The board of city council will be in  
session tonight.

Public meeting tonight at 8 o'clock  
at the Board of Trade rooms.

The foundation of a new dwelling on  
the corner of Broad and Metcalf streets  
is being laid.

The county commissioners were in  
session yesterday; proceedings will ap-  
pear tomorrow.

Miss Hattie Harrison has returned  
and requests her music pupils to meet  
her between 4 and 5 o'clock today.

F. Trenwith offers to sell one hundred  
and sixty acres of valuable land at pub-  
lic auction on the 20th of October. See  
"Ad."

The new bank building being erected  
on Middle street is for Green, Foy &  
Co., and not for T. A. Green as has  
been stated in these columns.

Core sound oysters continue to arrive  
and the oystermen continue to report  
them in much better condition than at  
the corresponding time last year.

Dr. James F. Long has moved his  
new office opposite the banking house  
of Green, Foy & Co., on Middle street,  
five doors below his former office.

Four hundred and fifty shares have  
been subscribed to the Building and  
Loan Association. Five hundred would  
be a good number to start out with.

William Crispen, colored, was lodged  
in jail late Saturday night on a charge  
of removing mortgaged crop. He will  
have a hearing before Justice W. M.  
Watson this morning at 10 o'clock.

Subscribe to the Building and Loan  
Association. It is a good savings bank  
for boys who desire to save their little  
earnings. In the Building and Loan  
your money is constantly increasing;  
kept in your pockets it would be con-  
stantly decreasing.

A car load of wood pulp was recently  
shipped from Graywood to Soranton &  
Lee, paper manufacturers at Salem. It  
cost fifty-three dollars to carry the car  
load from New Berne. We suppose a  
car load of most or like freight would  
be brought from Chicago to New Berne  
for less money than that.

Jim Shepard, colored, was before  
Justice Robt. Hancock, Jr., yesterday  
upon the charge of wife beating.  
Deputy Sheriff David Barham reports  
that he was informed Saturday night  
about 11 o'clock by the city marshal that  
a riot was going on just outside the city  
on Oliver's Row. He hastened to the  
scene and found a large crowd at  
Shepard's house which was locked and  
his wife was crying murder at the top  
of her voice. Shepard refused to open  
the door and he broke in and arrested  
him. On the trial his wife swore that  
she was not hurt by her husband, and  
he was discharged.

Our young friend Rudolph Ulrich is  
off on a visit to Baltimore. A telegram  
was received from Mr. T. Fletcher  
Hargis from Weidon stating that he  
had him caged and would return him  
safely after taking him through Balti-  
more.

Capt. H. W. Wabab arrived from  
Hyde county on Sunday. He is one  
of Governor Seale's appointees to the  
National Convention of Farmers which  
convenes at Chicago on the 10th, 11th  
and 12th of November. He will prob-  
ably not attend unless a writ of error is  
granted in the Anarchist case and the  
same is taken to the Supreme Court of  
the United States. Unless this is done  
they are to be hanged on the 11th of  
November and the Farmers' Convention  
might be called out as a special guard.

P. H. Polketter, Esq., is off to Jack-  
sonville, Onslow county, on professional  
business.

Nothing tries the patience of a man  
more than to listen to a backing cough  
which he knows could easily be cured  
with Dr. Bell's Cough Syrup.

### Important Meeting.

We have been requested by many  
citizens to announce a public meeting  
at the Board of Trade rooms tonight at  
8 o'clock to consider matters of impor-  
tance to the citizens of the city and this  
session. Everybody who feels an inter-  
est in the welfare of the city is request-  
ed to attend.

### Notice of Divine Service.

The Rev. J. C. Barrus will preach at  
Woodington Thursday October 6th,  
1887, at 7 a. m., and at Kinston Friday  
night October 7th, 1887. The public  
are invited to attend.

### Test of Hose.

The fifteen hundred feet of hose re-  
cently contracted for by the city ar-  
rived Sunday morning and was tested  
by the two fire engines yesterday morn-  
ing. Under a pressure of one hundred  
and eighty pounds the coupling of one  
length was blown out and three other  
lengths were found leaking. The  
balance stood a pressure of two hundred  
and forty-five pounds. Thirteen hun-  
dred feet were received and two hun-  
dred feet were shipped back to the  
company.

