

THOUSANDS OF WOMEN SUFFER IN THE SAME WAY.

Mrs. Thos. Dunn, 153 Vine St., Columbus, Ohio, says: "For more than ten years I was in misery with backache. The simplest household completely exhausted me. I had no strength or ambition, was nervous and suffered headache and dizzy spells. After three years of pain I was despairing of ever being cured when Doan's Kidney Pills came to my notice and their use brought quick relief and a permanent cure. I am very grateful."

RETURNING SANITY?

From the Richmond Times-Dispatch. At a meeting of the executive officers of the Seaboard Air Line at Hamlet on Saturday it was decided not to reduce salaries, but 200 men were dropped from the rolls, their wages ranging from \$500 to \$200.

To say that this wholesale cutting of wages is due solely to the new passenger rate laws in the South would be diverging far from the truth, but employees and officials agree that the crisis was hastened and accentuated by the attitude of Governors and Legislatures and the Federal Government.

"A few nights ago," said a business man of Alabama at the Jefferson yesterday, "I attended a meeting of the railroad employees, representing a number of lines, at which the wage situation was discussed. It was not a political gathering. Conductors, engineers and others talked clearly of the matters which affected them so vitally, and they asked, 'Who has been benefited by the passenger rate reduction?' They challenged the Governors and the leaders in the rate fight to show how the new laws had helped anybody, even the shippers. As a conductor expressed it, a rate of one cent would not help anybody when there was nobody to ride. The employees realized that they had to accept the ultimatum; for if they walked out there would be ten men to fill one place, so they accepted the doctrine that half a loaf was better than no loaf at all. They declared that while the advocates of drastic legislation had helped to bring about an alarming state of affairs, not one could say that it had helped the public, the one result being less pay for the thousands of railroad employees."

ROLLING UMBRELLA.

"Why is it," asked an inquisitive customer in an umbrella shop, "that one can never roll up an umbrella as compactly and neatly as it is rolled when he buys it?"

"If you have noticed, nearly everybody who rolls up an umbrella takes hold of it by the handle and keeps twisting the stick with one hand, while he folds and rolls with the other."

"Now, that's just where the mistake comes in. Instead of twisting with his handle he should take hold of it just above the points of the cover ribs. These points naturally lie evenly round the stick. Keep hold of these, pressing them tightly against the stick, and then roll up the cover. Folding the ribs prevents them from getting twisted out of place or bending out of shape. Then the stick will fold evenly and roll smoothly and tightly."—New Haven Register.

MUSIC STUDENTS Should Have Steady Nerves.

The nervous system of the musician is often very sensitive, and any habit like coffee drinking may so upset the nerves as to make regular and necessary daily practice next to impossible.

"I practice from seven to eight hours a day and study Harmony two hours," writes a Mich. music student. "Last September I was so nervous I could only practice a few minutes at a time and mother said I would have to drop my music for a year."

"This was terribly discouraging, as I couldn't bear the thought of losing a whole year of study. Becoming convinced that my nervousness was caused largely by coffee, and seeing Postum so highly spoken of, I decided I would test it for a while."

"After following the directions carefully and I thought I had never tasted such a delicious drink. We drank Postum every morning instead of coffee, and by November I felt more like myself than for years, and was ready to resume my music."

"I now practice as usual, do my studying and when my day's work is finished I am not any more nervous than when I began."

"I cannot too highly recommend Postum to musicians who practice half a day. My father is a physician and recommends Postum to his patients. Words cannot express my appreciation for this most valuable health beverage, and experience has proven its superiority over all others."—There's a Reason.

CONFUSION GROWS WORSE

S. C. Supreme Court Takes a Hand in Dispensary Muddle

WILL JUDGE PRITCHARD REcede

South Carolina Supreme Court Hands Down Unanimous Opinion Upholding Attorney General Lyon in Dispensary Matter—Next Move Up To Judge Pritchard.

Columbia, S. C., Special.—On Saturday, the South Carolina Supreme Court handed down an opinion, concurred in by the entire court, upholding attorney general Lyon's contention and declaring that the action of Judge Pritchard's court was contrary to the constitution of the United States.

