

RESOLUTION.

In as much as God in His infinite wisdom has seen fit to call from us our beloved friend and brother, Tom Queen, we make the following resolutions:

BE IT RESOLVED, that we have lost a worthy member, one who at all times was ready and willing to do his fellowman a kindness large or small.

BE IT FURTHER RESOLVED, that he has lost a good father and husband. We grieve with them and commend them to God, that they may be able to heal such sorrow.

BE IT FURTHER RESOLVED, that these resolutions be read and placed on the minutes of the Club, and that a copy be given to the Waynesville and Canton papers for publication.

MONEY IN OLD CLOTHES.

Our second hand clothes sale has kept up better this summer than any previous summer and we feel that it is largely due to the space which the newspapers of our state so kindly gave us in June, but I feel that your people are forgetting us again and so we are asking you to remind them once more to send us clothes.

We are simply overwhelmed with boarding pupils this term and we are having to buy double decker beds in order to house them. We must provide work for each of these boarders, for we take only those who need to be self supporting. It all depends upon the quantity and quality of clothes which you send us this winter, and we urge you to send all you possibly can as often as you possibly can.

Also will you appeal through your

columns for Auto Knitters which were used during the war the Red Cross and others to knit for the soldiers. We have not the money with which to buy these machines, but if they can be given us, each one will make it possible for a boy or girl to become self supporting.

Please act promptly for our need is very urgent.

Gratefully yours,

LABELLE, FLORIDA.

I received a telegram from Mr. A. S. Johnston, Sales Manager of the Fordston Development, to reserve a certain lot in my assignment for the immediate erection of a cottage. I telegraphed him the lot he selected had been sold, but referred him to another lot, which he informed me would be accepted for this purpose.

Up to date fifty-three lots have been sold to residents of Waynesville.

When I was in Florida I was asked to sell lots in a development, no lot in which was less than \$6,500. Their Lakeland sales manager told me that \$10,000,000 of this property was sold in thirty days, and yet I preferred to sell property so that the person of moderate means—the school teacher the farmer, the merchant, anybody who has a small income—can purchase one or more lots and share in the profits at the time improvements are made to insure them substantial returns. I am kept in constant touch with the improvements being made.

A Tampa Tribune of recent date says:

"Henry Ford, who owns the lighting plant at LaBelle, will be asked to improve the system, or make it possible for a utility company to furnish light for the city.

"A mile of sidewalks in the residential section is among the contemplated improvements."

To show you something of the prices of real estate in LaBelle, the same Tampa Tribune says:

"The Jennings property, corner of Bridge street and First Thompson avenue, consisting of nine 25-foot lots, has been optioned for \$45,000."

I went to Sylva on Tuesday to interview Miss Lassie Keily, who will be associated with me in the sale of the Fordston Development in our territory, which extends through Charlotte.

If you want to make one hundred per cent on an investment within a year, I believe it can be done by purchasing lots in the Fordston Development.
