

# THE DAILY WORKMAN.

Vol. VII.

GREENSBORO, N. C., Tuesday January 28, 1890.

No. 201.

## EDITORIAL BRIEFS.

THERE are five men to be hanged in North Carolina on the 7th of next month.

NORTH CAROLINA has given a good large order for neckwear, to be worn on the 7th prox.

A FINE, live giraffe, 16 feet high, can be bought for \$10,000. Nothing said of speed in harness.

THE Sanford Express says that Mr. G. W. Charlotte, late editor of the Siler City News will become editor of the Asheboro Courier.

THE ice dealers of New York are in better heart as to the prospect for an ice harvest, as ice from six to nine inches thick has been formed already on the lakes near the Hudson river.

WE see in the News and Observer that the Governor has decided not to interfere with the sentence of Manly Panckney, of Montgomery county who is under sentence of death for murder, the execution to take place on the 7th of February.

THERE have been twenty three wrecks in the space of three weeks on the Savannah & Western Railroad, the last of which resulted in the death of two engineers, two train hands and one fireman and the injury of several other persons.

NEW York specialists are making experiments with the virus of a rabid dog, and after injecting the virus into other dogs are awaiting results. The rabid dog which furnishes opportunity for the experiments, is the property of R. M. Colgate, and is valued at \$300.

A DISPATCH received from Redville last night announced the acquittal of Mrs. Morris in the trial at Wentworth, as we intimated yesterday would probably be the verdict. We here correct a mistake made yesterday that Col. James E. Boyd, of this city was associate counsel with the Solicitor. It was Col. Boyd, of Rockingham.

CASHIER LOUNSBERY, of the New York post office, committed suicide some days ago, under mysterious circumstances. Many believe that he will be found short \$45,000 in his accounts, while others believe that when the private compartments of certain safes are examined his shortage will be a small matter. Other troubles than those of a financial nature are suggested as to the cause of the suicide.

A MONTREAL man has been condemned to pay the sum of \$1 as damage for having called upon a person in a factory with a view to collecting a debt. The court held that the domicile of the debtor is the proper place at which to demand money that is owing. If further declared that to ask on the street for money that is due constituted an assault. It would appear that the average debtor has far more protection than the creditor.

FINE MACKEREL just received at J. B. Phipps, South Greensboro.

## A BUDGET OF LOCAL SQUIRES.

Picked Up and Jotted Down by the News and Observer.

—Mr. Hugh Dixon has one of his brothers helping him in the store.

—Nearly all of the Winston train crew are sick. Among those that are too sick for duty are the conductor and the baggage master.

—Numbers of people in this city claim to have had la Grippe, but some of them come off too easily to have a well grounded claim on that line.

—The quantity of tobacco on this market has not been so great for the past few days as it was not long since, and the prices paid are not altogether so high.

—The Street workers on the north side are very busy laying off and making streets in the old field. All that it lacks of locking cities is the houses.

—Rv. J. L. White, of Durham, preaches to night at the Baptist church. His discourse will be especially for young men, but all are invited.

—Two of the carriers of THE WORKMAN are sick, it is thought with measles. Should any irregularity occur in the delivery of the papers, please report to this office.

—The account of the robbery of \$100 in the glare of an electric light in yesterday's WORKMAN was faulty as it left the impression that it took place in Greensboro, while the fact is, it was in Charlotte.

—These are forty-nine electric lights in use in Greensboro at present. As these are widely distributed, the carbon setter who now has to make the rounds daily, gets a very good leg exercise.

—We have noticed quite a number of people on the street recently with rags and plasters sticking about on them. This morning we saw a young man with his nose covered and yesterday we saw out with a white cloth over his eye. Accidents by rail or otherwise seem to have been quite frequent.

### The Y. M. C. A. Meeting.

The Y. M. C. A. Meeting to night will be conducted by Mr. L. A. Coulter, State Secretary. The services are at 8:30, that there may be no complaint with other services. All men invited, and members especially are urged to attend.

### A Splendid Advertising Medium.

Merchants, grocers, shop-keepers, butchers, etc., etc., don't know how much publicity a local in the WORKMAN would give them. A gentleman said this morning that he had been asked about about a certain matter by a thousand people as a result of a local in yesterday's WORKMAN.

### More Light.

Another electric light has been added to the circuit. This one has been placed over on the hill in the old field toward the cemetery, and serves to give light by night to wild animals to watch the growth of the young town that is about to spring up in that quarter, and over which they seem anxious, knowing that they will soon have to give place to an increased population and a widening civilization.

## Boyer Was Elected Sheriff.

That is the verdict rendered by the jury in the contested election case of Boyer against Teague, at 2:50 o'clock this afternoon.

The defense made motion for a new trial. Nothing new having been brought to light the motion was denied.