Monday's dispatches from Columbia say:

There is no mistaking the fact that the members of the State administration are feeling good over the decision of the State Supreme Court rendered Saturday afternoon on the mandamus petition of Attorney General Lyon wherein the court sided in vigorous language with every principle of law contended for by the Attorney General in the contest between the State and Judge Pritchard over the dispensary funds in litigation. Attorney General Lyon and Attorney W. F. Stevenson, associated with him, expressed themselves, as much pleased with and gratified at the decision. It was everything that they could hope for. And Governor Ansel has given expression to his sentiments. Opportunity for Pritchard to Recede.

But whether there will be an extra session of the Legislature following the decision is still a doubtful matter. Messrs. Roundtree and Anderson, of Atlanta, will be here soon for consultation with Attorney General Lyon, and other counsel associated with him on the subject. The opinion seems to be that Judge Pritchard should be given an opportunity to recede from his position, in the way opened for him to yield in the decision of the South Carolina Supreme Court. If he does not give way, or if he makes another hostile move, it is likely an extra session will be called to enact such legislation as will put the State's attorneys and the dispensary commission in full charge of affairs.

Now that the receivers have qualified, the intimation is that the next move on the part of the opposition will be to attempt to get possession of the funds by a call upon the commission. Members of the administration have all along expressed perfect confidence in being able to score a complete victory in the Federal courts when the case is finally got before the United States Supreme court, but at the same time Governor Ansel, as peace-loving as he has always shown himself to be, has manifested a disposition not to allow the funds to go into the hands of the Federal Court.

Just Debts Will Be Paid.

New York, Special.—In a statement issued by Eugene P. Carver, counsel for Charles W. Morse, declaration is made that the indicted banker believes he is able and with the co-operation of his creditors proposes to pay all his just debts. "Morse's counsel further states that all legal rights and remedies will be invoked to accomplish the settlement of obligations and that all pending criminal matters before the State and Federal courts will be urged for a quick determination as to matters of law and facts.

Richmond as Dry as the Desert of Sahara.

Richmond, Va., Special.—For the first time in the history of Virginia no liquor can be had at the various social clubs. The Byrd bill closing all bars on Sunday went into effect Sunday and even at the oldest and most influential clubs, no intoxicating drinks were served.

For The Army and The Navy.

Washington, Special.—Navy Department officials appeared before the congressional naval affairs committee and urged the purchase of the Jamestown Exposition grounds by the government, to be used as a naval training station. Secretary Taft and a delegation appeared before the congressional committee on military affairs and recommended the purchase of ten thousand acres adjoining Chocomauga National Park for manœuvring grounds for troops.

Judge C. D. Clark Dead.

Knoxville, Tenn., Special.—Judge C. D. Clark, who was appointed to the Federal bench by President Cleveland in 1895 as judge for the eastern and middle districts of Tennessee, is dead at Chattanooga, aged 61. He had been at Asheville, N. C., for some time for his health, and only recently was removed to Chattanooga. He was a native of Tennessee.

PERUNA EDITORIAL NO. 2.

Dr. Hartman has claimed for many years that Peruna is an EXCELLENT CATARRH REMEDY. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed? Take, for instance, the ingredient HYDRASTIS CANADENSIS, OR GOLDEN SEAL. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, CORYDALIS FORMOSA, is classed in the United States Dispensary as a tonic.

CEDRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a SUBSTITUTE FOR QUININE.

OIL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensary as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membrane.

Our Peruna Tablet Is Peruna With Fluid Removed.

Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Scudder.

OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis (catarrh of the mucous surfaces of the mouth), follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classes hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the intestines, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes).

BARTHOLOW STATES THAT CUBER, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membranes of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, prostaticorrhoea, and chronic bronchial affections.

MILLSAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon COLLINSOIA CANADENSIS, says that it acts on the pneumogastric and vaso motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, collinsonia canadensis is considered a panacea for many disorders, including headache, colic, cramp, dropsy and indigestion. DR. SCUDDER regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma.

These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficacy.

This is our claim, and we are able to substantiate this claim by ample quotations from the HIGHEST MEDICAL AUTHORITIES IN THE WORLD.
