WAYNESVILLE'S FINEST SHORT NEW UNIFORMS.

Have you noticed them? Sure you have. You couldn't avoid it if you tried. And how splendid in navy blue and brass buttons and gold shoulder straps.

WAYNESVILLE'S FINEST SHORT NEW UNIFORMS.

They donned the new uniforms the first time Thursday morning. And very appreciative and proud of them they are too.

WAYNESVILLE'S FINEST SHORT NEW UNIFORMS.

The uniforms were made by the officers by the city council and they are obviously of the highest quality of materials and made up in first class style of workmanship.

All will enjoy the fine appearance the officers make and will confidently rely on their shiny creeds on all occasions to their uniforms.

The council has also purchased a new Harley-Davidson motorcycle for the use of the officers. Mr. Howell is in training for use of it. Speeding joy riders will have to be on the lookout and other offenders counting on a quick get-away will have to be mighty quick about it or officer Howell will get them.

Clyde Great Cattle Shipping Point

Important Live Stock Center—181 Carloads of Cattle Shipped Out of There Last Season.

The present season is not very well known that more cattle are shipped from a location than any other point in North Carolina. Yet such is the fact. The reason for this is that the county is a great stock center in the state.

The last shipping season extended on into the end of December, during that time 181 carloads of cattle were shipped out.

The cattle were two and three year olds and most of them were shipped to other northern Virginia to be used for "finest" beef.

These facts are mentioned to emphasize the importance of the cattle market meeting to be held in Clyde next Tuesday afternoon.

The cattle business in the county is considered as in a rather bad way and ways and means to pull it out of its present state is being discussed.

Two or three weeks ago a meeting was held in Clyde, but only about a dozen men attended.

A large attendance next Tuesday is hoped for. Stock raising has long been the most important industry of the county. The discouragement caused by low prices for a year or two should not be permitted to cause a loss of interest in this industry so exceedingly vital to the progress and general welfare of the county.

HAZELWOOD CLEANS UP SYLVIA TO THE TUNE OF 6 TO 20.

Sylvia's seasonal nuisances came to Hazelwood Saturday afternoon full of roaring of what they would do to Hazelwood's juveniles. A spirit of clean up followed during which scores of both items did leave or were out Hazelwood's boys moved two miles for Sylvia's veterans. Hazelwood carried off the honors of the day with a score of 6 to 20.

MISS DURHAM NAMED PLAYGROUND LEADER AT LAKE JUNALUSKA.

Recreation and Instruction Combined for Youngsters at Playground. Miss Louise Durham of Memphis will again supervise the children's playground at Lake Junaluska, it is announced by John R. Pepper of Memphis, who together with J. B. Ivey of Asheville, annually sponsors the big playground, which has made Junaluska notable as a happy hunting ground for children. Mr. Pepper and Mr. Ivey, acknowledged patrons of the children, find their chief pleasure in the summer in catering to the wants and interests of their young friends. At the close of an entertainment given by the children at 4 o'clock they were crowned with wreaths of pine and ivy respectively.

Through the generosity of Mr. Ivey, the playground has been equipped with up-to-date playground apparatus and he is host to the children at a general children's party each season.

Mr. Pepper inaugurated the "happy story hour" for the children every afternoon at four o'clock, and is the chief story teller on these occasions.

Under the supervision of Miss Durham, the children who visit the Methodist Southern Assembly at Lake Junaluska, receive daily lessons in paper cutting, basket weaving, making scrap books, and all kinds of supervised play. Miss Durham expects to be at Junaluska early in July.

THE SCHOOL SITUATION.

(Contributed) On last Saturday morning, May 30, a large delegation of women accompanied by several men, appeared before the County Board of Education when it was in session, to insist that Wayneville township be allowed a superintendent for the ensuing year.

The chairman was asked the direct question "Why can't Wayneville have a superintendent, when Canton is to be allowed \$2,300 toward the salary of theirs?" The answer given was that it was a matter of lack of funds.

Yet we understand since that time the board has placed in the budget the amount of \$3,400 for a county wide supervisor to assist the county superintendent. Rumors are being circulated on the streets, that owing to the fact that the \$177,000 of bonds issued for the buildings and equip of the Wayneville township schools was not sufficient to build and equip the new buildings in the township.

The County Board of Education has voted, that this extra amount needed shall be taken out of the Wayneville township's local tax for the session of 1925-26. This would necessitate the closing of the Wayneville township schools at the close of a six months term.

Yet we understand that this money could be borrowed from the state on easy terms, but the board so far has made no effort to relieve the situation.

Are the citizens of Wayneville going to calmly sit by and watch the educational opportunities of their children ruthlessly taken away?

RARE OPPORTUNITY FOR ART STUDENT.

Miss Pearl Saunders of Nashville, Tenn., head of the school of art and applied design of that city, and art department at Lake Junaluska in the summer, is in town getting up a class in art, specializing on home decoration and outdoor sketching. Miss Saunders is just from New York, where she exhibited her paintings at the Southern Exposition last month. She is a member of the National Association of Women Painters and Sculptors, headquarters in New York Art Alliance of America, Southern States Art League and Independent Artists. She has studied abroad and has won prizes in Italy on portraits and landscapes.

She has also served as chairman of the art department of the Tennessee Federation of Women's Club. Those wishing to apply for membership in the classes being formed can reach Miss Saunders at the Remond Hotel. In addition to the art classes there will be special instruction for children. This is a great opportunity for the art lovers in our community.

MARIE MORRISSEY POSSESSES A MAGNETIC PERSONALITY.

Marie Morrissey, the famous contralto, who sings here July 2nd, possesses a very magnetic personality. She has youth, beauty, personal charm and a marvelous voice, which have all combined to make her America's favorite contralto.

Miss Morrissey's career reads like a novel. She began the study of the piano at the age of six, at nine she took an organ work, and at ten began her vocal work. It was Dudley Buck, the composer, who discovered this wonderful voice, and secured for her a position as leading soloist in one of the largest churches in New York City. Miss Morrissey's first New York concert was a success from every point of view and since then she has appeared in every state and in all the large cities, time and time again with great success, which is a sure test of a singer's popularity.

Much interest is being shown in the coming appearance of this young singer and no doubt she will be greeted by a full house.

HAYWOOD COUNTY SINGING.

The Haywood County Singing Convention will be held next Saturday June 13th at the county court house in Wayneville. All classes and singers are urged to be present and join in the singing and let's have a good day of song feast. There are several classes and quartets that are needed that date. We are expecting Mr. R. N. Grisham of Greenville, S. C., Jarvis Bros. of Greensboro, N. C., Baeman Bros. of Knoxville, Tenn., Seaborn of Asheville. So let everybody come with lots of good things to eat and enjoy a good day in good singing as our last convention was the best that we have ever had in the county. Let's make this one much better.
