"TEN dollars a day is what a bartender can get for his centennial services in New York city."

**THE R. E. Lee Battery** of Petersburg and the Petersburg Greys will take part in the centennial celebration in New York.

**AFTER** this month, be it understood, it will be a direct violation of gastronomic law for the oyster to be in the soup.—Harrisburg Patriot.

In this centennial year it will be unconstitutional for any man to tell a lie. Of the three thousand "lineal descendants" of the great Washington not one of them has ever been known to tell a lie.

**THE fountain of contentment** must spring up in the mind; and he who has so little knowledge of human nature as to seek happiness by changing anything but his own disposition, will waste his life in fruitless efforts, and multiply the grief he purposes to remove.

It is said that when Mrs. Harrison first began her receptions she shook hands with all visitors. The consequence was her right hand and arm were badly swollen in less than two weeks, and she has had to resort to the smile and bow in welcoming all guests.

**THE present Cabinet** seems to know a good thing when they see it. Tracy is following in the footsteps of Whitney, and Proctor in those of Endicott. Now if Harrison's brain can stand the pressure of Cleveland's ideas the country will be safe.

**THE Secretary of State of Illinois** has issued a license of incorporation to a company with the following extraordinary name: **United States Vegal Kazophone and Electrical Microphone Trumpet Aescastio Electromoter Power Musical Car Distance Loud Speaking Transfer Instrument Company**, Chicago, capital \$65,000,000, to manufacture instruments, rent rights and privileges, incorporate, Wm. Vogel, Adolph Gay, Richard H. Dakin.

"THE natural soap mines of Owens Lake, Cal., are thus accounted for by one of the company now working there: He says that the waters of the lake contain a strong solution of borax and soda. In these waters there breeds a grub that becomes a fly. The flies die in the water and drift ashore, covering the ground to the depth of a foot or more. The oily substance of the flies blends with the borax and soda, and the result is a layer of pure soap. These strata repeated from year to year, form the soap mines, where large forces of men are now employed."

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
**JOURNAL**—Keys found.  
**NUMA NUNN**—Detroit Free Press.  
**F. B. ELLIS**—Bananas and coconuts.

The April showers came thick and fast yesterday.

The schooner *Melvin* arrived yesterday from the West Indies with a cargo of fruit.

The steam tug *Elise* Weathersby, Capt. Justice, arrived yesterday with a cargo of salt for E. K. Bishop.

J. K. Willis has just received another fine lot of marble—one hundred and eighty-one pieces.

The U. S. court adjourned yesterday. The district attorney, marshal, jurors and witnesses left on yesterday morning's train.

In saying, yesterday, that "Mr. Brinson is in the office so long occupied by Judge Thomas," we did not mean to intimate that the Judge has retired. He is still in the practice, occupying the same office, and we trust that he will long be a member of the profession he has so much honored.

A fine lot of ocean blue fish arrived yesterday and were taken in at C. T. Watson's fish house. It is the first lot that has been in this market for several years, and their arrival was welcomed so heartily that they accompanied many of the visitors up the street swung to a strip of bear grass.

We have a communication four feet and two inches long. The young man who wrote it says it is his first and he hopes we will publish. It might do for the Sunday World, but until we get time to read it we can't decide whether or not to make it a continued story for the *DAILY JOURNAL*. It is not on the A. & N. C. R.

Last night closed the series of services that have been held at the M. E. Church during the last three weeks. The earnest efforts on the part of the pastor, assisted by some of the members of the congregation, has kept up a good attendance through the meetings and developed a substantial interest in reaching out for the unconverted and strengthening the backsliders.

**The Truck Market.**  
The following are the New York quotations for yesterday:

New York, April 25.—Our market on Southern produce active; prices firm. Cabbages, \$2.00a2.50. Asparagus, colossal, \$6.00a8.00; prime \$4.00a5.00. Strawberries, 20a30c. Visitors to the Centennial celebration already arriving; prices will continue favorable until it closes. **G. S. PALMER.**

**Shipping News.**  
The steamer *Vesper* of the E. C. D. line arrived yesterday with cargo of general merchandise and will sail at 4 o'clock this afternoon.

The steamer *Tahoma* arrived yesterday evening and will sail tomorrow morning at 7 o'clock.

The steamer *Manteo* of the O. D. line sails this morning at 9 o'clock for Norfolk.

**Officers Elected.**  
At a meeting of the Vestry of Christ's church held Wednesday evening the following officers were elected: Major Hughes, Senior Warden, G. H. Roberts, Junior Warden, John Dunn Treasurer, E. K. Bishop, Secretary.

Delegates to the Convention to be held in Wilmington, May 15th, John Hughes, G. H. Roberts, John Dunn and H. R. Bryan. Alternates, E. K. Bishop, R. Ransom, R. H. Hilton and E. B. Roberts.

**Personal.**  
Col. Chas. S. Bryan of the Governor's staff, has gone North and will join Governor Fowle in time for the centennial exercises in New York.

Rev. Dr. Vass has returned from a trip to New York and the Orange Presbytery which has been in session at Reidsville.

Mr. and Mrs. Chas. W. Chamberlain of Boston, Mass., Mr. Geo. W. Thatcher of New York and A. W. Von Utazy of Philadelphia, a large lumber dealer, are in the city on a visit and stopping at Hotel Albert. Mr. Chamberlain was a member of Co. "G," 44th Mass. Regiment and was stationed in New Berne during the war. The *JOURNAL* wishes them a pleasant visit.

**A SAFE INVESTMENT.**  
Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at R. N. Duffy's wholesale and retail druggist. Price per dozen, \$5.00.