### Our Schools.

The graded school opened yesterday  
morning with two hundred and twenty-  
five pupils. This is a good opening for  
six grades. The High School received  
several new pupils yesterday and other  
private schools have made a fair start.

Tuition is free at the graded school to  
all white children within the school  
age residing in the eighth township of  
Craven county. Every child has an  
opportunity of obtaining a fair educa-  
tion free of charge, and those who are  
ambitious to obtain a higher education,  
the High School and other private  
schools offer excellent opportunities, as  
the tuition charges are very reasonable  
and the teachers first class.

### Steamer Movements.

The Eaglet of the E. C. D. line ar-  
rived Sunday with a cargo of merchan-  
dise. The Annie of this line sailed yester-  
day afternoon with a full cargo of  
cotton and other freights.

The Trent for Trenton with a cargo  
of goods. The Blanche and Kinston of  
the same line leave today at 12 for up  
Neuse.

The Margie arrived from Bayboro  
with miscellaneous freight.

The Stout of the Clyde line sailed for  
Baltimore with a full cargo of cotton  
and twenty tons of wood pulp. The  
Defiance of the same line will arrive  
this morning.

The Newberne of the O. D. line sailed  
yesterday at noon for Norfolk with a  
cargo of cotton.

Where is Our Cornet Band?  
A correspondent from Trinity College  
writing "The Band's Messenger" of  
Philadelphia induces the editor of that  
paper to speak of the New Berne Band  
in the following terms:

"We have been at old Trinity on sev-  
eral occasions at commencements. As  
leader of two different bands, the old  
New Berne Silver Cornet Band, and the  
Concord (Little Spartan) Band, both  
these splendid organizations outdid  
themselves, and it has been conceded  
time and time again, that these two  
bands furnished good music, and music  
that was more universally appreciated  
by the vast concourse of people that  
assembled at old historic Trinity College  
on these occasions than by any other  
band ever engaged for the commence-  
ment exercises. And we hope that this  
old institution the next commencement  
will engage a band that will do honor  
to this old historic institution, as well  
as to the band themselves, who is ten-  
dered the next engagement."

### Personal.

Miss Mary S. Brown, one of our  
graded school graduates left last week  
to enter the University of Nashville,  
Tenn. State Normal College. She has  
received the appointment for a two  
year's scholarship, under the Peabody  
appropriation, and we feel confident  
that she will do the New Berne graded  
school honor. The scholarship could  
not have been more worthily bestowed.

Our young friend Rudolph Ulrich is  
off on a visit to Baltimore. A telegram  
was received from Mr. T. Fletcher  
Hargis from Weidon stating that he  
had him caged and would return him  
safely after taking him through Balti-  
more.

Capt. H. W. Wabab arrived from  
Hyde county on Sunday. He is one  
of Governor Seale's appointees to the  
National Convention of Farmers which  
convenes at Chicago on the 10th, 11th  
and 12th of November. He will prob-  
ably not attend unless a writ of error is  
granted in the Anarchist case and the  
same is taken to the Supreme Court of  
the United States. Unless this is done  
they are to be hanged on the 11th of  
November and the Farmers' Convention  
might be called out as a special guard.

P. H. Polketter, Esq., is off to Jack-  
sonville, Onslow county, on professional  
business.

Nothing tries the patience of a man  
more than to listen to a backing cough  
which he knows could easily be cured  
with Dr. Bell's Cough Syrup.

### Turn to the Right.

The necessity of always TURNING TO  
THE RIGHT was fully demonstrated yester-  
day evening by a collision of two  
buggies on Craven street. Two young  
gentlemen were in one buggy and two  
young ladies in the other. The young  
men turned to the right but the ladies  
turned to the left and brought about  
the collision which, fortunately for the  
ladies, resulted in upsetting the buggy  
of the young men who were not in  
fault. No one was hurt and no damage  
of any consequence done but such care-  
lessness might at sometime result seri-  
ously.

