Bryan Makes Promise.

Manila, By Cable.—Filipinos who spoke at the banquet given to W. J. Bryan, demanded the immediate independence of the islands and said they were looking to him to champion their cause with the American people.

Mr. Bryan in his response made no promises and the natives were disappointed. Aguinaldo was among the present. The man displayed an American flag, supported by an insurgent banner. Americans here are pleased with Mr. Bryan's speech.

PUTNAM FADELESS DYES

Breaking the Trail. Winter in the mountains is severe in its restrictions. Sledging and travel over the snow-banked trails are limited to bare necessity.

When the runners sing intermittently in high, thin voices, the teamster, with a belt tight around his overcoat and flopping his arms to keep warm, faces his greatest hardships. But when the heavy snows and rapid thaws of spring come, teaming means a battle and a venture with a sudden termination hanging just above. Thousands of tons of snow up the mountain sides hang on a trigger that can be sprung by the sigh of a breeze or the rolling of a pine cone, and in summer many a barren slope and pile of rock and timber at the bottom tells a skeleton-tale of the winter's night.

Flat irons should be kept with particular care, and occasionally rubbed over with wax to keep their surface perfectly smooth.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL. Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Girls' modesty and oversensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period.

A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tallahassee, Tenn., writes: Dear Mrs. Pinkham:—

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood.
