

A paper for all people, but especially to meet the desire which many are known to entertain for a non-political sheet, the WORKMAN will strive to go into every house, leaving to other papers the science of politics, giving the news in brief and holding itself responsible to the moral sense of the community for its utterances.

FARMERS' CAMPAIGN.—We learn that Col. L. L. Polk will speak to the farmers of Rockingham county at the following times and places: Summerfield, Monday, July 18; Rocky Springs, Tuesday, July 19; Madison, Wednesday, July 20; Stoneville, Thursday, July 21; Leaksville, Friday, July 25. Everybody is invited, and don't forget to bring the children and young folks, as well as baskets. Questions of vital concern to our farmers will be discussed. We bespeak for the Colonel good crowds.

AN EASY JOB OF SENSATION.—The Richmond Christian Advocate has published a rumor, which has been widely copied, that Jeter Phillips, who was convicted of the murder of his wife at Richmond, in 1870, and executed therefor, was afterward resuscitated and is now alive. Without stopping to discuss the probabilities which support the story, we would remark that nothing would be easier than to start a story of the kind about any one who has been hanged, and to have it repeated until it would be firmly believed by about one third of the entire people, at least. To begin with, this is not only a sensational age, but an age of trickery and corruption. Great is the doubt, in many cases, of the honesty of the administrators of the law, that a mere hint that a certain hangman had been tampered with and bribed, would open the way for the belief of any story of the resuscitation of a man who had been hanged and counted dead. There could be no finer field for operation than this. It would require no great amount of talent to invent a story that would take like "wild-fire," for many people are naturally inclined to be superstitious, while many more are so fond of being humbugged that they would swallow the largest sensational story that the ingenuity of man could invent.

THE DURHAMITES AMONG US YESTERDAY.—The following are some of the persons who came up from Durham yesterday on the excursion made by the Trinity Sunday School: Mess Julian S. Carr, proprietor of the Durham Tobacco Manufacturing Co., W. Duke, of the Duke Cigarette Co., E. J. Parrish, Supt. of Trinity S. S., Rev. R. B. Creasy, pastor of Trinity church, Rev. Gregson, pastor of Main St. church, Rev. B. R. Hall, pastor of Carr church, Ballard, Supt. Main St. Sunday School, W. H. Branson, Supt. Carr church Sunday School, Reed and Snow, of the Durham Tobacco Company, Mrs. Dr. Carr, Mrs. W. H. Branson, Mrs. Rud, and a number of others who cannot now be recalled.

Arrived at the College grounds, a committee of West Market street and Centenary churches, representing the officers and teachers of the two Sunday Schools, made the visitors welcome, through Mr. C. H. Ireland, who delivered an appropriate address, and was replied to by Rev. Creasy. The dinner was elegant, and so abundant that many baskets full escaped unharmed. Several Greensboro folks had baskets, and there was an interchange of refreshments and an inter-

mingling on a most liberal scale. The young folks spent the time after dinner in rambles and observations over our city, while a number of others remained in the quiet of the College grove until 5 p. m., when the line of march was taken up to the depot.

Then at 5 1-2 the train sped away, while good byes and come agains were heartily said, and sincere regrets that a day of so much real pleasure must needs end so soon. Nice, orderly and genteel behavior, are the words used of our Durham visitors, with the additional statement that nothing less was expected of Durham's Trinity Sunday School, and that they will be as heartily welcomed on their next visit.

Commissioners' Meeting.

The commissioners met in their hall last night at about 8 o'clock, Mayor King in the chair, and the following members present: Schenck, Nelson, Dodson, Scott, Coffin, Beville, White, Odell, Turner, Ellington: absent, Price and Hawkins. Minutes of last meeting read and approved. The committee to confer with Mr. C. F. Thomas as to damage to his lot by running a street through it, reported that no agreement had been reached, Mr. Thomas adhering to his original claim for \$400. A resolution was then adopted to the effect that unless Mr. Thomas and the committee appointed to confer with him can agree to arbitrate the matter of difference, then that Mr. Thomas be invited to meet the Board at its session July 1st to select commissioners, as provided in Section 58 of city charter.

Commissioner Nelson introduced Hon. D. F. Caldwell as having a matter of grievance growing out of the location of Schenck street, which he held was not run by a straight line, and that it was unfair to himself. It was urged in reply that Mr. Caldwell had extended an unrestricted right to make the street across his lands, that the committee were not apprised of any of the peculiarities of the situation, and now for the first time learn of their existence, a fact which they regretted, but for which they did not feel responsible. Mr. Caldwell finally said that while his wishes were not understood and carried out, he could not go back on his word in the gift of the street.

