## B.F. Grady PTF Holds Open House

The B.F. Grady Parent-Teacher Fellowship held its first meeting Sept. 14 in the school auditorium. After the meeting was called to order, the secretary, Joan Southerland, read the minutes from the last meeting held in the spring. Paul Britt, principal, welcomed parents and introduced the staff.

Britt commented upon the importance of school bus safety, explaining that the school places special emphasis upon transporting students without mishaps. Britt reported that Allen Wood, transportation supervisor, and Billy Floyd, a local patrolman, had visited the school and held a workshop for all students. Wood is scheduled to return later and conduct a bus evaluation drill with the student body.

"We can teach your child only if he is in school," stated Britt, as he stressed necessity of improving school attendance. B.F. Grady had a 95.4% attendance record for 81-82, but Britt challenged parents to reduce afternoon checkouts and absences in order to reach the goal of 96% for this year.

Another facet of the total school program discussed by the principal was school-home communication. He encouraged parents to stay aware of their children's academic progress. He reminded parents that even though report cards go out every 9 weeks, progress reports are made at the middle of the grading period. He suggested that parents should feel free to schedule parent-teacher conferences after school so they will know more about the status of their children. He urged them to set aside some time to read to their children because "reading is the key to

success."

Mrs. Connie Jones, chairman of the fall festival, gave a view of this year's plans. She asked the audience for volunteers for the annual fund-raising project. Teachers and parents signed up to help with games, booths or the supper which will be held Saturday, Oct. 16 at 4 p.m. The goal this year is \$12,000.

Activities planned for the Fall Festival include a barbecue supper, spook house, birthday game, cake walk, fishing booth, sweet shop, craft corner, ring toss, grab bag, pee-wee basketball throw, variety show and an auction. At 9 p.m., class winners of ticket sales will be presented and department winners will be crowned.

Assisting Mrs. Jones were members of the B.F. Grady Junior Beta Club. Also on hand were Beta members selling candy and taking

yearbook subscriptions. The Junior Betas publish the school annual each year and sell candy to help defray expenses. THE OVERFLOW was first published in 1943 and was discontinued following consolidation, but revived in 1975 in a small paperback version. It is now a hardback book and the staff anticipates using color this year for the first time. Bryan Harper, editor, said, "The Overflow is the best record of one's childhood and teaching career. Anyone wishing to subscribe might contact a Beta member. This year the annual cost is only \$8."

Following the business session, parents were invited to visit the classrooms. Ruritan member Curtis Simmons and Scout leader Ed Hardister were available to sign up prospective members in a Scout troop to be re-organized in the community.
