## WAS NOT WORKING WITHOUT PAY.

How One Boy Declined to Blow Glass and Make a Bottle

Thinking to please the visitors who come to look round his works, a certain glass manufacturer allows them all to try their skill at bottle-making, an experiment which the majority of them are very eager to undertake. It is only necessary to blow through a specially prepared pipe, and a bottle or glass in its smooth state can be produced by a mere child.  
Some hundreds of school board boys were in the works the other day, and only one youngster refused to put his mouth to the blow-pipe. He stood there with his hands in his pockets, watching the others with a comical air of contempt.  
"It's a rare fine dodge," he remarked to his bosom companion, as they left the works together, "but the old rascal didn't take me in by it."  
"Why didn't you have a go at the pipe?" queried the other, in astonishment.  
"I wasn't such a fool," was the scornful rejoinder. "Don't you see his little game? You chaps have been cracking your cheeks and wasting your breath all the afternoon, and you've blown as many bottles as a man can turn out in a week. Talk about saving labor! Why, he'll make his fortune in a year if he goes on like this."

## NOT A BADGE OF A POLICEMAN.

Officer's Long Hair Mystified an Intoxicated Woman.

George Innes, Jr., the son of the great landscape painter, tells a story on himself with great delight. Like Peter Newell, he has been connected with town government in New Jersey. He served on the town council in Montclair—in fact, he was the head of the police commission—the chief of police.  
"In this capacity," he says, "I had about six policemen under me, whom I sent forth to do their duty. I used also to go about myself in search of wrongs to be righted and nuisances to be abolished. One day I saw coming up the main street a woman very much the worse for drink. I said to her: 'My good woman, have you no place to hide yourself in, no home where you can conceal your shame?'"  
"Shure—and who the devil may you be?" was her retort.  
"Never mind who I am," I answered. "You will obey me and go home, or I will arrest you."  
"You arrest me!" she cried in astonishment. "How kin you arrest me when you ain't no policeman?"  
"But I am a policeman," said I, with dignity.  
"She looked at me a moment in astonished silence. Then she said: 'Thin, if you are a policeman, fur hivin' the sake go home and git yer hair cut!'"—New York Tribune.

## DURING SUMMER MONTHS

### Dr. Hartman Gives Free Advice to Suffering Women.

MISS LIZZIE SNEATHING

Dr. Hartman, the Famous Gynecologist and Inventor of Pe-ru-na, Offers to Treat Women Free During the Summer Months.

America is the land of nervous women. The great majority of nervous women are so because they are suffering from some form of female disease. By far the greatest number of female troubles are caused by catarrh.  
Women afflicted with pelvic catarrh despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable. The greatest obstacle in the way of recovery is that they do not understand that it is catarrh which is the source of their illness. In female complaint, ninety-nine cases out of one hundred are nothing but catarrh. Peruna cures catarrh wherever located.  
The following letter was recently received:  
186 W. 38th St., New York City.  
The Peruna Medicine Co., Columbus, O.  
Gentlemen:—"What bread and meat means to the hungry Peruna means to the sick. It is an especially valuable medicine for sick women. I have found that no medicine so quickly restores health and places the body in a normal condition. I but voice the sentiments of women who were once sick, but now are in perfect health."  
MISS LIZZIE SNEATHING.  
All women who are in doubt as to what their trouble is should write Dr. Hartman, Columbus, Ohio. Give him a full description of your trouble, previous treatment, symptoms and age. He will promptly reply with full directions for treatment free of charge. This is an opportunity which no ailing woman should miss. Dr. Hartman has become renowned through his success in treating women's diseases. His experience in these matters is vast. Correspondence is strictly confidential. No testimonials published without written consent. Dr. Hartman relies principally upon Peruna in these cases. Peruna cures catarrh wherever located.  
Mrs. Alex. Johnson, 256 University avenue, Kingston, Ontario, Can., writes: "*I have been a sufferer for years with bearing down pains and backache, and got no relief from doctors' prescriptions. I commenced taking Peruna and after taking the first bottle I felt much better and within a month I was a well woman, and heartily recommend it to any woman who is in a poor health as I was.*"—MRS. A. JOHNSON.  
Miss Mabel Meyers, Argentine, Kansas, collector for the Kansas Temperance Union, writes: "Peruna has proved a friend to me, for it cured me when I was sick, and the least I can do in return is to acknowledge its value to the public. Since I was 17 years old I have suffered with headache, backache and pains in the shoulder blades. I caught cold easily and my lungs were weak. Catarrh of the lungs was what the doctors called my trouble. I took their medicine for eighteen months without any benefit, and hearing about Peruna I decided to try it. I used nine bottles and was restored to health. This was two years ago, and I am now in perfect health."  
If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be glad to give you his valuable advice gratis.  
Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

No Salvation Army Divorces.  
In these latter days, when the divorce courts are crowded with mismatched pairs, the claim of the Salvation Army that in its ranks divorce is unknown where the weddings were performed by the hallelujah ceremony prescribed in their ritual, comes as a bright spot in the view of the domestic life of America, which has been painted in most pessimistic colors by social students.  
The Salvation Army is the first religious society to lay claim to the honor of being unstained in its record by an example of broken vows which were taken with its sanction. For thirty-five years the army has been marrying its people with its characteristic ceremony which binds the persons not only to each other, but to work in the army as long as both shall live.  
President Patton, in his sermon to Princeton graduates said that "intellectual transition" causes the decline in the number of candidates for the ministry.

## RIPANS

I suffered from a difficulty about breathing, a sort of breathlessness which was very distressing. It was always worse on just rising. I thought these spells proceeded from something wrong with the heart, but I believe now it is connected with the stomach, for I find Ripans Tabules do me good, and my breathing is better already. I do not have that miserable, depressed feeling and can eat and sleep well.
