Hammers

SPEAKING of hammers, don't knock your home town. Boost for it. It's a good town. Patronize your home merchants. They need and expect your trade. But we didn't mean to use this space with a home trade lecture. What we want to hammer home is that our splendid line of tools, including real, sure enough hammers, is right here for your selection. This is a live hardware store.

Road Indebtedness Settled

The County Commissioners at a special meeting held in Tryon, Wednesday adjusted the indebtedness for the new highway as was authorized by the last legislature. The indebtedness due the contractors is \$3,500. Tryon Township will pay \$5,000 and Saluda Township will pay \$3,500. The City of Saluda will receive nearly \$1,400 for money advanced in building the road, to the Henderson County line.

It is estimated that this will make a 4 cent levy on taxable property to liquidate this debt.

Daily Thought.
I call it improper pride to let fools' notions hinder you from doing a good action. There's no sort of work that could ever be done well if you minded what fools say. You must have it inside you that your plan is right, and that plan you must follow.—George Eliot.

Ought to Paint

I ought to have painted last year, but I hated to pay \$2 a gallon. I've got to paint this year; it'll take a little more paint; I suppose I gallon in 10; and a little more work, I suppose 1 day in 10. My job would have cost last year about \$50, it is going to cost this year \$55. \$5 gone. I suppose it'll be the same again, if I wait again. What if paint goes down to \$1.75 a gallon? \$2.50 on the job. I shant wait; what a fool I was. DEVOE

\$100 TO C. H. S.

It will be gratifying to Polk county Citizens to know that Columbus High School has been awarded an extra \$100 for their school fund by the State Inspector of High Schools because of recognized efficiency and good attendance. This makes a total of \$500 Columbus High School will receive from the State.

COMPULSORY ATTENDANCE LAW

Taking an extract from report of Supt Cobb that recently appeared in The News, we wish to make some comparisons. In 1914 when the law went into effect the school census showed a total of 719 children of school age in the county. There were enrolled that year 671 students with an average attendance of 559. In 1915 the census was 802, enrollment 788 with an average attendance of 705.

1915 made a better showing than 1914 and both years make an excellent showing under the compulsory attendance law.
