FELIX E. ALLEY

The announcement of Felix E. Alley for congress will be received with enthusiastic delight by all who know him.

Mr. Alley is truly "The Mountaineer Statesman." He knows the folks of these mountains. He sympathizes with them in all their sorrows and afflictions, and he glories with them in their achievements. He loves every kind of grass on these hills and hillsides, every bird of the air, and every stream that flows in his native soil, and he is a Democrat who knows no superior or who has few equals. If elected he will make one of the best congressmen that ever graced the halls of congress, and will be a mighty pillar of support for the great National Democratic party. That he will truly represent his people and his native land goes without saying. He is one of the great present day statesmen and will not only be a tremendous credit to the South, but to the whole of North Carolina.

SUPERINTENDENT W. C. ALLEN

The Carolina Mountaineer is fondly looking in the new superintendent of schools of Haywood county. We consider that Mr. Allen is exceedingly well qualified for the office he now has. His life work has been for the cause of education. He is earnestly working to build up the school system of this great county and if he is given the proper cooperation we believe he will succeed in giving this county the greatest, most progressive and enduring school system that will make it the finest in America.

It is befitting that a lack of cooperation, personality and dissension among the members of our school officials can only lead to chaos.

For the sake of Haywood county's greatest asset, our children, back up our superintendent and give the future leaders of our state and nation a fighting chance by an education. We cannot be too extravagant for the great cause of education.

HAYWOOD GETS BENEFIT OF EQUALIZATION FUND

Haywood county will participate in the equalization fund to the amount of \$17,750. This will bring general satisfaction to everyone who has an interest in our schools at heart.

The roadshow started the movement some time ago to present our claims to the State Equalization committee. Hon. Charles R. Thomas has been an active worker. Prof. W. C. Allen, superintendent of the Haywood County Public Schools, made a special trip to Raleigh and presented our claim with their suit that we receive our quota. A full account is in another column.

COUNTY SCHOOLS TO HAVE SUPERVISION

The county school board decided to have county supervision of our schools this year. The supervision program, as set forth in an interview with Mr. Allen, the county pay \$2,400 and Waynesville township only \$1,200 towards the maintenance of supervision. It seems fair and square that the whole county should receive the benefit of supervision and not just a township. The Canton schools are in another class, that of city schools, this township it appears voted against this system.

Felix E. Alley For Congress

Famous Democratic Mountaineer State man Definitely Declared to Enter Congressional Race.

(Continued from first page)  
The tenth congressional district is composed of the following: Rutledge, Polk, Henderson, Transylvania, McDowell, Buncombe, Haywood, Jackson, Swain, Graham, Cherokee, Clay and Macon.

Enthusiastic friends point out that in every office that the Honorable Felix E. Alley has held he has had opposition to start with, but was always nominated by acclamation in the end.

TRIBUTE TO DEMOCRACY

The following are the closing words of Mr. Alley's speech during the last campaign:

The Democratic party is the oldest party in this nation. It has outlived all other parties. It saw the old Federalist party die. It engaged in many a hard fought contest with the old Whig party, but it saw the Whig party go down never to rise again. It has outlived the Know Nothing party, and the Greenback party, and the Populist party; it saw the great Progressive party spring up with Roosevelt at its head, and make a valiant fight in one campaign and then go down in defeat to be resurrected no more forever; and it will yet live to perform the sad obsequies at the burial of the republican party.

When will the Democratic party die? The Democratic party can never die because the principles for which it stands can never die, and the principles for which it stands must ever live, because they are eternally right. Its leaders may die, but its principles never.

Men will rise and fall like leaves before the wind, as it whirled through the forest on its way to meet the sea, or the climbing waves as they rise up from the sea, but the principles of the Democratic party are eternal and unchanging as the granite in our everlasting hills.

In all countries, on the earth in which human beings dwell, there is the spirit of Democracy lives and breathes. Its birth was born when the Morning star first sang Creation's hymn. Its birth was coeval with the birth of truth and justice, for justice is truth and truth eternal. And when time shall be no more, and this old world goes back to the nothingness from which it was formed, the spirit of Democracy will continue to live to survive the crash of matter and the wreck of worlds.

Often as I have stood upon the majestic mountains of my native county of Jackson, and from their lofty and dizzy heights beheld the indescribable glory of the sunrise. And, standing there I have seen the dark storm clouds gather, and watched the lightning flash, and listened to the deafening roar of the musketry of the winds and the artillery of the skies. And the I have seen the clouds break away and disappear, leaving the heaven ablaze with the light of the beautiful rainbow of promise, gleaming softly luminous behind the thunderbolts and causing the glad heart to beat with quick pulsation of hope.

My friends, do you arrange the dark clouds of defeat cast their gloomy gloomy shadows over this great nation. But from that defeat we have learned lessons from that disaster we have learned that eternal vindication is the price of victory and upon the wreck of our mistakes of four years ago we have built the most progressive platform ever formulated by any party in all the land of time, and we have placed at the head of our National ticket a man as plain and Democratic as Thomas Jefferson; as fearless and courageous as Andrew Jackson; as strong and steadfast in his purposes as Grover Cleveland; as scholarly and brilliant as Woodrow Wilson; as magnetic and eloquent as William Jennings Bryan, and the superior in intellect of a thousand Coudlages; and I confidently believe that with a platform like this, and with a candidate such as ours, when this mighty contest is ended the sun of Democracy will rise again; the clouds will be dissipated; the Bow of Promise will reappear, and the Star of Hope will beckon the triumphant victorious Democracy of this nation to return once more to its own.

