BIBLE STUDY.

The Bible Institute in Chicago, of which D. L. Moody is the head, has been fortunate enough to secure the services of Prof. W. G. Moorhead, of Xenia, Ohio, for the three months of April, May and June. Prof. Moorhead is regarded by many as the most suggestive, thorough and stimulating Bible Teacher in the country.

Mr. Moody sends out a cordial invitation to all ministers, evangelists, theological students and other christian workers in all parts of the land who wish a new inspiration in the study of the Word of God to come to Chicago for the entire three months or for a portion thereof and take advantage of this great opportunity. The new building of the Institute is open; and those who come, will, as far as possible, be accommodated in it. Those who desire rooms in the building should send their names and references at once to the Supt., K. A. Torrey, 80 W. Pearson St., Chicago. Those who cannot be accommodated in the building will find furnished rooms near at hand and can board in the Institute Restaurant. Four dollars per week will cover all necessary expenses. As the seminars close in April, theological students are especially invited to come and give a few weeks to Bible study under this gifted teacher and get the experience to be gained in the aggressive work of the Chicago Evangelization Society, among the masses of the city. Ministers who feel the need of fresh Bible Study and contact with active workers, are also cordially invited. Christian young men and ladies from the colleges could profitably spend the spring vacation attending Professor Moorhead's lectures.

EPOCOP.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory, and the agency whereby the good health has been attained is greatly blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, or long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c and one dollar per bottle at C. E. Holton's drug store.

WANTS HIS PLACE.

There was much talk on the streets yesterday about the old colored man who offered to serve out the term of Charles E. Cross at the work house. An old family servant of Cross has arrived here and went to see his young master Sunday at the work house. He said that if an arrangement could be made to that effect that he would serve the seven years' sentence in his stead. Of course it is impossible that such an arrangement could be made, as there is no such law in existence in this State.—News and Observer.

SKIN CANCER.
Several years ago I was called to see a colored woman who had a malignant form of cancer on her foot. The cancer grew worse under the prescribed treatment, and the toes and one side of the foot were at length eaten entirely away. The patient could not have survived much longer, but I commenced the use of Swift's Specific, and it cured her sound well. That was three years ago, and there has been no return of the disease. I regard Swift's Specific as most excellent medicine for blood diseases, as its tendency is to drive out the poison.

CANCER OF THE TONGUE.
For three or four years I had an eating sore on my tongue that made a considerable hole in it. I became alarmed at its progress, and went to Atlanta for treatment. The result was that I commenced the use of Swift's Specific, and the sore was soon gone, without a trace of it left.
