall thus succeed will certainly control the Sen-ate. If Cleveland shall be elected in November, the present Senate would at dered by the knowledge that the Hatch once cease to be Republican, and if Harrison shall be elected, the Republicans would be likely to hold their nominal majority and make it available for most party purposes. In politics there is nothing successful but success, and renewed Republican executive authority for four years more would hold the wobbling and doubtful Senators in some way

within the party lines. There are full half a score of Senators in the West who would throw off the Republican harness at once with the overthrow of Republican authority in the nation; and as the revolt of three end Republican control of the body, it will be seen that even the next session of the present Congress may find both the great parties of the nation in the minority. Never since 1860 were there such general doubt in the future political status of the United States Senate, and these doubts can be resolved only by the popular verdict in November next.

Mrs. Shober to Retain Custody of the Children, but the Father May See Them. Poughkeepsie, N. Y., Dispatch, 9th.

Judge Barnard to-day handed down his decision in the habeas corpus proceeding brought by the Rev. Francis E. Shober, the deposed Episcopal clergy-man of Barrytown, N. Y. The proceeding was to compel Mrs. Shober to permit her husband to see their four children when he so desired. After decid ing that the mother should retain possession of the children, Judge Barnard

"From the case, as made by the pleadings of the parties and from the evidence given thereunder, the mother is the best enstodian of the children, both in respect to their tender years and also because the expectations in life of the children will be apparently best promoted thereby. The custody of the children is, therefore, given to her. The father has a right to see the children, and the order will provide for the exercise of such right at such times and places as shall be fixed, after hearing the parties, by the order."

Might Have Known the Hardins.

Courier Journal.

A respectable-looking colored man of the old school was standing near the family carriage, on Fourth avenue, the other day. He was gazing at the display of laces in the windows when a seedy white man, who looked as if he was about to beg, approached and said

"How do you do, Uncle?"
"Howdy, sah?" responded the old fellow, lifting his hat. You were born in Kentucky, were you not?"

"Yes, sah." "Didn't you once belong to the Har-

"Yes, sah." "I used to know the Hardins," said

the tramp, getting ready to make his re-"Yes, sah; dey waz lots a people dat knew de Hahdins dat de Hahdins didn't

know;" and he proudly opened the carriage door to allow his mistress to enter. Cleve and Steve in Buncombe

Asheville Gazetto. On Thursday at Candler's, the wife of Mr. Monroe Null gave birth to two boys which were at once named respectively Cleve and Steve. All are doing well, and

rather a longer interval than usual be-Gen. E. W. Moise, of Sumter, is a candidate for Congress in the seventh district of South Carolina.

Mrs. Craudall to New Tired of it and Wants Divorce. ence H. L. Dispatch to New York Sun The divorce court records here will

soon receive a very peculiar petition from Mrs. Sadie Crandall, the wife of the from Mrs. Sadie Crandall, the wife of the Rev. Walter Crandall, a Michigan minister, who will contest the seperation. Mrs. Crandall took the initial steps this morning to secure an absolute divorce. She is 32 years old, and a propossessing woman. She has been married nine times within eight years, the preacher being her first and also her ninth husdand. He is also her second, third, towth, fifth, sixth, seventh and eighth published.

According to the statement of the pe titioner, Mr. Crandall is a marriage ma nisc. That is, he is ever seeking to be matried, never insisting on a new bride, but being perfectly content with Mrs. Crandall in that role. Owing to this matrimonial mania, Mrs. Crandall says her married life has been a long and harrowing honeymoon.

This remarkable couple were first married in Lansing, Mich., according to the forms of the Methodist Church. The old world was selected for a honeymoon tour, and while in Dublin the clergyman told his bride he thought their marriage was not ecclesiastically perfect, because the parson who united them had not been ordained by the Apostolic imposition of bands. He held that this was absolutely necessary, and he made arrangements for another marriage in St. Patrick's cathedral in Dublin. Mrs. Crandall considered her husband over scrupulous, but she assented to the second ceremony, and there was another marriage. Mr. Crandall then learned that St. Patrick's had once been a Catholic cathedral, that the mass had been sung there, and that the cathedral had not been dedicated since it ceased to be used for Roman Catholic

worship. This omission the preacher held to be fatal, and another marriage was ordered. Then he forced her to be married on board ship by a Presbyterian preacher, the Rev. Giles Knight. Attendance at one of Col. Ingersoll's lectures convinced him that this was illegal, for there he heard John Calvin denounced. Marriages by Unitarians, Baptists, Spiritualists, and Swedenborgians followed, and then a year ago the wife, weary with the long record of marriages to the same man, left him and removed to this city, where she is now looking for a divorce. She has recently had letters from her husband telling her that he has ascertained that a Congregational marriage is the only one that has the endorsement of Heaven, and that if she will only consent to a marriage in the Congregational Church he will forgive her flight and promise that this shall positively be the

last nuptials that he will ask her to participate in. Mrs Crandail and her lawyers are now engaged in the task of gathering her marriage certificates, so that all may be presented to the court when the affair is brought up in the divorce case.

