CREAM OF THE WIRES.

LATE TELEGRAPHIC NEWS FROM ALL PARTS.

Members of the Kansas Alliance Hold a Love Feast and Adopt Resolutions—Big Snow in Illinois—Davy Crockett's Grandson Dead—Other News.

CHICAGO, Ill., Jan. 10.—A special from Topeka says: Alliance members of the Legislature and party leaders, had a love feast last night in their headquarters. The best of good feeling seemed to prevail between the factions which had been engaged in a bitter turmoil the last two days, over the publication of Turner's letter to Frank McGrath, President of the State Alliance.

McGrath made a statement regarding the letter, denying he had ever had any conversation with Turner upon the subject of his candidacy for United States Senate but the following resolution was adopted by unanimous vote:

WHEREAS, a letter, dated Dec. 31, 1890, signed E. Q. Turner, has been received by Frank McGrath, President of the Farmers' Alliance and Industrial Union, containing infamous suggestions and offers for betrayal of the most sacred trust and confidence; therefore,

RESOLVED, that we regard the affair solely as a noteworthy characteristic attempt on the part of politicians in Topeka and Washington to prove that moral laws have no place in politics, and a desire on their part to thwart the will of the people by any means however base, and corrupt; that we regard it as only a notable reason for standing firmly together in our earnest, untiring, and zealous devotion to our cause; that we deprecate and condemn all efforts or disposition to introduce or foment personal antagonism, or private pique or jealousy in our party, holding the common cause higher, dearer, and more sacred, than individual interest.

WASHINGTON, Jan. 10.—Secretary Blaine has opened up a correspondence with the Spanish government through the minister resident here in regard to the alleged indignities offered American missionaries on the island of Ponape, Carolina group, by Spanish soldiers. The basis upon which correspondence is now going on is a demand by the American board of foreign missions for indignities heaped upon their missionaries and for property destroyed.

MONTICELLO, Ill., Jan. 10.—The heaviest snow storm of the season has been raging here for the last twenty-four hours, and the fall of snow throughout central Illinois will be the largest for years. The wheat crop will be greatly benefitted. Telegrams show the storm to be general throughout a large portion of the State, and that the benefit be wide spread.

BRISTOL, Tenn., Jan. 10.—The subscriptions to the Danville and East Tennessee was carried today by the largest vote ever polled in the corporation—978 for and 3 against. There is great enthusiasm and rejoicing.

JACKSON, Miss., Jan. 10.—The governor, acting under the section of the new constitution, has counted the cash in the state treasury and verified the same with the books. He found that the cash on hand January 1st amounted to \$343,184.

NEW YORK, Jan. 10.—Judge Pratt this morning vacated the order appointing a receiver for the sugar trust

and directed that the company be handed over to a reorganization committee.

STUTTGART, Ark., Jan. 10.—Col. Robert H. Crockett one of the leading politicians of Arkansas, and only surviving grandson of the famous Davy Crockett died here Thursday. Col. Crockett was about 40 years of age.

Alliance Matters in The Legislature.

Very important action was taken in the lower House of the North Carolina Legislature on Saturday in relation to the Farmers' Alliance. Mr. Holman introduced a resolution that our Senators and Representatives be instructed to use all honorable means to secure the financial reforms as set forth in the Ocala Convention of the Farmers' Alliance. Mr. Peebles desired that the platform should be read for the information of the House. Mr. Holman said he did not have a copy of the platform, but that it was a financial reform to enable the farmers to get more money, and that the national banks would not take real estate as security for money.

Mr. Watson said he did not understand the platform of Ocala, and he hoped that it would be referred to some proper committee so that the matter could be thoroughly understood and intelligently passed on.

Mr. Pritchard said it seemed a kind of shotgun policy. He sent to the Clerk's desk and had used the following provisions from Ocala platform.

"We demand that depositories be had in the several States to loan money on crops, etc."

Mr. Pritchard continuing, said he would like to know how many counties it would benefit; that it was unpractical and visionary.

After a prolonged discussion participated in by many on both sides of the chamber an amendment was offered by Mr. Patterson as follows:

Resolved by the House of Representatives the Senate concurring that our Senators in the 51st and 52d Congress of the U. S. be and they are hereby instructed on our representation requested to vote for and use all honorable means to secure the object of the financial reforms as contemplated in the platform adopted by the Ocala meeting of the National Farmers' Alliance held in December, 1890, that a copy of the above resolution be sent to our Senators and representatives in Congress.

A call for the ayes and nays resulted as follows: ayes 98; nays 13.

The Meeting To Night.

