

# Let us oil your FORD once

Lubrication of the Ford calls for a free-flowing oil that reaches all bearing surfaces. We have an oil that fits the Ford car exactly.

"Standard" Polarine Motor Oil for Fords is refined for Ford cars and none other. It is made with the same care that has placed other consistencies of "Standard" Polarine Motor Oils in the front rank of motor oils. We have been using it experimentally on private cars and on our own fleets of Ford cars, until we are sure it is better than other oils for Fords.

You will notice the difference immediately when you change to the new oil, for it does a thorough job of lubricating every Ford it gets a chance at.
