

CASWELL-NEUSE STATE HISTORIC SITE and the Sixth North Carolina Continental Line will sponsor a living history encampment on Saturday and Sunday, Aug. 27-28. Approximately 150 Revolutionary and Civil War troops will be involved in various period activities such as military drills and exer-

cises, weapon demonstrations, blacksmithing, authentic cooking and music, and tactical demonstrations. The program is scheduled from 9 a.m. until 4 p.m. both days and is free to the public. Caswell-Neuse State Historic Site is located on Highway 70 Business in Kinston.

McKay Named Chairman Of Kenansville Bike-A-Thon

Mrs. Sheila McKay has been appointed chairman for the annual "Wheels for Life" Bike-A-Thon in Kenansville to benefit St. Jude Children's Research Hospital. The event is scheduled for Oct. 8 with a rain date of Oct. 15.

St. Jude Children's Research Hospital is a research-treatment-education center where physicians and scientists working side by side have actually succeeded in rewriting medical textbooks through painstaking research and treatment advances.

This institution, now the largest childhood cancer research center in America, owes its establishment to a promise made years ago by entertainer Danny Thomas. His dream became reality when the doors of this non-sectarian research hospital opened in 1962 dedicated solely to the conquest of hopeless diseases of children.

When St. Jude accepted

its first patient, the survival rate for children diagnosed with acute lymphocytic leukemia was less than five percent. Today the disease-free survival figure for children in long-term remission has grown to more than 50 percent. Procedures that originated at St. Jude are now being used to treat children throughout the U.S. and other parts of the world.

St. Jude has treated children from 39 states and 29 foreign countries. Upon referral from their physician, they are admitted to a research study without regard to race, creed, national origin or ability to pay. The sole criterion is a medical determination that their disease is under study. They receive the very best and latest total medical care because it is through these children that we will learn how to save others.

St. Jude Hospital is largely supported by voluntary contributions which are tax de-

ductible. Events such as the "Wheels for Life" bike ride raise the funds to continue the research and treatment programs which are freely shared with all physicians and research scientists, extending the benefits of its work beyond its walls to children throughout the world.

We wish to express our appreciation to Duplin General Hospital Foundation, Duplin Medical Association, and the obstetrical staff of Duplin General Hospital for care and comfort enjoyed when our Kay Leigh was born July 15, 1983. Mr. and Mrs. Tommy Grady Kenansville