As was announced in Saturday's WORKMAN there will be a meeting of the citizens of South Greensboro to-night, at Bellevue Institute, the object of which is to appoint a committee to wait upon a standing committee, representing Greensboro proper, to see upon what terms South Greensboro can come into the corporation. No comment on this is necessary, as every one knows the importance of it.

But THE WORKMAN would urge upon the citizens of South Greensboro to attend the meeting, and express themselves upon this subject, which is of so much importance to Greensboro proper, as well as to South Greensboro.

There is a rumor afloat that there will be another marriage this week.

SEEDLESS RAISINS in stock. HOUSTON BRO.

A BUDGET OF LOCAL SQUIBS.

What our Reporters See and Hear About the City.

My, my, didn't the wind howl last night!

The change of schedule on the C. F. & Y. V. Railroad went into effect yesterday.

Miss Hattie Tomlinson, of Arcndale was here this morning, and left on the south bound train.

That must have been a Winston man who wanted to know "what church that was," as he pointed to the fire engine house.

Don't fail to read the editorial on the second page of to-day's WORKMAN under the caption of "Unwholesome Rivalry."

There seems to be unusual activity in Greensboro, when we consider the fact that this is usually the "dull season."

What a pity! The city authorities are taking up those beautiful young elm trees on Green Street along the side of Cobb's factory.

Glad to notice that our subscription list is growing larger. The people appreciate our efforts to give them a first-class live daily.

Case Wash Forbis, who lives some distance east of the city, was reported quite ill yesterday, and we learn today that his condition is unchanged.

It was announced at the Baptist Sunday School yesterday morning that the further election of officers would take place next Sunday morning.

There will be an important meeting of the Young Men's Missionary Society of the Baptist church tomorrow night. The members are urged to be present and all young men are invited.

When the train from the North came in Saturday night, three tramps were sitting on the pilot of the engine. When the train stopped they alighted and went in the reception room. They must have liked the looks of our town for they stopped over here.

A WORKMAN reporter stumbled upon a young man last night who had lost his hat. He was coming from West Market Street church, and the wind had blown his hat off, and blown it so far away that he could not find it. Our reporter found it for him, and sent him on his way.

Accidentally Killed While Hunting.

Mr. Walter W. Craven, eldest son of the Rev. J. F. Craven, of Pleasant Garden, was accidentally killed while hunting in Randolph county, some six miles below Pleasant Garden last Saturday morning. He was alone and his body was not found until Sunday evening.

Circumstances clearly indicate that the shooting was accidental, and that death was instantaneous. Mr. Craven was a moral, exemplary and worthy young man, of about 24 years of age.

The Furniture Factory.

The gentlemen who are running the furniture factory are as enthusiastic in their work as one could imagine to be possible. It is refreshing to see them under way. They have first-class machinery, and every man seems to be doing his best. Persons who make their first visit to the factory should not fail to see Prof. Frazier's writing desk, which has room in it for a tired man to spend the night. A great invention, certainly.

A FEW STATE BRIEFS.

Oulled from our Exchange's Over the Tar Heel State.

Raleigh has commenced work on her electric street railway.

Irvin Blum, who was run over by a street car in Winston, died Saturday from injuries received.

It is said that Rev. R. C. Reed, pastor of the Second Presbyterian church of Charlotte, is opposed to Sam Jonesism, and will not endorse the coming to that city of Evangelist Bill Fite to hold a meeting—Concord Standard.

Prof. Charles Lee Smith of John Hopkins University, has been elected to the new chair of history and political science at the Williams Jewell College, Liberty, Mo. Prof. Smith is a native tar heel, and well known in this city. He is one of the brainiest young men for his age in the South.—State Chronicle.

Mrs. Gould, wife of the proprietor of the Rock Spring hotel, was severely hurt last night by falling down two flights of stairs at the hotel. A physician was called to attend her, but the extent of the injuries she sustained could not be ascertained.—Washington Star.

Rev. S. H. Hilliard Last Night.

Rev. S. H. Hilliard pastor of West Market Street M. E. Church is growing more and more in favor with his congregation at each service, and all seem to agree that he is the "right man in the right place."

His sermon last night was listened to attentively by a fairly large congregation, and was worthy of high commendation. He took as his text the latter clause of the 38th verse of the 4th chapter of John: "Other men laboured, and ye are entered into their labours." He explained several of its applications, and closed with a few remarks on "How it applies to the liquor traffic." "I don't know," says Mr. Hilliard, "any other subject to which the text applies itself more forcibly than it does to the liquor traffic."

After the close of the sermon, Mr. Hilliard announced that there would be preaching in that church on Wednesday night, instead of the usual prayer meeting service, after which the Quarterly Conference would be held.

Roll of Honor.

The following pupils of the Graded School were neither tardy nor absent during the month ending January and 1891:
