ROLLER MILL MEETING.

The meeting held last night to promote the roller flouring mill interest was organized by electing Col R M Douglas Chairman and W R Burgess Secretary. Stock reported taken 141 shares at \$100, each, 93 shares of which were represented. In response to a resolution by Hon D F Caldwell Messrs Ross and Willis gave a list of the machinery purchased at Mebane, and Mr Caldwell stated the result of his inspection of the plant, and that it cost \$8,000.

Mr Willis stated the purpose of Ross and Willis to put in their present corn mill as stock in the enterprise, costing out about \$4,650. Mr Caldwell moved the appointment of a committee of five to examine and report as to the property offered by Ross and Willis whether it can be utilized, also the present mill, and if thought best to substitute some other site.

Committee. W H Hill, O W Carr, D N Kirkpatrick, D Lewis, W C Bain.

S S Brown moved that this meeting resolve to build a Roller Flouring mill, whether the property of Messrs Ross and Willis be accepted or not, and that a Committee of three be appointed on permanent organization. Committee, R M Douglas, S S Brown, L F Ross.

Mr Ross was requested to continue the work of securing subscriptions.

Mr W H Hill spoke encouragingly of the feasibility of the enterprise, and Mr Caldwell dwelt on its great importance to the city. Mr J S Hunter stated that Dr Benbow offered to sell the McMahon property for \$1500, paid up stock, and on motion it was referred to Committee on Property.

It was resolved that the Committee on Property meet tomorrow at 10 A M and the meeting adjourned to meet next Thursday night at which time the Com. on Property will report.

INDIANS ATTACKED.

OMAHA, Neb., Dec. 9.—A special from Rapid City, S. D., says: A band of Indians from Little Wound's camp camped about ten miles east of the Cheyenne river, between the mouths of French and Battle creeks. They have been raiding deserted places, killing and running off stock, burning hay and grain, and stealing household goods. Yesterday twenty well armed men left rapidly for the Indian camp. They will be joined by a number of ranchmen, and if they are not intercepted by the troops will attack the Indians.

A special from Custer says that not far from Buffalo, Capt. M. Warren, a ranchman, with four of his men, attacked a raiding party of Indians and killed four. This story is not verified.

RETURNED.

Col Keogh, who returned from Chicago night before last, will probably remain in N C until after the adjournment of our Legislature, which will be petitioned to appropriate a respectable sum to have the State represented properly in the Great Worlds Fair of 1893. The Col says that he thinks that the plans laid for the Exhibition will be worked out without any serious friction anywhere.

WANTED!

A full meeting of the friends of the Roller Flouring Mill in the Hall of the Chamber of Commerce tomorrow night. *Be There.*

A special to the Charlotte Chronicle from Forest City, says:

The most awful tragedy that ever occurred in this county took place to-day at R. R. Haynes', nine miles distant.

Eighteen months ago, Holaway Walls married Miss Eva Haynes, sister of P. H. and R. R. Haynes. They moved out West, and lived together some eight or nine months, when domestic troubles caused them to part. Mrs. Wall returned here to her mother's.

Nothing was heard of Wall until to-day, when he came to Forest City, hired a conveyance, and went to see his wife. They met near her mother's. Wall drew a pistol and shot her dead, shooting her three times. Her brother Wayne came to interfere, and Wall shot him through the lower bowels, and fled.

Parties followed him some two miles, and found him lying by the roadside dead with a bullet through his own heart.

The community is greatly excited over the tragedy.

A VENERABLE WOMAN.

Mrs Evelyn Garrett, who lived near Tabernacle church, in this county, died this morning in her 93rd year, and will be buried at Pleasant Garden tomorrow at 10 o'clock.

A GREAT COUNTRY.

A citizen of the good old State of North Carolina ought to be some what proud of some of its advantages. These are various, and it would be interesting to consider them. Whether we dwell in the central part of the State or in the East or the West, we shall find some peculiar advantages. It was only last evening that we were speaking with a lady from Halifax county who was naming some of the useful products of that section where, within the past few years the discovery has been made that the soil is capable of producing the fine yellow tobacco which brings such fine prices in the markets. First, she said that her husband had made from his small farm three hundred gallons of excellent syrup. Then she spoke of the fine crops of rice that the farmers had been making. Besides these things cotton and corn grow finely, the forests contain material for lumber of white oak, red oak, cypress and heart pine, and in the Spring of the year fine white had run up the streams of water. It is clear to the mind of every intelligent person that the advantages here enumerated are very many to be found in any one section of the country, and the people whose homes are there are possessed of wonderful resources of comfort and profit. But there is another, which should be added to those already named, and that is the winter pasturage in the marshy lands, upon which cattle can subsist through the entire winter.

The question arises here—Is there any part of the world whose resources are as numerous? Until such a place is pointed out and proved, we shall say no. To recapitulate, here is the list: corn, cotton, tobacco, rice, syrup, fish, lumber and winter pasturage, to say nothing of peas and sweet potatoes, grapes and fruits of all kinds, which abound in great profusion.

RETAINING HIS HOLD ON GREENSBORO.

Mr J W Waynick, who has been here on a visit from Bristol, has sold his house and lot in this city to Mr S J McCauley, and has bought two lots of the McMahon property, which shows that he is in favor of retaining his hold on our promising city. We think, and so does he, that he has made a good investment.

MEETING LAST NIGHT.

Those who were present last night in the meeting in the interest of the Roller Flouring mill were impressed with the evident purpose and determination of the persons who participated in the proceedings. It was a meeting expressing a great deal in addition to the action taken.