The defense then appealed to the Supreme Court on the exceptions noted during the trial. The Judge ordered that an appeal bond of \$100, approved by the clerk, be filed.

It was then agreed that the defendant be allowed 30 days to make up his case for the Supreme Court, and that the plaintiff be allowed 15 days thereafter to file his answer.

A bond in the sum of \$3,000 to assure the emoluments of the office for the time it has been and will be held by defendant Teague, will be required. He was given until next Monday, the day the County Commissioners meet, to file said bond. If he does so, the agreement is that he shall continue in office until the Supreme Court. If he does not give the bond, the Commissioners will be asked to declare the office vacant and appoint Boyer, or some one, to the office.—Twin-City Daily.

### Personal Mention.

Mr. Stewart Jones, of Richmond, is in the city.

Capt. B. J. Fisher, of Asheboro, is in the city to-day.

Editor Hunt of the Burlington News and Mr. Berry Davidson, of Gibsonville, were here for a short time this morning.

Mr. Calvin Johnson, who has been down to his mother's for some days, returned to the city on the C. F. & Y. V. train to-day.

Col. John C. Tipton and party took a ride out into the country yesterday evening in a big hack, and this morning the Col. walks around with a very big cold.

Mrs. John Jackson, of South Greensboro went to Danville last night in response to a telegram from her sister, Mrs. John Roser, who is ill—with an attack of la grippe, it is supposed. We know of other persons in Danville who have been attacked by the same disease, but hear of no very serious cases.

### A Locomotive Built at Raleigh.

The News and Observer says: The Raleigh & Gaston shops of this city have just turned out a magnificent new locomotive which is now ready to start out on the run. It was built in the R & G. shops from the rails up to the top of the smoke-stack and for speed, strength and splendid finish cannot be excelled by any piece of work in America.

### FOR SALE.

One elegant building lot on West Market street, opposite B. & O. Glenn's.

One store house and lot on South Elm st. From five to six hours riding around the residence of Mrs. Dr. Wilson and fronting West Market street.

Four desirable business lots in the grove south of depot.

Desirable lots on Grace street. The W. A. Weids factory and lot near the depot. Some bargains in building lots in South Greensboro, on South Elm street.

A few some hands (iron) on and near the C. F. & Y. V. R. R. extensive splendid factory site.

One hundred and eleven acres of the highest improved land in Guilford county, adjoining the city limits.

Any description of property can be had reasonably by calling on Land & Scales, Office over Porter's drug store.

### LOST.

On the street, or elsewhere, yesterday, a bill of money. The number of each bill please call at this office, where a description of the bill will be given.

## A NEW ENTERPRISE.

The Brick Company Held an Extraordinary Meeting.

A meeting was held in the rooms of the Chamber of Commerce last night, at 8 o'clock, in pursuance of a call made in THE DAILY WORKMAN of same evening.

On motion of Mr. O. W. Carr, Judge Gilmer was called to the chair, and on further motion Mr. J. W. Causey was made Secretary. The meeting being thus organized was called to order by the Chairman and its business opened. The minutes of last meeting were read, amended and adopted. Stock was found to have been taken to the amount of \$4,300, which was further increased to \$5,000. Reports were made of lands offered to the company for its purpose in making brick, and the matter of machinery was also mentioned. It was proposed and carried that the stock of the company be increased to \$10,000.

On motion a committee was appointed by the Chairman to draft articles of incorporation for the company, and have the same executed in legal form. The Chairman appointed as said committee, O. W. Carr, Sample Brown, and W. H. Lyon. and on further motion the name of J. W. Causey was added.

The meeting was gratified to have the presence of Messrs. W. H. Watkins, and T. L. Chisholm, of Rameur, who subscribed to the stock of the company. On motion the meeting adjourned to Monday night, February 10th, at 8 o'clock.

### Advice Given.

The following is given free of charge, nor have we been solicited by any of the real estate agents to insert it. Just at this time we think it very appropriate for many of our citizens:

1. Be sure to get a good lot on which to build; and do not forget that no lot is a good one unless it is of good size and in a good locality.
2. Do not, on any account, touch any property that has the least flaw in the title. Be very particular on this point.
3. Secure a good plan before you begin the work of building. Money judiciously spent here will be money saved.
4. Get the best workmen, not the cheapest. The cheapest will be the dearest before you get through with them.
5. Lastly, and, tautologically, be sure to secure a large sized lot. The wisdom of so doing will more and more appear as the years go by.

### New Advertisements.

B. S. Brown & Co.—"New Sateens"—2d page.

C. F. & Y. V.—Change of Schedule—4th page.

Six Dozen Children's Hose at two cents a pair. Ten dozen Children's Hose at four cents pair. Eight Dozen children's Hose at five cents pair. Black, Fancy and Solid colors Come and see them, at Brown's One Price House.
