—Several days ago a negro tramp by the name of B. L. Love was killed while crossing Reedy Fork trestle, near Brown Summit. It is supposed to have been a case of suicide, for he was told by the watchman not to go on the trestle, as he heard the train coming. He persisted in his attempt to cross, and as he reached about middle way of the bridge the train struck him, death ensuing instantly.

YOUNG AMERICA HIMSELF AGAIN
 —ABOUT TO OUTDISTANCE EDISON'S ELECTRIC LIGHT.—While passing around on South Elm street, we met a youth, a native of North Carolina, who seemed to be busy surveying the distance between Guilford Court House and the depot. After prevailing on him to give us some information he informed us that he was trying to invent a machine that would throw all the mud from South Elm Street in five minutes and would not cost the commissioners one cent!
