Communications advertising candidates will be charged for at three cents per line, up to fifty lines.
Entered as second class matter August 20, 1910, at the post office at Greenville, North Carolina, under act of March 3, 1879.

FRIDAY, OCTOBER 9, 1914.

NEWSPAPER TALK

The business of the newspaper is to give news, that is what our subscribers pay for and they have a right to get all the news that can be put in the paper. We make every possible effort to get the news that is of interest and if we do not publish a piece of news it is not because we do not want to, but probably the only reason is that we did not get the facts. Many things happen each day in a city of this size that would make good news if we could get it to put in the paper. Some people do not like to see their name in print, or for other people to know where they go but they are very few, the majority of people do not object to giving news or to being the subject of an item of news. In our search for news we are glad to get any piece of real news, if you are going out of town or have friends visiting you, we want particulars. If anything unusual or peculiar happens we want to hear about it. If your business is on the boom or you make any changes that can be made public, its real news and we want it. If a former resident of this place is mentioned in other papers we would like to hear about it. If you do not see one of the reporters there is one way that you can always reach us, telephone the particulars to this office. We will thank you for this help and your thoughtfulness in aiding us to get out a good newsy paper, one that will interest all the people of the city and county.

There is just one other thing we would like to impress upon our readers and that is that hereafter we will publish a full report of all cases tried in the police court at any session we make an attempt to report. We may not be able to get in each day's proceedings but when we do put one in it will be complete. Heretofore we have held out some cases at the request of the parties involved but it is doing an injustice to those whose cases are reported and we want to be fair. The time to think about the publicity and disgrace of the thing is before it is done. Court proceedings are open and are a source of news to everybody, and so are the reports of certain officials and hereafter we will not hold out cases or other legal proceedings.

We have been requested to mention the fact that several boys are engaged in playing pranks that may result in serious injury to some person. It is the practice of putting bricks or rocks in empty boxes or wrapping them up in paper and placing them on the streets to be kicked or stumbled over. Very often serious injuries are received by kicking one of these obstructions and then some old feeble person might stumble over them and get a severe fall. We trust the boys guilty of this practice will find some other kind of practical joke to amuse themselves, by which an innocent and unsuspecting person will not be injured. The boys probably do not realize the danger in such a thing and on second thought will stop it.

Next Sunday, is the day set apart by the President as the day on which prayer is to be made for peace in Europe. It is to be largely observed and the United prayers of a whole nation should certainly accomplish some good.

TIDAL WAVE COMING.

When Europe's orgy of blood and devastation has run its course and the surviving population comes to a full realization of the ruin that has wrought and the years of toil and privation that will be necessary before agriculture, commerce and industry can raise their stricken heads, there will be a tidal wave of immigration to these shores. That is, there will be if the gates remain open. It is a grave question, which our people will have to face, calmly and without prejudice to ourselves, keep them open, then we can safely, or should, in justice to ourselves, keep them open. To many thoughtful men it seems that we have already reached the full limit of our capacity to assimilate all sorts and conditions of aliens, and that too liberal an immigration policy from now on will prove a menace to our national welfare.

Secretary McAdoo has just withdrawn \$2,000,000 of the reserve funds distributed among the banks because the banks were piling up large reserve funds thus defeating the purpose of the loan. The banks have no room to complain, they deserved this action and the Secretary is to be commended for this procedure. The withdrawal of this money from these banks will not seriously effect them if their reserves were very large. But by their action in piling up this money they lose all right to sympathy and further assistance. This money withdrawn will be given to other banks that are using the money formerly given them as it was intended. The action of these banks was very selfish, they were keeping money out of circulation at a time when it was most needed and especially in the war depression.

Governor Craig has made a proclamation calling upon the people of this state to observe three days in December as Community Service Days. On these days the people are to lend heart, hand and brain to service and development of North Carolina and its every community. The people are urged to meet, confer and work together along the three-fold lines of investigation proposed. The first day, Thursday, is to be devoted to Public Roads, Grounds and Buildings. The second day will be devoted to School and Neighborhood Improvements. Saturday will be county Progress Day on which the people are to meet at the county seat and discuss the Needs and Possibilities of our County. This is also to be Home Coming Week when all former residents of the county are to return to their former homes and aid in the movement. The days set apart are December 3rd, 4th and 5th and it is hoped that all citizens will do all in their power to make these days a success.