A Great Man.

Smith & Gray's Mouthly. Winnic-How nicely your trunk is packed! Did you do it yourself?

Mrs Newed—Oh, no; John packed it

for me. Winnie-How funny! I didn't know men could do such things. Mrs. Newed (proudly)-My husband can; he even told me that he packed a pri-

MARKETS BY TELEGRAPH.

Special to Harrison Watts. Commissi Merchant, 10 South College Street,

COTTON. NEW YORK, July 11.-Liverpool this morning showed successive advances to as much as 5-64, the market then holding very steady and closing at its best. Here, however, under the nervousness engenbill would to-day come up for consider-ation, there was not a full response and in addition Liverpool had large orders here to sell at limits which readily supplied the demand and served in the course of the day to force the decline which has transpired. It would seem as if a great many people who had contracts with the suspended house of last Thursday in Liverpool held their interest and the result was very free sell ing here to-day. With all this we doubt whether the market would have been depressed but for the fact that we are again upon the eve of a very important Senators in the present Congress would action and the suspense has brought with it considerable demoralization. The probable result in the Sonate is difficult to forecast and we can simply now await more definite information from that centre till it will be known what will come Manchester reports to day were decided ly better than they have been for a numper of weeks back. In addition, our friends have told us that the outlook on the continent seemed also better; in fact there was considerable inquiry from this last source during the day in the Liverpool market, which is given as one of the reasons of the advance there. All in all the situation of cotton on its own merits more than warrants present prices though whether the same will hole or not is entirely a question of develop ments during the next few days.

LEHMAN BROS.

CHICAGO, July 11 .- Corn, wheat and oats all opened easy and lower the effect of the government report published which was bearish. Corn and oats opened about 1 cent lower than Saturday's close. Wheat opened 1-4 lower but quickly declined 1-2 after the opening on liberal sales. Outside of the gov ernment report there was nothing in the news or conditions to cause strength. Early foreign advices were of the same tone as for some time past. Scaboard clearances were larger and some shorts covered at the decline, causing a faint reaction only, closing about opening prices. The decline of f cent at the opening induced buying for both long and short, which checked any further decline. The condition at St. Louis, as given in the government report, was better than was expected. Closing steady.

Lamson Bros. & Co. STOCK, NEW YORK, July 11.—The week opened with the London market, somewhat demoralized, mainly on account of the weakness on L. & N. The foreigners do not consider the statement encouraging, and therefore sold quite a little of this stock and also St. Paul and Union Pacific. The by operators covered up most of their stocks last week as they did not want to take the risk of facing a possible good crop report. The month before this they had to pay dearly for their experience and this time it was just the reverse. The wheat estimate is good and we are sure of at least a 500,000,000 bushel crop, but the corn estimate we consider as anything but favorable to the railroads. The percentage of .87 is brought about by the good prospect of corn, both East and South, while the averages of all

the Western States will not amount to .75. The crop is two weeks later than last year, and we do not think the prospects good for the corn-carrying roads. the father is happy. There were thirty-On this belief there was some selling of two hours between the births-which is long stock but very moderately, and the bears were the biggest sellers. It is of course a question whether they can dislodge any quantity of stock, but if the prospects for corn do not improve the holders of the corn carriers will have to

quidate at lower prices. Our opinion that it is safer for the moment to take al market was heavy all day, and close

it will be lost by a small majority.

Nothing of importance is reported from Homestead. The State troops have not arrived yet, but they are under way. Wall street does not feel kindly the contract of the co towards Gov. Pattison for allowing th mill to remain in the hands of the mob for over a week.

The market was a little more active and we look for more activity this week
J. S. BACHE & Co.

Columbia Pneumatics!

Experience of the past six months; test by the best wheelmen; many thousands in use have demonstrated that Columbia has been used for children while teeth-Pneumatic tires are practical, in point of fact, the most practical in use. They get over the ground. They make the records.

They skim the cream.

GILREATH & CO.

Conditions of the human form successfully treated to deve.op, strengthen, enlarge all weak, stunied, undeveloped, feeble organs and parts of the body which have lest or never attained a proper and natural size, due to ill health, abuse, excesses, or unknown causes. There is one method and only one, by which this may be accomplished, increased flow of blood to any part, produced by simple apparatus acting automatically, creates new tissue, tone and vigor by the same natural laws as the ligrerase of size and strength of muscle. Don't be projudiced because little quarks propose by silly means to do the same. INVESTIGATE. There's no trap back of our offers. Our pay will come when the public knows clearly science from fraud. Write us for instructions, full description, proofs, references, etc. All sent you in plain senied letter without cost of any kind.
