We Sell for Cash or Credit

The kind of bargains we offer are good dependable goods with a strong guarantee of a strong concern behind them. When you buy of us you have the assurance that we are always here to make anything right that isn't.

You may be able to match our prices elsewhere—perhaps—but not for our kind of vehicles; or our vehicles elsewhere—possibly—but not at our reasonable prices. The secret of it all is that we keep a few laps ahead of the procession. We have made a study of the likes and needs of vehicle users. Our stock embraces every type of job that is desirable and each one has a touch here and there which puts it in a class just above and beyond the common run of vehicles.

Whether you care to buy now or come merely to get posted our lines will prove interesting and you are just as welcome in either case.