The rule, TURN TO THE RIGHT, no  
matter whether driving a team or walk-  
ing on the sidewalk. We have seen  
people meet and dodge first one way  
and then the other two or three times  
before passing, all of which could be  
easily avoided by TURNING TO THE RIGHT.  
Some ladies may think it an indication  
of ill breeding to pass them on the in-  
side of the sidewalk, but don't mind  
what they think, they will learn better  
after awhile, PASS TO THE RIGHT and  
quit dodging on the sidewalks like  
some men who has crooked his elbow  
a little too much.

### New Wharf at Roanoke Island.

Last season the Old Dominion Steam-  
ship Company opened up a new trade  
by putting on the steamer Washington,  
to ply between this city and the Roanoke  
marshes, for the convenience of the  
fishermen of that section, giving them  
a depot for ice and direct transportation  
to Norfolk for the outgoing steamships.  
The demand for transportation proving  
so great the company sometime since  
purchased a location on the west side  
of Roanoke Island, nearly opposite the  
marshes, and has built a substantial  
wharf, extending out to deep water,  
which will in a few days be a stopping  
point for the steamers of that line, ply-  
ing between this city, Washington and  
New Berne, and they will touch there  
going out and coming in. The location  
is the very centre of the great fishing  
region, and the convenience to the  
fishermen will be such that it is thought  
the experiment will be an abundant  
success.—Norfolk Ledger.

Cyclone in Mecklenburg County.  
CHICAGO, October 1.—A Times Char-  
lotte, N. C. special says: Citizens of  
Sharon township report that a cyclone  
passed over their section Wednesday  
afternoon, tearing through the clouds  
like a big balloon, dipping down and  
rising again, carrying an eddying  
mass of fence rails and tree limbs in  
its circling path. It looked like a  
big black funnel and it whirled  
around like a helicopter. It was about  
100 feet above the surface of the  
earth, but would occasionally dip  
down, wrench off trees tops and sweep  
up fences. The cyclone traveled at  
the rate of 35 miles an hour and made  
a tremendous roar. It dipped down  
on the plantation of Mr. Alexander  
and took away a number of peach and apple  
trees, look away the roof of his house  
and, rising again, disappeared in the  
direction of Philadelphia church. The  
skies were overcast with heavy clouds,  
among which a visible commotion was  
made as the black funnel-shaped mass  
took its way through.

The Tennessee Election.  
CHATTANOOGA, TENN., Sept. 30.—Re-  
turns to the Times from all portion of  
the State indicate that the prohibition  
amendment is defeated by 20,000 or  
more.

NASHVILLE, TENN., Sept. 30.—One  
hundred and twenty thousand votes,  
representing half of the probable vote  
of the State, have been reported, and  
the majority against the prohibition  
amendment is about 7,000. If the  
ratio is kept up the majority will be ten  
or fifteen thousand; but much de-  
pends on the back counties, which are  
claimed by both sides. Should the  
Prohibitionists carry them the fate of  
the amendment is in doubt, but they  
are believed to have gone against the  
amendment.

received today by the president of the  
Asheville Board of Trade from Col.  
Daniel Lamont, private secretary of  
President Cleveland, says that the  
President has consented to stop at  
Asheville while on his way to Wash-  
ington from Montgomery, Ala. He

### THE GRAND ARMY AT ST. LOUIS.

ST. LOUIS, Mo., September 30.—The  
rank and file of the Grand Army com-  
pacted that remain in the city have  
packed their grip-sacks, and are not  
only ready but anxious to make tracks  
for home. When they can get away,  
however, is a matter for speculation.  
The facilities at the Union depot have  
proven entirely inadequate to the hand-  
ling of large gatherings of people, and  
veterans and other visitors who expect-  
ed to be home ere this morning are still  
being held involuntarily and unwilling  
prisoners. The baggage department,  
too, has given out under the crush, and  
depot platforms, freight houses, and  
storage-rooms are packed high with a  
miscellaneous assortment of baggage that  
it has been impossible to deliver.  
People without number, many of whom  
arrived as early as Sunday, have been  
utterly unable to get track of their pos-  
sessions, and, after remaining for days  
without a change of clothing, have been  
glad to get away and trust to luck and  
possession of their checks to recover  
their property at some distant day.

The condition of affairs at the depot  
since Monday morning has been chaos,  
and the experience encountered by the  
great majority of those who have man-  
aged to get away will remain a memory  
with them to the end of their days.

