FFA Members Attend National Conference

Alan Brisson and Barry Croom of the South Lenoir FFA Chapter at South Lenoir High School attended a National Future Farmers of America Leadership Conference in Washington, D.C. recently. The week-long Washington Conference was held at a motor lodge and hotel and the National FFA Center near the Nation's Capital.

The FFA conference program is designed to improve leadership skills, develop an understanding of the heritage, and prepare FFA members for more effective

leadership roles in their chapter and community. The conference is also a forum for the exchange of FFA chapter activity ideas among members from across the nation.

Besides the training sessions, the 1981 program includes visits to Mount Vernon Plantation, the National Archives, Smithsonian Institution, Arlington National Cemetery, and several other historic monuments and memorials in the area around the Capital.

A highlight of the conference was a morning visit

to the office of Senator Jesse Helms. Participants attended a Capitol Hill meal featuring a question-and-answer period with Congressmen and Washington leaders in business and industry.
