

Time To Apply For Social Security Number

Young people in the Wayne-Duplin County area who are planning to apply soon for their first summer job and who do not have a Social Security number should remember to apply for a number at least two weeks before they will need it, Betty Broadhead, Social Security field representative in Goldsboro, said recently.

Most employers will not accept applications from people who do not have a Social Security number; so it is a good idea to get a number before looking for a job, Mrs. Broadhead said.

To get a Social Security number, a person must pro-

vide proof of date of birth, identity, and U.S. citizenship or immigrant status. People 18 or over must apply in person.

The best proof of date of birth and citizenship is a public or hospital birth record recorded before age 5 or a religious record of birth or baptism recorded before age 5. Foreign born applicants should provide their immigration or naturalization documents as well.

Identity can be established by such records as driver's license, State identity card, voter's registration, school record, school ID, report card, marriage record, work

badge or building pass, labor or fraternal organization record, draft card or military ID, U.S. passport, newspaper birth announcement, adoption record, court order for change of name, church membership or confirmation record, welfare case record, medical or hospital record, vaccination certificate, insurance policy, day care or nursery school record, Boy or Girl Scout membership, or any other document showing identifying date such as physical description, photograph or signature.

Applications for a Social Security number can be obtained at the Goldsboro Social Security office located at 134 N. John Street
