Youth Kills Assailant.
Concord, Special.—Mr. W. M. Rose, the young son of Gaston Rose, who recently came here from Durham, shot and killed Dan Lowder, and slightly injured Wash Foster in an affray at the Brown Mill a little after 6 o'clock Wednesday, just as the night hands had entered the spinning room for their night's work. Mr. Rose is about 18 years of age and is overseer of spinning at this mill of the night shift. Lowder and Foster, while under the influence of liquor, entered the mill and demanded their time. Rose refused to pay them without an order from the superintendent, Mr. H. H. Mayes. The boys attacked the young overseer, Foster with a pistol and Lowder with an open knife. Seeing there was no way of escape, Rose drew his pistol and fired three shots at Lowder, all of which took effect, the man dying instantly between the long spinning frames. Foster received two bullets, one in the shoulder and one in the hand. Neither wound is considered dangerous.

Farmers' Protective Association.
Greensboro, Special.—Secretary J. M. Sharp of the North Carolina Farmers' Protective Association, is making great preparation for the annual meeting of the association here November 16. Special rates over the railroad and at the hotels have been secured. A large attendance at the meeting is confidently expected.

Street Railway Franchise Granted to Statesville People.
Statesville, Special.—The street railway franchise asked for some time ago by Messrs. L. C. Wagner, Isidore Wallace and D. Ft. Jenkins and others was amended and was granted by the board of aldermen at their meeting Monday. The limit of the franchise is three years from next January.

Dangerous Negro Escapes From Authorities at Spencer.
Spencer, Special.—Juno Smith, colored, made his escape from the office of Justice W. L. Ray here and fled to the woods. He was taken into custody at a camp of Lane Bros. Co., contractors on the double tracking of the Southern Railway for laying open the head of another employee at the camp with a pick, and was brought to Spencer for a hearing before Magistrate. While awaiting the preparation of the papers in the case Smith took leg bail and when last seen he was making his way through the woods near Spencer.

Found in Cape Fear River.
Wilmington, Special.—The body of a young white man found floating face downward in the river three miles below Wilmington, has been identified as that of young Walter Fields, of Lenoir, who mysteriously disappeared in this city Monday night a week ago, soon after he reached the city to attend Federal Court. There were no marks of violence to indicate foul play.

Trouble Of The Ancients.
Briareus was bewailing the fact that he had a hundred hands. "They're convenient for spanking purposes, of course," he said, "or for putting up a stovepipe, but, great Scott, see what they cost me!" Pulling off his 50 pairs of gloves, he resigned himself for the next four hours to the ministrations of his army of manicures.

ORCHARD CULTIVATION.
Orchards are not secured in a day or a year. A crop of grain or grass may occasionally be taken from the land, but it requires time to establish an orchard; hence it is a serious mistake to neglect trees and allow them to become diseased when the labor of making an orchard, and the loss of time waiting for the trees to reach the bearing stage, is considered. When an orchard has become overrun with weeds, or the trees show signs of decay, the first work should be to cut away all dead or diseased limbs and then plow the ground, applying fertilizers on the land. Work in an orchard is difficult on account of the tree roots, but it should be plowed occasionally if possible, so as to break up the hard surface soil. Rye or crimson clover may then be seeded, if in the fall, and the ground plowed again in the spring, turning the rye under. Cow peas may then be broadcasted on the ground after danger of frost is over, and, if desired, the cow peas can be fed off by sheep, as the animals will return a large proportion of the crop to the soil as manure. With the application of the manure or fertilizer the orchard may then be seeded to clover, but no orchard should be kept permanently in grass. The proper plan is to plow the clover (or any grass crop) under, and then grow late potatoes, cabbage, or some other crop that is cultivated between the rows and which requires manuring. Peach trees thrive best when given clean cultivation, like corn, a crop of any kind sometimes doing harm. Clean cultivation, with a mulch crop such as rye, sown in the fall and turned in the spring, is usually beneficial to many orchards.—Philadelphia Record.

Too Fincial.
"Prisoner," said the judge, who was about to pronounce sentence upon the culprit, "if, instead of being a chronic offender, you had chosen the career of a lawabiding citizen."
"I am a lawabiding citizen, your honor," interrupted the hardened rascal. "Whenever I break a law I am ready to abide the consequences."
Thereupon his honor added six months to the term of imprisonment he had intended to impose, as a punishment for picking flaws in the court's English.

