Some say, "the thing is settled," and we could have told you so long ago if you had taken the trouble to consult us about it. Now is the time for men of business and money to locate here. If there is a town in the South with a bright future, Mt. Airy is that town. Parties are buying real estate in a hurry in this place. Among the recent sales, some of which have been made this week, are the following Dr. J. Meigs Flippin, of Pilot Mountain, N. C., one lot; Mr. Jeff Moore, of Patrick county, Va., one lot. Mr. Moore is fixing to commence building a tasty residence. The carpenters are busy getting ready to commence on the magnificent residence of Mr. J. T. Grimes, of Jamestown, Other sales have been made in the last few days. A large per cent of the buyers are either building or expecting to build at an early day. Let the ball roll-no town in North Carolina can show more solid backing for a large place. The people are begin-ning to see this, and the result is being telt." A. GOOD MOTHER .- "One good mother," says George Herbert, "is worth a hundred schoolmasters. In the home she is loadstone to all hearts and loadstar to all eyes. Imitation of her is constant-imitation which Bacon likens to a "globe of precepts." It is instruc-tion; it is teaching without words, often exemplifying more than tongue can teach. In the face of bad example, the best precepts are of but little avail. The example is followed, not the precepts. Indeed, precept at variance with practice is worse than useless, inasmuch as it only serves to teach the most cowardly of vices-hypocricy.

-Mr. Monroe Whittington is just returned from a visit to Piedmont Springs, and says that Mr. Jesse Tulian and Mrs. Houston are there and getting along finely.

-Prof. J. F. McCulloch preached to the gratification, and we trust edification also, of a large audience at the Methodist Church here yesterday morning. He also preached at night, when, owing to the threatening aspect of the clouds the number attending was not so large-yet it was fair.

-By all means our streets and side walks should be put in first class condition by the time of the conventions of fruit men and druggists which will be held here the 12th and 13th of the

present month. Everything should be put in holiday trim, and though there is time enough yet for sweeping and garnishing, the day is too near to justify any degree of indifference.
