

THE PINK HILL LIBERTY FESTIVAL sponsored a variety show on Saturday evening. The audience was delighted with the mystifying Doc's Magic Show, with emcee-comediene Cecil Burke, Miss Liberty 1983, Ellen Sandlin, Miss Junior Liberty Elizabeth Murphy and the Sound 16 Band. Top photo, Ellen Sandlin, "Miss Liberty" and bottom photo, Junior Miss Liberty, Elizabeth Murphy.

Kaiser Agricultural Chemicals Opens New Farm Market In Pink Hill

Effective March 1, Clarence Howard's Warehouse ended 30 years of successful operation with Smith Douglass Fertilizer. The management felt that a change was needed to continue the best interests of their customers. They are pleased to announce their new association with Kaiser Agricultural Chemicals, a division of Kaiser Aluminum.

Howard's Warehouse has always been a very service-oriented operation combined with superior product knowledge. They feel this background, combined with the increased product line and competitiveness of Kaiser products, will allow them to better serve the American farmer during the tough economic times ahead.

The Kaiser product line will include both dry and liquid fertilizers. They have their own nitrogen terminal and are distributors for major chemicals and seeds. In addition, they will have access to the aluminum products you may need, such

as culvert or drainage pipe. Even though the name and product has changed, the management would like to reassure you that the foundation the business was built on has not and will not change. The business will continue to offer a superior product with people you can trust and service you can depend on.

Open house will be held Thursday, April 7 between the hours of 11 and 2. Please come by and get better acquainted with the products and services we have to offer while enjoying lunch.

The Bahamas comprise about 3,000 low islands and rocky islets.
