A Very Sad Accident.

Capt. W. C. Dodson, conductor on the C. F. and Y. V. Railway, was was side tracking some cars at Spout Springs, Tuesday evening, November 6th, at about six o'clock, and was on the top of a box car. A steam saw-mill near the side track has a large wooden contrivance through which shavings from the mill are blown to the opposite side of the road, and while Captain Dodson was off his guard he was struck on the head by the contrivance spoken of and was thrown down on a flat car, by which his skull was seriously fractured.

Physicians were summoned immediately, and the patient taken in special charge. We did not hear of the affair until yesterday after our paper had gone to press. At that time, and even until about noon to-day, the condition of the patient was regarded as almost hopeless, but we are glad to learn since that he is better. The father and mother went down as soon as possible to be with their son in the calamity.

The Election.

It is conceded on all hands that the Republicans have carried the national election, Indiana and New York having gone Republican, but at this writing it would be impossible to give the details. It was considered all the while by many that as New York went so would go the whole question, and such is the fact in this instance, New York continuing to be the pivotal state. The sinews of war and the sinews of an election are often one and the same. The plurality of Gen. Harrison in New York is estimated at 11,000.

The State of North Carolina has gone Democratic, it is claimed, by a considerable majority, the papers claiming the Legislature by thirty on joint ballot. But this is not certain. There seems to be no doubt of the election of Fowle for Governor, while there have been some changes in the representation in Congress. But taken altogether there has been a political revolution quite unlooked for.

A supplement which we send out with this issue, shows simply the results in Guilford county, but these were not wholly unexpected. The philosophizing mind will carefully digest causes, as far as possible, hereafter, while men who fear God and keep His commandments will adjust themselves to all changes with reliance upon Him as the Supreme Ruler over all.

"Who did you say is to be the next President?" "Oh! I don't know and don't care. I'm not looking for Presidents—I'm looking for a bottle of Salvation Oil. It kills pain every time. 25 cents.

One of our most estimable citizens may be thankful for the introduction of Dr. Bull's Cough Syrup, for its timely use has saved his life. For incipient consumption it is a certain remedy. Price 25 cents.

An Elegant Substitute For Oils, Salts, Pills, and all kinds of bitter, nauseous Liver Medicines and Cathartics is the very agreeable liquid fruit remedy—Syrup of Figs. Its advantages are evident, it is more easily taken more acceptable to the stomach, more pleasantly effective, and more truly beneficial to the system than any other remedy. Recommended by leading physicians.

ANGER SIGNAL.

CONTINUAL use has made Simmons' Liver Regulator widely popular. In order to make money from the great reputation gained from this remedy unscrupulous adventurers have gotten up cheap counterfeits, dangerous to health and stick on these frauds a name closely resembling the genuine, to deceive the unwary into buying their inferior goods.

FERNANDINA, Nassau co., Fla.
I have always used Dr. Simmons' Liver Regulator and always found it to do what is claimed for it. The last bottle and two packages did me no good, and were worse than nothing. I see it is not put up by J. H. Zeilin & Co., is not genuine and is a waste of money to buy it. I would be glad to get the genuine. Send me some from honest hands (with red Z and Zeilin & Co's signature on the wrapper.) This fictitious stuff sold will injure some one badly.

BENJ. T. RICH.
None genuine without the Z stamp in red on front of wrapper, and the seal and signature of J. H. Zeilin & Co., on the side.