## Borrowing Money vs. "On Time."

**JONES COUNTY, N. C., April 23.**  
**EDITOR JOURNAL**—I notice in your Weekly issue of the 18th inst. an article headed "On Time," in which you tell us something about the cost of buying supplies on time as compared with the rate of interest charged for money. You ask "If a man cannot afford to borrow money at twelve per cent., how can he afford to buy anything on time?" Now, Mr. Editor, you have not presented the matter fairly. You fail to tell us that when we go to borrow money at twelve per cent., that the attorney's fee for writing mortgage, and the officer's fee for recording papers, all to come out of the borrower, runs the interest up to the considerable more than twelve per cent., especially on small amounts, and the borrower often feels that injustice is done him. We do not complain of the position you take in this article, but you ought to give us all the facts.

**ONE WHO HAS BORROWED.**  
We are glad our friend has called our attention to this matter; glad, because whenever we can give our farmers any light on a subject that will be of aid to them in prosecuting their calling—the most honorable and useful of any on earth—we cheerfully do it.

In writing the article "On Time" our object mainly was to show what a vast difference there was in the interest paid by buying goods on time and paying interest on money. We were not particular as to the exact amount of interest charged by the banks.

Now we wish to tell our farmer friends something that, perhaps, many of them are not aware of. It is true that for many years the National Bank here charged eighteen per cent. per annum for money, and the attorney's fees and cost of papers being added, really made the cost of the money to the borrower something near twenty five per cent. A few years ago the rate of interest was reduced to twelve per cent., but still the cost of papers and attorney's fee had to be added, which runs the cost of the money to a higher rate than twelve per cent.

We are happy to announce to our farmers and men engaged in other business that there has been quite a change in the charges for money at the National Bank of New Berne. The bank is now owned almost entirely by stockholders who have an interest in the community and know that their prosperity depends in a measure on the prosperity of the community; in other words they have an interest in common with the people of this section of the State. Money can be obtained there on long or short time, small or large amounts, at eight per cent. per annum, but the security must be unquestioned. A note with good personal security will be discounted at eight per cent. per annum, and there will be no cost for attorney fees or recording papers. If a mortgage is given to make the security good of course the borrower pays the cost of recording the papers, but the attorney fees have been almost practically abolished, the fee being so small as compared with former fees and the bank bearing its proportion of such charges.

Now we submit the question to the people who occasionally have to borrow or buy "on time" if it is not better to borrow money, where it can be obtained as low as eight per cent., than to buy on time? There is always abundant competition for cash trade; a man with money in his pocket, if he is prudent, can buy to great advantage; but the man who gives a mortgage for goods denies himself whatever he is charged, and don't know really how much interest he is paying for the accommodation.

**For the NEW BERNE JOURNAL, Orange Presbytery.**  
This is one of the five Presbyteries in North Carolina. It embraces most of Eastern Carolina, and runs along the northern portion of the State to Surry county.

Reidsville, where we met, is a flourishing tobacco town with a population of 4,000. It has grown rapidly. There are here some seven or eight tobacco factories which employ perhaps more than a thousand operatives, some having two hundred. Two flouring mills are also in active operation. Many beautiful residences adorn the town, with ample grounds highly improved around them. Electric lights turn night into day on the streets, and some of the private residences and churches are also enjoying this powerful illuminative. A paid fire department with an expensive Sibley fire engine is employed for defence against fires. But I was awakened one night with the glare of fire in the windows of my room about 3 a. m. The engine failed to work and about \$50,000 worth of property was destroyed. If the wind had blown a large portion of the town would have been in ashes. Comparatively little insurance was held in the district suffering. But the buildings were of a dangerous character for the most part, and the town will eventually be improved by the present loss.

**SESSIONS OF PRESBYTERY.**  
About 54 Presbyters were present. Rev. G. A. Hough was received from Florida into membership. He will preach in the Randolph field. Rev. W. P. McCorkle will occupy the churches of Lexington and Hills Point.

Elizabeth City Economist: A meeting of the board of directors of the Elizabeth City Fair, Saturday night last, it was ordered by the directors present that the Fair be held this year on the 29th, 30th and 31st days of October.

Twin City Daily: Capt. R. R. Crawford, one of Winston's most genial and whole souled citizens, and a prominent dealer in hardware, left on last evening's train for Atlanta, Ga., where he will meet Mrs. Ada Dudley, of Kansas City, with whom he will be joined in the bonds of holy wedlock tomorrow.

Charlotte Chronicle: The President yesterday appointed Archibald Brady postmaster of Charlotte. The negroes are growing restive under the idea that there is likely to be no contest for the mayorship this year. The darkey is a "floater" who believes in Dudley's principle of "blocks of five," and it breaks his heart to think of an election where there is only one candidate.

Washington Progress: The protracted meeting at the Methodist church closed last Wednesday night. Thirty-one were added to the church as a result of the meeting. There were two vessels went ashore on Cape Hatteras on the 17th inst. and went to pieces, and not a man was saved. The vessels were not known. The prisoners made another attempt to break jail Sunday night. They had removed some of the floor under the lodging place and when it was found they claimed they had been looking for a rat.

**Raleigh News and Observer:** The committee appointed to canvass the city for subscriptions to the cotton factory met yesterday with a number of business men at the Savings Bank and reported the result of their labors. They announced that stock had been taken to the amount of \$42,000. Yesterday evening Mrs. Laura Jackson, mother of Mr. George Jackson, died suddenly at her son's residence on East Martin street. Mrs. Jackson was about 60 years of age, and had been sitting upon the porch for sometime. She complained of a dull pain in her head and arose to enter the house to lie down, when she fell dead.

In the case of the Buckley Gay Manufacturing Co., of Grand Rapids, Michigan, vs. Raney, involving the ownership of the furniture in the Atlantic Hotel, Morehead City, the jury last night brought in a verdict in favor of the defendant, Mr. Raney.