We have been requested to mention ton crop are that it will be the second largest grown in this country. The acreage for this year is 25,960,000 and for 1911 the largest crop year up to now it was 36,681,000. According to these figures the crop for this year will be larger than that of 1911 when 16,109,000 bales were grown. The crop conditions for this year are better than the average, the estimated yield is 78.3 per cent compared with 74.3 per cent for September of last year and the deterioration from the expected crop in August and September was 2.1 points or the smallest on record excepting the year 1911. In spite of the prospect of a poor market the cotton picking goes on rapidly, the estimate being that 33 per cent of the crop is already picked out as against 30 per cent gathered at this time last year.

President Wilson has made an enviable reputation for this country by his policies and now a dispatch says that he will at the proper time be called upon to bring the European war to a close. It is also stated that a treaty will be signed by which this country will be made the arbitrator of future troubles that may arise in Europe. It all this does come to pass it will be one more step toward making this the greatest nation on earth.

At a recent meeting of the Aldermen an ordinance was passed requiring that all plots in the Cherry Hill Cemetery be cleaned off and kept clean and imposing a fine for not complying with this ordinance. There are at present several plots in this cemetery that have not been properly looked after and are in a very bad condition. The matter should be looked after and if a failure to put the plots in proper condition continues the officials should see that the persons responsible are fined as provided by the ordinance. The persons who do keep their plots in good condition should look after the enforcement of the ordinance because an ill kept plot spoils the looks of the whole ground and if any place should be kept clean and be well cared for it is the cemetery. Probably a gentle reminder is all that is necessary and it is to be hoped that this will be sufficient to stir the negligent ones to activity.

The Fartherland is a German paper issued for the purpose of convincing the American people that they are in the right in this war, according to the way things are around here it has a hopeless task.

Right now when there is so much talk of helping the cotton situation any movement toward reducing the acreage next year is very appropriate. It is generally realized that legislation along this line is useless, that the farmer cannot be compelled to plant a certain amount of any crop. The best and most feasible plan so far suggested is to start a campaign of education and information that will reach every farmer and present to him the need of curtailment in such a manner as to convince him of the benefit of such action, and thereby let the cotton grower himself regulate his acreage. The appeal should be a simple statement of facts and a request that the farmer agree to curtail his crop to a certain amount. This appeal should touch every farmer and as a means of conveying this to him it has been suggested that the common school system, the officers and the officials and employes of the state agricultural departments; all working under the direction of the Department of Agriculture of the United States be used as a means of conveying the request for curtailment. By this method much publicity will be given the appeal and by the united efforts of such a force of workers the co-operation of the farmers will be secured. This is the plan being worked in Texas and its adoption in other states is urged.

We hear of different organizations and unions declaring they are for the amendments and meetings being held to arouse interest. The number of influential men working for the adoption of these amendments is increasing and shows the interest that is being aroused.

We notice the citizens of the town have neglected to comply with the ordinance passed by the Aldermen at their last meeting relating to cleaning up vacant lots. This an important matter and if properly looked after will remove several eye sores around town. The officers have authority to enforce this ordinance and we feel sure a reminder will be all that is necessary.

The wonderful possibilities of North Carolina are being realized more and more by people in different parts of the country as is evidenced by the increasing number of wealthy men who come to this State to invest their money. These men are starting business for which there is a need and are thereby making good money. Of course these new businesses are welcomed for they help to make up the industrial part of the State, but there are plenty of men, natives of this State, who are able and could if they would start these new enterprises and there is no reason in the world why they do not do it except perhaps they have not seen the vast possibilities which this state offers.

The German navy has adopted the watchful waiting policy.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC.

of The Carolina Home and Farm and Eastern Reflector published every Friday at Greenville, N. C., for October 1st 1914, required by the Act of August 24, 1914.

Editors, C. B. Rowlett and W. S. Henderson, Greenville, N. C.
Managing Editor, C. B. Rowlett.
Business Managers, C. B. Rowlett and W. S. Henderson.

Publisher, The Reflector Co., Inc.
Owners D. J. Whichard, O. L. Joyner, C. B. Whichard, R. J. Cobb, D. C. Moore, D. J. Whichard Jr., S. J. Everett, W. H. Dail, Jr., B. B. Sugg, Higgs Bros., Greenville, N. C.; John H. Small, Washington, N. C.

C. B. Rowlett,
Business Manager.
Sworn to and subscribed before me this 1st day of October, 1914.
ANDREW J. MOORE,
Notary Public.

My commission expires March 31, 1915.

NOTICE OF FIRST MEETING OF CREDITORS

United States of America Eastern District of North Carolina ss.

In the United States District Court in and for said District Sixth Division.

