

**Works Wonders  
for Sick Women**

STELLA-VITAE cured this woman, who had suffered for 25 years. Give it a chance to cure YOU!

WHAT STELLA-VITAE HAS DONE for one woman is well told by Mrs. S. J. Hendrix, of Posey, Texas, who gratefully writes us:

"For twenty-five years I had from one to three doctors treating my wife for female troubles, and tried various patent medicines and she only received temporary relief. We tried STELLA-VITAE and to our surprise it restored her to better health than she ever had. It did a wonderful work in her case."

STELLA-VITAE acts directly upon the female organs and functions. It tones and strengthens the muscles and tissues, builds up and restores the whole system when run down and wasted by disease, soothes and adjusts the delicate nervous organization to that harmonious balance so necessary to perfect womanly health.

STELLA-VITAE regulates the functions peculiar to women, stops wasting and relieves dangerous suppression, banishes the terrors of those periods so dreaded by weak, nervous, run-down women.

STELLA-VITAE does not force nature, and is of remarkable benefit at all times and under all conditions. Its use during pregnancy benefits both mother and child.

We guarantee the first bottle of STELLA-VITAE to benefit you. If it does not, your dealer is authorized to sell you six bottles for \$5.

Try STELLA-VITAE on this "all to gain and nothing to lose" basis. Try it TODAY.

If you are sick there is no time like NOW for trying STELLA-VITAE.

**Silly Question.**  
The bus conductors were on strike, and at the last moment their places were taken by all kinds of men anxious to make a little money.

These temporary officials did not know much about conducting a bus, and even less about conducting themselves with civility, in spite of the fact that a large number of them had had the advantage of a university training.

An old lady boarded a bus at Piccadilly Circus, and, after they had gone a few yards, asked the conductor—one of the fallen stars:

"Conductor, do you stop at the Ritz hotel?"

"No, madam," came the reply, "not at present, that is to say—I can't afford it!"

**GRANDMA USED SAGE TEA  
TO DARKEN HER GRAY HAIR**

She Made Up a Mixture of Sage Tea and Sulphur to Bring Back Color, Gloss, Thickness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy. Adv.

**KIDNEYS CLOG UP FROM  
EATING TOO MUCH MEAT**

Take Tablespoonful of Salts If Back Hurts or Bladder Bothers—Meat Forms Uric Acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

**Shy of Signs.**

The proprietor of the gents furnishing emporium always ate in the quick-lunch establishment next door, but the owner of the latter had a grievance.

"I put out many signs," complained he. "I advertise lamb stew, beef hash, roast giblets. I watch you many times. Always you take something else."

"I guess that's so."

"Why is this?"

"Well, I figure it this way," explained the haberdasher. "Whenever I hang out a sign, it's for something I want to get rid of."

**MAKES ECZEMA VANISH**

Resinol Stops Itching and Burning Instantly.

There is immediate relief for skins itching, burning and disfigured by eczema, ringworm, or other tormenting skin trouble, in a warm bath with Resinol Soap and a simple application of Resinol Ointment. The soothing, healing Resinol balsams sink right into the skin, stop itching instantly, and soon clear away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect. After that, the regular use of Resinol Soap is usually enough to keep the skin clear and healthy.

Resinol Ointment and Resinol Soap have been prescribed by doctors for the past nineteen years, and sold by all druggists.—Adv.

**Canal Comment.**

"Charley dear," said young Mrs. Torkins, "they are having a great deal of agitation about the big canal, aren't they?"

"Yes."

"Don't you know, I sometimes think it might have been better if we had been content with the old-fashioned canals where all the talking was done by the man who was driving the mule."

**PROTECTS THE GROWING TREE**

Concrete Box Is Ornamental and May Be Removed When No Longer Necessary.

To protect growing trees with some degree of permanency, the use of concrete has been adopted, reinforced by steel bars and rings, a singularly pleasing design, resulting. The concrete tree box lends itself readily to decorative features, and color may be introduced to harmonize with foliage or house coloring.

When the tree outgrows its narrow box, it is no great matter to remove the concrete and release the steel bars. While the first cost is somewhat higher than a good wooden box, the lasting qualities of the concrete make it worth while.—Popular Mechanics.

**TIME TO THINK OF BEAUTY**

Department of Agriculture Gives Good Advice on a Most Important Subject.

The appropriate use of trees, shrubs, vines, and herbaceous plants in the adornment of city, village, suburban, or country home grounds gives a charm and beauty which are interesting and pleasing to the passer-by as well as to the occupant of the home, says the U. S. department of agriculture. Plants are a means of expressing restfulness and beauty. Their gradually changing aspect with the succession of the seasons heightens their pleasing effect and relieves monotony. The changes which occur in the life of vegetation during the year have caused man to speak of the stages of human existence as the "spring," "summer," and "autumn" of life. The leaf, the branch, and the flower, as well as the general form of the plant, manifest a grace and beauty which art endeavors to copy. While art cannot take the place of nature, it nevertheless plays an important part in teaching us to see and appreciate the beauties of nature.

Man should first provide for his necessities, then for comforts, and finally for pleasures. In a new country such as ours, the expenditure of time and means for the adornment of grounds has naturally received too little attention. The people have been necessarily concerned with acquiring lands and buildings. But a stage of development has now been reached when Americans should give more attention to the embellishment of their home grounds.

**Street Cleanliness.**

Perhaps the most striking difference noticed by the American tourist abroad between American and European cities is the cleanliness of the streets of the latter, particularly in such places as Berlin and Dresden.

Clean streets, as the term is understood abroad, are unknown in the cities of the United States. The dirtiness of our streets both in summer and winter, with their clouds of dust charged with disease germs and filth of all kinds, makes walking almost intolerable and imposes on storekeepers and householders a burden of cleaning that is far more expensive in the aggregate than would be the proper and systematic cleaning of the streets.

Only occasionally when the streets are locally flushed can the conditions of our streets be compared with those abroad, where street cleanliness is one of the first principles of city administration.

**Generous Gift to City.**

An excellent example of an endowment that will be a source of continuous improvement to a city, and at the same time a continuous memorial to its founder is the Ferguson Monument fund, administered by the trustees of the Art Institute of Chicago.

Mr. Ferguson, a public-spirited citizen of that city, gave a bequest to the Art Institute the income of which is to be used for the erection of monumental sculpture, which shall serve to ornament the city. Thus every few years a great work of art will be erected in that city.

**Playing Card Output.**

According to official figures, about 6,562,000 packs of playing cards were sold in Germany last year, exclusive of those exported. This is equal to a daily average of about 18,000 packs.
