One of the outstanding social events among the life of our township school was the Silver Tea given by the Parent-Teachers' Association of the Waynesville Elementary School, which was given in the auditorium. After which Mr. W. T. Shelton auctioned off several volumes that are to be placed in the school library. The parents were most responsive and generous, bringing all the books, that were put up at the close of a social hour was enjoyed with punch and sandwiches served by the reception committee. From both a social and financial standpoint the affair was a huge success.

NOTICE TO TEACHERS.

Superintendent Fred Safford wishes to call the attention of the county teachers to the following communication from the State department of Public Instruction:

To County and City Superintendents: The General Assembly just adjourned has passed a bill reducing the number of State examinations for teachers' certificates from three to one each year. The annual examination will be held on the second Tuesday and Wednesday of April, the same date as the April examination in previous years. (The Haywood County examination will be held at the court house.)

I am calling your attention to this change with reference to the examination so that you may give it as much publicity as possible. The only examination this year will be the one held on April 14th and 15th. May we count upon you to spread this information as widely as possible so that all those who are contemplating taking the examination will know their only opportunity is the one given in April.

Yours very truly, JAS. E. HILLMAN, Director of Certification.

ATE TOO FAST
South Carolinian Takes Black-Draught For Indigestion, Says He Could See Nothing.

Black-Draught, S. C. ... I had a very uncomfortable ... I took it after ... I could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Flatulencies, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-164