Mr. John A. Barringer appeared before the Board as attorney for Mr. John Barker, who applied for recommendation to continue the sale of spirituous liquors at his old stand near the court house, arguing at length in favor of Mr. Barker as a man, and in favor of his stand as a suitable place for the retail of liquors. Mr. Barker presented a recommendation and a numerously signed petition. It was remarked by a member that it could not be in order to vote on the petition in the face of the ordinance fixing 400 feet as the line of demarcation ground public buildings, within which line no retailing should be permitted. The motion to reject was carried by a 7 to 3 vote.

A motion was then made for recommendation of same applicant to retail in the Bogart building, and another motion to postpone action on the same till Friday night. Mr. Barringer asked that the basis of objection be stated, but Judge Schenck suggested that such information would be too clearly in the interest of the party applying for the recommendation, and that moreover it was not known to the Board collectively what grounds of objection might arise or be formulated in the further course of the proceedings. By permission Mr. Barringer withdrew the petition for the stand in the Bogart building, and rested it where first designated—the Barker building near the court house.

The committee to look after the street by Mr. Scott's residence were excused for non-action on account of adverse circumstances.

Committee on tank in S. Greensboro was not ready to report, and

report of Commissioner Turner on streets deferred on that ground. [The committee was to meet this morning.]

Mr. Turner reported the purchase of a scraper for the city.

An informal report was made as to city engineer, and a discussion had as to the probable utility of the office to the several branches of improvement. Mayor King gave the Board the information he had collected as to the cost of an engineer's services, and said that one had offered to do the work needed by the city for \$1,250. The sewerage question was freely discussed, and Mr. Dodson insisted on the paramount importance of protection against fire, and higher still of good health in the community.

The committee was empowered to employ an engineer. Three oil lamps for North Greene street were ordered. They will be located at and beyond the old factory.

Mr. N. S. Armfield applied for recommendation to sell spirits at Olive Branch Saloon. Petition refused. Another petition for Mr. Armfield at what is known as the Thomps Garrett corner was also refused. Committee on pavements authorized to send one of their number to Charlotte to examine the work of macadamizing now going on in that city.

The question being asked as to whether certain poor persons, to save the expense of hiring another, should be permitted to dig the graves for their own dead, it was decided in the affirmative.

The question as to the proper depth for graves in the cemetery being called up, it was decided that in the case of an adult the distance from the surface to the lid of the casket should be 3 1/2 feet, and in the case of a child 3 feet. It was further enacted that in the preparation for the burial of any person in the city cemetery 6 hours notice be required for the grave digger.

The clerk read a number of bills which were explained and ordered paid, embracing police, scraper, rock, buckets for the use of the street force, lime and lumber. On motion adjourned.

DEATH OF DR. SHIPP.—Rev. A. M. Shipp, D. D., whose illness was noted in yesterday's Chronicle, died last Monday night, at Cleveland Springs, and his body passed through this city yesterday, on the Carolina Central road, enroute to Cheraw, S. C. the home of the deceased, for burial. Dr. Shipp was 68 years old, and his death was the result of a severe attack of jaundice, from which he had been suffering for some weeks. He went to the Springs a few days ago, in the hope of benefiting his health, but he was then too much enfeebled and exhausted to rally. His wife and son were at his bedside at the supreme moment of dissolution when his soul took its flight.

Dr. Shipp was at one time a professor in Vanderbilt University, and was formerly president of Wofford College. He was well and favorably known through out the South, and had many friends in North Carolina who will regret to learn of his death.—Charlotte Chronicle.

Attention, Firemen.

You are hereby notified to meet at your engine house Thursday evening at 6 o'clock, sharp, for drill.

HEADACHE.

"I was for many years a perfect martyr to Headache and Dyspepsia, and sometimes thought it would kill me. After trying many remedies, and finding them of no account, I concluded to try Simmons' Liver Regulator, and I am now and have been for fifteen years a stranger to headache, I can recommend the Regulator, for it is no humbug.—B. L. Dopp, Putnam Co., Ga.

"I have suffered for five years with the Sick Headache, and find it is the only thing that will give me relief."—W. J. ALSTON, Arkadelphia, Ark.