In the matter of PAUL SOLOMAN Bankrupt.

IN BANKRUPTCY

To the creditors of Paul Solomon of Greenville, in the county of Pitt, and district aforesaid, a bankrupt.

Notice is hereby given that on the 28 day of Sept., A. D. 1914, the said Paul Solomon, was duly adjudicated bankrupt; and that the first meeting of his creditors will be held at Greenville, N. C., in the office of Harding & Pierce, on the 19 day of Oct., A. D. 1914, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

September 30, 1914.
FRANK H. BRYAN,
Referee in Bankruptcy.

Harding & Pierce, Attorneys.

SHERIFF DUDLEY BUYS FINE BLOODED COWS

Sheriff Dudley recently purchased at Rockingham six Holstein cows, paying \$250.00 a piece for them. They were expected today but were delayed and will probably not get here until tomorrow. The addition of these cows to Mr. Dudley's dairy farm will make a total of 26 Holsteins and in addition to the others, which number 40, will make his farm exceedingly well stocked.

Many Cakes and Puddings

Fall miserably flat--because of inferior extracts! Ever use the choicest flour, the freshest eggs and wonder why the cake or pudding wasn't good? It all depends upon the flavor.

Purity in your extracts is not enough--quality is the ultimate factor. In Bee Brand Flavoring Extracts you get both--and a subtle something, almost indescribable--"Bouquet". It isn't purity, nor strength nor mellowness--it's a combination of all three--brought about by patient aging in white oak casks.

Try Bee Brand Vanilla today. You can get it from most progressive dealers 25c. Here are a few:

W. S. HARRIS	J. E. WILLIAMS
CARPER GROCERY CO.	J. L. STARKEY
N. K. HATEM	E. H. PARKERSON
W. H. JOHNSON.	G. C. BASEMORE
	W. H. RICKS

ACT QUICKLY

Delay Has Been Dangerous in Greenville.

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Greenville evidence of their worth.

J. L. Connor, carpenter, 1109 Evans St., Greenville, says: About six months ago I had an attack of kidney complaint. My back ached and I had pains across my loins. I was so sore and stiff I could scarcely bend to pick up my tools. I had headaches and dizzy spells and the kidney secretions were irregular in passage highly colored and contained sediment. Finally I got Doan's Kidney Pills at The Warren Drug Co. and used them according to directions. They soon relieved me and three boxes cured me of all symptoms of the complaint. I have had no return attack."

Price 50c, at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mr. Connor had. Foster-Milburn, Co., Props., Buffalo, N. Y.

There will be political speaking tonight at which the important issues of the day will be discussed all voters should be present to hear this discussion.

The News & Observer is certainly doing a great deal to encourage the buy-a-bale plan, it is to be commended for its efforts along this line and that it is in a winning fight is already shown by the marked improvement in the cotton market.

"FREE DISTRIBUTION."

"By direction of the General Assembly of 1913, 500,000 copies of the Constitution with the proposed amendments have been printed for distribution to the people.

"Every voter in the State should be familiar with the provisions of these amendments.

"Copies may be had upon application to any Register of Deeds or a copy will be mailed to any address, upon request, by J. Bryan Grimes, Secretary of State, Raleigh, N. C.

The bank capital tax will be retained in the war bill as a result of the deliberation of the finance committee on this bill. There was vigorous protest from bankers but the first plan was retained. A substitute bill was suggested, a stamp tax on checks drafts and other negotiable paper but this was rejected as it would fall on the individual. A change was made on the amusement tax, a graduated tax arranged instead of the proposed flat tax, whereby the theatres are taxed according to their seating capacity. Other changes will probably be made before the bill is sent up for passage.

The Atlantic Coast Line is supporting the wear cotton movement and is sending out circulars to arouse wide interest in the work.

France's share in the War's expense is seven million a day with only one to fight, wonder what Germany has to pay out with all of them to fight.

Carpenter's and Builder's

Hardware.

Everything for building AND THE BEST.

IF YOU USE THE RIGHT BUILDER'S HARDWARE WHEN YOU PUT UP A BARN OR BUILD A HOME IT WON'T HAVE TO BE "FIXED" EVERY WEEK IF YOU USE GOOD, STRONG, DURABLE BUILDER'S HARDWARE.

CHEAP HARDWARE IS NOT CHEAP, BUT "HIGH." THE BEST HARDWARE IS NOT "HIGH" BUT CHEAP-- WE SELL THE BEST. SEE OUR SCREEN DOORS AND WINDOWS.

Refrigerators and Ice Cream Freezers