Promptly at 9 o'clock this morning  
the Encampment resumed its session.  
Not a delegate was absent, and the pros-  
pects indicated a lively meeting. No  
sooner had the gavel fallen than Com-  
rade Death was upon his feet to de-  
nounce an "infamous lie and slan-  
der" the statement of a morning paper  
that he had said "there never was a  
Democratic Commander in Chief of the  
G. A. R. and by the eternal God there  
never would be."

By order of New York replied that  
no member of the New York delegation  
was responsible for the charges, and the  
matter was dropped. Then Lanier of  
New York rose to question of privilege.  
He said that yesterday the same  
paper stated that he was putting the  
knife under Sherman's ribs. This was an  
absolute lie. The same paper had  
published an editorial on the pension  
question, in which it said that life had  
been altogether pleasant for Tanner since  
the war closed, and that it was not too  
much to say that he would not have his  
legs back under any consideration. He  
said that nothing fitted such statements  
as that, except in plain Anglo-Saxon  
they be!

Comrade Anthony, of Kansas, made  
an attempt to reconsider the report of  
the Committee on Resolutions, by which  
a proposition to raise money for the  
erection of a monument to General  
Warren was defeated, but he was cut  
short by the arrival of the Committee  
on Resolutions.

Amid intense silence the committee  
reported unfavorably upon the Vander-  
voort resolution, endorsing the Presi-  
dent for his veto of the Dependent Pen-  
sion bill on the ground that it had been  
fully covered by the action on the report  
of the Pension Committee. A long de-  
bate ensued. Vandervoort opened by  
claiming that the Grand Army should  
have the courage of its conviction and  
should vote as it felt upon this ques-  
tion.

Grosvonor, of Ohio, spoke in favor of  
the report, and said he had as much  
feeling on the pension question as any  
other man, but he stands as the repre-  
sentative of a body of men greater  
than the President of the United States,  
and more dignified in their ut-  
terances than the President had shown  
himself to be. He said the question  
was more important than any ever sub-  
mitted.

After several other addresses the pre-  
vious question was brought into play.  
Vandervoort's amendment to substitute  
his resolutions for the report was over-  
whelmingly defeated, and the report  
adopted by unanimous vote.

The committee also presented a ma-  
jority and minority report on the 89 a  
month or service pension bill. The  
majority of the committee reported  
against the measure. One hour was  
given to the discussion of the report.

The motion to adopt the minority re-  
port, favoring the Service Pension bill,  
was defeated by a vote of 178 to 13.

After adjournment for lunch the  
election of officers took place. Judge  
Rae was elected on the first ballot,  
which was as follows: Stocum, 133;  
Anthony, 66; Grier, 18; Rae, 294. Gen-  
eral Sherman received one vote, as did  
also General Warner.

Judge Rae in a neat little speech  
thanked his comrades for the distin-  
guished honor conferred upon him. The  
rules were then suspended and Nelson  
Cole, of Missouri, was elected senior  
vice-commander. The junior vice-  
commander chosen was John C. Lan-  
han of New Hampshire. General Lau-  
rens Donahue was elected surgeon-  
general, and Rev. Edward Anderson  
chaplain-in-chief.

The committee on the Logan monu-  
ment reported, recommending that the  
fund be provided for the erection of an  
equestrian statue at Washington, Gov.  
Alger, of Michigan, subscribed \$1,000  
to the fund; Gen. Lennon of New York  
another \$1,000. The officers of the en-  
campment were then installed, and the  
twenty-first annual encampment of the  
Grand Army of the Republic was at an  
end.

A banquet took place this evening.

Is Consumption Incurable?  
Read the following: Mr. C. H. Morris,  
Newark, Ark., says: "Was down with  
Abscess of Lungs, and friends and phy-  
sicians pronounced me an incurable  
consumptive." Began taking Dr. King's  
New Discovery for Consumption, and  
now on my third bottle, and able to  
oversee the work on my farm. It is  
the finest medicine ever made."

Just Middlewast, Decatur, Ohio,  
says: "Had it not been for Dr. King's  
New Discovery for Consumption, I  
would have died of Lung Trouble."  
Was given up by doctors. Am now in  
best of health." Try It. For sale at R.