I confidently believe that when the stars begin to shine on the night of November fourth, and the challenge goes out from the Watchtower of this great Republic, "Watchman, what of the night?" From every voting precinct of this great nation, from where she pillows her lovely head upon the Canadian border to where she bathes her shapely feet in the rolling serfs of the Gulf of Mexico, and from shore to shore of our enclosing seas, the answer will be echoed back upon the wings of every wind that blows, "All is well, all is well."

HONOR TO WHOM HONOR IS DUE

In November, 1923, the County Board of Education secured the services of a woman to fill a three-fold job in the office of the County Superintendent. She was to be stenographer, bookkeeper and filing clerk. The increase in the number of schools in the county, in the necessity and importance of the keeping of records and statistics, as authorized by the State Department of Public Instruction and likewise, the increased demand upon the superintendent's time for inspecting and directing the schools in other words, the tremendous growth in the educational system made it impossible then, as it is even more so now, for the county superintendent to intelligently look after the school, and keep up his other work. To conduct the latter work, with the superintendent absent a greater part of the time from the office, required not only a person of sound business experience and ideas, but one of expert ability as an accountant and bookkeeper.

Another feature of additional responsibility was that just at this time the State Department was making new requirements of the county office. The correct initiation of these meant economy and efficiency for the future. Those in control of school administration in Haywood county, chose to disregard partisan or other political considerations, and direct our schools along the lines of service. As things have turned out the County Board of Education at that time must have been especially inspired, when they chose Miss Maude McCullough to fill the job. She has proven herself to be a perfect dynamo of efficiency in the manner in which she has conducted the office, since assuming charge. All requirements made by the State Department have been met in the systems used. Mr. Frank Edmundson, Director for the state of a uniform system of bookkeeping for all counties, stated after inspecting her books that they were the best kept in North Carolina. There are no tangles in her records to be unraveled. And ever for this expert service Haywood county has had to pay only \$1,800 a year. A bargain and economy at that. Miss McCullough has not only given the highest type of service to her position, but through her vision and enthusiasm has given inspiration to education in our county.

THE WOMEN OF HAYWOOD COUNTY

(Contributed)

The women of Waynesville, and Haywood county, only recently enfranchised, have special and peculiar interests in the work of the schools, and disappointed by the failure of rampant Democracy in 1921 to accord them recognition in the distribution of county offices, cannot look with favor on any movement displacing from participation in the county and Waynesville township schools, as at present being arranged, for two of the most efficient people (both women) who have ever served us in public positions.

IN NEW OFFICE

Hon. Charles R. Thomas has opened law office on Main street over Bass Withers' real estate office. Mr. Thomas will occupy the suite of rooms now being going up. Congress Zebulon Weaver was the chief orator of the day and made a brilliant address. Hon. Felix E. Alley introduced Mr. Weaver and Rev. S. R. Crackett, our popular Presbyterian minister, gave the benediction after a short address.

DO YOU KNOW?

What 21,000,000 letters went to the Dead Letter Office last year?  
That 803,000 parcels did likewise?  
That 100,000 letters go into the mail years in perfectly blank envelopes?  
That \$55,000.00 in cash is removed annually from misdirected envelopes?  
That \$12,000.00 in postage stamps is found in similar fashion?  
That \$3,000,000.00 in checks, drafts and money orders never reach intended owners?  
That Uncle Sam collects \$92,000.00 a year in postage for the return of mail sent to the Dead Letter Office?  
That it cost Uncle Sam \$1,700,000 yearly to look up addresses on misdirected mail?  
That 200,000,000 letters are given this service, and  
That it costs in one city alone \$500.00 daily?

AND DO YOU KNOW?

That this vast sum could be saved, and the Dead Letter Office abolished if each piece of mail carried a return address, and if each parcel were wrapped in stout paper and tied with strong cord?

MARIE MORRISEY WINS SUCCESS ON TOUR

Marie Morrisey, noted contralto, who sings here Thursday, July 2, is completing one of the most successful tours ever made by any singer. The critics are all unanimous in their praise of Miss Morrisey, and her singing.

The New York Times has the following to say: "Miss Morrisey sings as if it were the only thing desirable in life."

Gifted with a rarely beautiful voice and a magnetic personality, Miss Morrisey never fails to win her audience the moment she appears upon the stage.

Like so many other great artists, Miss Morrisey began her career as a church soloist in one of the largest churches in New York City. She began her studies under the famous teacher and composer Dudley Buck, who recognized immediately one of the world's great voices in Miss Morrisey.

Miss Morrisey will sing for the benefit of the Community Club and the price of tickets has been made as low as possible, so that everyone can afford to hear this great singer.

CARELESSNESS WITH FIRE INEXCUSABLE

The fire demon is taking an increasing toll every year in this country, on account of careless folks in the mountains. They ride in comfortable automobiles, throw smoking stumps of cigars and cigarettes into the brush and leave live coals in their campfires. Such habits are dangerous even in the city, where there are paved streets, tiled floors and electric stoves; but they are fatal to the future of our forests.

Fires swept over thousands of acres of timber land last summer and fall. The time of year is approaching again when such fires may be expected. Every citizen who goes into the mountains should have impressed upon his mind in some manner the tremendous fire responsibilities that rest upon him along the roads, trails and in the camps.

BENEFIT PICTURE FOR HAYWOOD COUNTY HOSPITAL

In courtesy to the Waynesville Civic League, Capt. Edwards will give the wonderful picture "Saramouche" at Wayneswood Theatre Friday, June 5th, as a benefit for the Haywood County Hospital. Those who have not seen this high price picture will have an opportunity to see it at the popular price 30 cents. The leading parts are taken by Alice Terry and Ramon Novarro, and their characterization of the persons they represent is superb. Everyone will co-operate and make this occasion a huge success for our worthy hospital that means so much to the county.
