The Ladies' Presbyterian Chapel Aid Society will hold a festival at the Chapel on Ashboro street, Friday night.

An intoxicated woman of a ginger bread color, whom we saw on the street about noon yesterday, didn't appear any worse than if she had been of some other complexion.

Mess. Thomas, Reese & Co. have removed their job printing office to the Benbow corner, up stairs—entrance in front—and will soon be ready to do anything you wish in their line.

The water-melon wagons are on the streets here until late of an evening on Saturday, and on Monday morning they are here at the same old stand. Any boy can write a local on water-melons.

The many friends of Mrs. MARY GORRELL, relict of the late Ralph Gorrell, will hear with regret of her death, which occurred at her home in this city this morning at a short while before 10 o'clock, after an illness of some weeks. The funeral will be at the Presbyterian Church, tomorrow at 5 o'clock p. m.

Mr. A. M. Bradshaw and his company, of Friendship, threshed out over 590 bushels of grain last Friday, in about 7 hours, and yet it is a strange fact that it costs more to thresh a crop of grain by the improved process than it used to cost under the old system of wooden flails, as we learn from one of our best informed farmers who has tried it both ways.

The Right Eminent Grand Commander of the Grand Commandery of Knights Templar of N. C., will visit Ivanhoe Commandery of Greensboro, on Wednesday and Thursday of this week, for the purpose of exemplifying Commandery Degrees, Drill Instruction, etc.

Pansy for August was duly on hand in due time, and proves equal to all expectations. It is a magazine of unsurpassed purity and deserves its fine reputation and great popularity. The price is only \$1.00 a year. One number, as a specimen, will be sent for five cents. Address D. Lothrop & Company, Boston.

The rain last night was preceded by a bank of fiery clouds in the northwest, out of which shot bolts of horizontal lightning, by which the heavens were made to glow like a furnace for almost an hour. Had a volcano begun its work in that quarter the brightness could scarcely have been greater. It had the appearance of a city on fire at a distance of about fifteen miles.

Of the five persons who went to jail yesterday on account of whisky, three paid out, and two remained a longer time, being either too impecunious or too limber to walk the plank. When "tag, rag and bobtail" pay their next visit to Greensboro, we trust that the jail may be large enough to accommodate the whole concern. How they bellowed and squalled and swaggered and bawled was a disgrace to any town of decent people.

We understand that the woods lying between Mr. Jackson and the town of Greensboro, and between Walker street and the R. & D. Railroad are used constantly, both Sunday and work-days, for various criminal purposes, some of them of a most shameful and revolting character. Out of the corporate limits these lands are, but the parties are none the less within the reach of the law, and should be arrested at once by the county authorities.

FULL OF IT—The Mt. Airy News is so full of railroad literature that it foams out at the top. There is something tangible now, for the track has been laid to Dalton and hands are busy building sidings etc., and by the 15th of next month the cars are expected at Pilot Mountain. This is the way to "go west, young man," and grow up with the country. Greensboro and Mount Airy will be door neighbors yet, and not a great while first either; and then look out. And there is the Madison Branch, soon to be built, to say nothing of Raker City road.

THE FRIENDS IN COUNCIL.—The Yearly Meeting of Friends at High Point, now just concluded, seems to have been one of much interest. One cannot but admire their devotion in the maintenance of Christian education, eliminating from the system what is cumbersome and costly and adhering to the simple but more efficient. We like that. We honor, too, the men who subordinate the conventional to what is really essential and promotive of true advancement, and give to education the position which it was designed to hold in the economy of life. Success to them.

We saw yesterday a lady of the olden time who was 88 years old and as straight as any young girl. Her faculties seemed to be almost as good as ever. Not many miles from the same spot we saw an old lady who was perhaps over 90, but she did not know her age.
