Jubilee Briefs

Late Saturday afternoon we returned to the Jubilee grounds and learned of some of the BIG DAY rewards for the efforts of our hard-working Jaycees and their friends who helped make this the best ever Jubilee.

Our speakers had been interesting and not too lengthy for one to stand in the hot sun and listen.

The carnival rides were still filled with children "of all ages" and this elderly child was offered free rides which she refused unless the offer could be accompanied by \$100 cash to boot--No takers.

The exhibits tent was empty. All items the "Country store" had offered for sale were sold out. Proceeds from the store will go for the first time to send gift parcels to Duplin County servicemen-over seas, a project you can put your heart into.

The homemade jams, jellies, pickles, aprons, pot holders, tea towels, double yolk eggs and other donations went so fast that Mrs. DeWitt Miller and Mrs. Thomas Murphy and helpers were soon out of a job.

The Cake sale was the best ever. Buck Bradshaws ability as an auctioneer and Duplin good cooking brought in \$1,025, for the benefit of the retarded children of Duplin County. The Champion Prize winning cake sold for \$155 and was bought by Nash Johnson and Sons Co. after a heated three way bidding contest.

The cake was a German Chocolate Cake made by Mrs. Gordon ("Pete") Wilson of Magnolia, who has a little son in the Rose Hill trainable class of retarded children.

The tired crew of cooks and chicken servers deserve a special salute, for all though they had been working since early morning, they were still at it at 6 p.m. Billy Wells, C. W. Surratt, Jimmy Bradshaw,

Jaycees wives present were mesdames David Geddie Fussell, DeWitt Miller, Bobby Miller, Moses Paul, James Knott Teachey and Ray Sanderson.

A menu of ham, string beans, asparagus casserole, fried rice, congealed salad, biscuits and angel delight was served.

A tour of the Rose Hill Processing Plant followed the luncheon.

Louise Lewis and others who had been working steadily with pickles and other delicacies all day long and they were on the last batch of 5,000 pickles and people were still lined up at the serving line when Ann Parrish, Beverly Southall and others were still able to stand and interlopers--Though we don't see how! At the beginning of the line Henry Robinson and Jimmy Kirby were comfortably seated, still collecting the cash and grinning as it clicked into their money boxes. Only fallout of the day we believe was that old chicken-frying veteran of each Jubilee L. A. Wilson, who had gone home about 5 p.m. His legs just wouldn't hold out any longer after starting at 8 a.m. And the chicken was the best ever.

All in all it was a wonderful day and the grounds showed it! The clean up crew will have barrels of trash, despite the containers provided for it, and will decide that about everyone came to our energetic Jaycees shindig--

We think they did, too.

Luncheon Honors Queen - Contestants

On Friday at noon, the newly elected N.C. Poultry Queen, distinguished guests, and other contestants were entertained at a lovely luncheon at the home of Mr. and Mrs. Ray Sanderson. Hostesses were the wives of the Rose Hill Jaycees.

The Sanderson home on North Elm Street was appropriately decorated for the fall season with emphases on flowers in shades of gold and bronze. In the hall, a bouquet of yellow gladiol and bronze chrysanthemums, greeted the young ladies. An arrangement of giant sized pom-poms with yellow and bronze chrysanthemums graced the dining table and a bouquet of yellow daisies was the central interest in the breakfast room.

Trouble Breathing?

Air pollution is highest in the fall months, according to the U.S. Public Health Service. In some cities, pollution reaches 200 micrograms per cubic meter of air -- a most dangerous level for many people. Saunda, Inc., revolutionary Nasal Hygiene Appliance provides relief from pollution discomfort with its mentholated mist that encourages the flow of noxious materials from nose and sinuses.

Notes of Thanks
