CAPE FEAR DISTRICT CONVENTION OF RURITAN - The 71st Ruritan Club of near Fayetteville recently hosted the Cape Fear District Ruritan Convention at the Bordeaux Motor Inn Convention Center. Registration began at 1 p.m. with the first convention workshop beginning at 2 p.m. for officers and committee members. A business session to conduct business and elect new zone and district governors was held. Wilbur Williams, governor of the District, presided at the evening banquet. Following the entertainment by the Raeford Choraleers for the Ruritans and their wives, the new officers were installed. Walton Harper of the Albertson Club was installed as Zone 1 Governor. Lenoir 4-H Fire Safety Workshop

By Howard F. Scott
Lenoir Extension Agent, 4-H

The Lenoir County 4-H along with the help of the Lenoir County Volunteer Fire Departments have completed another successful Home Fire Safety workshop. The workshop was designed to reach young people 11 and 12 years old. They were taught fire safety topics such as the chemistry of fire, fire extinguishers, fire hazards and home fire escape plans.

Youth attended the workshop that was taught by the volunteer firemen one night a week for four weeks. Four-H literature was used along with a 4-H fire safety kit to demonstrate different aspects of home fire safety. Films were also provided for each workshop.

After the workshops were completed, a fire safety quiz bowl was held. Each fire department entered a team of four to compete against other fire departments on questions about home fire safety.

The quiz bowl was held Nov. 10. Through the exciting competition, Sandy Bottom team came in second and Hugo came in first.

A 4-H fire safety program was brought to an end with an appreciation and awards banquet, where special thanks were given to the firemen for teaching and awards were given to the young people who participated on the quiz bowl teams.

Trophies for the winners were given by TPA and the banquet by the Farm Bureau Federation and Agency. Fire Department participating were: Deep Run, Pink Hill LaGrange, Southwood Sandy Bottom, Wyse Fork Hugo, North Lenoir and Sandhill.

Operator-Assisted Local Call Charging

Carolina Telephone customers who request an operator to place a local call for them will now be charged for that call.

W.S. Richardson, district commercial and marketing manager, said, "The charges, which will vary depending upon the type of call, became effective Oct. 31. At this time, this type of service is primarily used by persons calling from public pay stations.

"These changes are necessary because the increased number of requests for such services has substantially increased the expense caused by the demand on operators' time. Carolina Telephone has been granted approval by the N.C. Utilities Commission to charge these rates, which place the cost on the cost-causer rather than on all customers."

The types of calls are: station-to-station customer-dialed local call charged to a calling card - 30c; station-to-station operator-assisted local call - 70 cents; and person-to-person operator-assisted local call - \$1.70.

The service charges do not

apply when a caller requests an operator to make a local call to an authorized emergency agency, when the caller is handicapped and cannot dial the call from a non-coin telephone because of the handicap, and when

the caller is calling a telephone company for official telephone business.

Richardson said that any customer desiring additional details on these charges should contact the business office at 592-9111.
