THE WOMAN'S CLUB.

The 1925-1926 club year for the Woman's Club was inaugurated last Thursday with a meeting at the home of Mrs. Clarence Miller, Jr., presided over by the newly elected officers.

An enthusiastic attendance discussed the work for the year and made plans for continued efforts in club and community welfare work. A special effort will be made by the committee on education to make this work of equal interest with the other departments of the club.

Two of the especially interesting events of the year's program has been the Dahlia Show, Aug. 19 at the Gordon Hotel, and a play sponsored by the club which was staged in the high school auditorium. The success of the Dahlia Show, only added in the past two years, has been such as to create universal interest and it is believed that much practical benefit can be derived from them.

The club had as guests the Waynesville High and Elementary school teachers, and Mrs. N. N. Patterson of Onieda, Fla. and Mrs. C. A. Thornton of Chapel Hill.

The next meeting will be held at the High School September 24, with Mrs. John Queen, Mrs. Homer Platt and Mrs. J. C. Rose as hostesses. The program will be in charge of Mrs. Marguerite Edwards, instructor in Domestic Science. She will give a lecture and demonstration on "How to prepare and serve a well balanced meal."

Some Recent Events That Portend a Bright Future For Waynesville

The entire Barcoo Valley and mountain lands, comprising 1000 acres, has been contracted for by Eastern and Florida capitalists. These gentlemen plan to develop this large tract into a high-class residential section which will be second to none in this entire mountain land. Plans include an artificial lake, an 18-hole golf course and polo grounds. The project involves an expenditure of a million dollars.

The Suncrest Lumber Company, one of the largest in all Western North Carolina, is now moving their great plant from Sunburst, N. C., to Waynesville. This company employs over 1500 men. Another great pay roll for Waynesville!

The recent completion of Route 16, The Appalachian Scenic Highway over which the great Atlanta-Asheville Motorcade passed, September 18th, makes Waynesville the nearest mountain resort city to points in Georgia, Florida, and Alabama, by over 100 miles. This great highway, connecting Canada with the sunny Southland, will carry, by far, the greatest number of tourists travel in America. And Waynesville will surely enjoy its share of the afforded opportunities.

YES, WAYNESVILLE is calling you. Calling because this is her Great Day! Waynesville is headed for a most phenomenal growth. Evidence is at hand, right now! For instance, take the real estate activity, which is considered the most certain forecast of a community's progress. The past sixty days has seen business property, residence sites and acreage, jump from a few hundred dollars to several thousand dollars. One piece of Main Street business property has sold four times since July. The first price was \$20,000. The fourth price \$42,575. Think of it! In sixty day's time, practically 113 per cent increase.

AND, as for residences and home locations, Waynesville has never experienced such an influx of buyers and builders, as during this season. An outstanding residential transaction of last week, was that of an 18-acre tract to his Excellency, Governor John W. Martin, of Florida, and his associates, who will establish a Florida colony here in this preferred mountain section. Scores of other residences have been acquired this season by tourists from Florida, Georgia, South Carolina and other states. Many new homes and business buildings are now under construction. Waynesville, today, offers you quick, sure investments.