What it Was All About.
A Frisco Jap had a bid, all black and tan, you know, and where other children went that kid would want to go. The chap he went to school one day, and that was against the rule; it made the white folks mad as sops to see a Jap in school. They nashed their teeth and tore their hair, and gave an angry shout, and one as one man and seized that little Jap and cast him bodily out. And his, gentle reader, you understand, s what the row was all about.—Anderson, S. C., Daily Mail.

All is Vanity!
"At first," said the apartment-house philosopher, life in a flat seems an interesting study of humanity, but soon you lose your urbanity, part with your Christianity, fall into profanity and pass by swift stages from mental insanity into violent insanity."
Out before day, in before night.—From the Dutch. So. 46-'06.

IT'S THE FOOD.
The True Way to Correct Nervous Troubles.
Nervous troubles are more often caused by improper food and indigestion than most people imagine. Even doctors sometimes overlook this fact. A man says:
"Until two years ago waffles and butter with meat and gravy were the main features of my breakfast. Finally dyspepsia came on and I found myself in a bad condition, worse in the morning than any other time. I would have a full, sick feeling in my stomach, with pains in my heart, sides and head.
"At times I would have no appetite for days, then I would feel ravenous, never satisfied when I did eat and so nervous I felt like shrieking at the top of my voice. I lost flesh badly and hardly knew which way to turn until one day I bought a box of Grape-Nuts food to see if I could eat that. I tried it without telling the doctor, and liked it fine; made me feel as if I had something to eat that was satisfying and still I didn't have that heaviness that I had felt after eating any other food.
"I hadn't drank any coffee then in five weeks. I kept on with the Grape-Nuts and in a month and a half I had gained 15 pounds, could eat a most anything I wanted, didn't feel badly after eating, and my nervousness was all gone. It's a pleasure to be well again."
Name given by Postum Co., Battle Creek, Mich. Read the book, "The Road to Wellville," in pags. There's a reason.

AWFUL SUFFERING
From Dreadful Pains From Wound on Foot System All Run Down Miraculous Cure by Cuticura.
"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was kept up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places and I was so disheartened that I thought surely my last chance was now leaving me. As the foot did not improve you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work. Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends, who was a druggist, and the nurse that I gave after the second application beyond description; it seemed to effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment, and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure can hardly believe their own eyes. Robert Schoenhauer, Newburgh, N. Y. Aug. 21 1905"

Finding he was suspected of murdering Mrs. William Garrett, a widow, John Hawkins committed suicide at Abington.

If You Read This
It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson, Mea. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Pittsford, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin Fisher, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.
"The Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

And, of course, everything goes dead wrong with the undertaker.

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Every woman possesses information which is of vital interest to her young daughter.
Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.
Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.
When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities.
Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.
Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:
Dear Mrs. Pinkham:— (First Letter.)
"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back-ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."
—Myrtle Mills, Oquawka, Ill.
Dear Mrs. Pinkham:— (Second Letter.)
"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."
—Myrtle Mills, Oquawka, Ill.
Miss Matilda Borman writes Mrs. Pinkham as follows:
Dear Mrs. Pinkham:—
"Before taking Lydia E. Pinkham's Vegetable Compound my periods were irregular and painful, and I always had such dreadful headaches.
"But since taking the Compound my headaches have entirely left me, my periods are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."
—Matilda Borman, Farmington, Iowa.
If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.
Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?
Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

WRITE US FREELY
and frankly, in strictest confidence, telling all your troubles, and stating your age. We will send you FREE ADVICE, in plain sealed envelope, and a valuable 64-page book on "Home Treatment for Women." Address: Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

The Dark Side
of a woman's life is seldom seen by anyone but herself. What agonies, what misery, what fits of melancholy and the blues, the poor, miserable sufferers from female disease have to endure, one month after another! What wonder so many thousands of women cannot truthfully say that they are happy! Are you? Happiness cannot be called complete without health, and health is best obtained by
WINE OF CARDUI Woman's Relief
which has made many thousands happy in restored health and strength. "The doctor said I had nervous prostration, but gave me no relief," writes Lizzie Matthews, of Mt. Vernon, Ga. "I was sick for nine years. I could hardly eat and could not sleep. My back and hips ached, I was very irregular and would have to stay in bed two or three days. I have used 3 bottles of Cardui, and now I can say that my health is better than for the past nine years." Cardui relieves pain, regulates fitful functions, strengthens your weakest organs, makes you well and HAPPY. Try it.
At Every Drug Store in \$1.00 Bottles
