

THE PINK HILL REVIEW

"Serving Pink Hill, Deep Run, Albertson, Beulaville, And Their Surrounding Areas"

VOL. 5 NO. 42

KENANSVILLE, NC 28349

OCTOBER 20, 1983

INSTALLED AS PRESIDENT - Royce Swinson, principal of Pink Hill Elementary School, has been installed as state president for the North Carolina Principals and Assistant Principals. Thomas Salter, principal of South Lenoir High School served as past president. Swinson has been principal of Pink Hill School for 18 years. He was reared in Wayne County where he attended Brogden High School, returned and later coached there for eight years. He received his undergraduate degree from Wake Forest and later a master's from East Carolina University. Swinson has been president of the local principals organization, and district president of the N.C. organization.

Hot-Air Balloon Race

The National Balloon Racing Association (NBRA) is pleased to announce a major ballooning event to be held in Kinston on Friday, the 21st thru Sunday, the 23rd of October. This annual event is expected to attract 30-50 hot-air balloons and 20 to 30 thousand people this year.

The event will be held at Caswell Center in the large field facing Vernon Avenue. In addition to Caswell Center hosting the event, Vernon Park Mall is supporting the

event as well as being one of the first to sponsor a balloon.

The Kinston/Lenoir County Chamber of Commerce is supporting the event and from their offices the NBRA will operate. This is sure to be one of the largest sporting events in Eastern North Carolina and will offer many opportunities to everyone involved.

To make this event possible, the balloons are sponsored by individual merchants, companies and manufacturers.

FHA Fall Fashion Fling

The FHA Fall Fashion Fling was a change of pace for the Wednesday night attraction at the Duplin County Agribusiness Fair. Home economics students from East Duplin, James Kenan, Wallace-Rose Hill,

North Duplin, E.E. Smith Junior High and Warsaw Junior High participated in the fall preview.

The latest in fall fashions, including casual wear, church attire, and dress wear for special occasions were modeled. Jumpsuits, popular in this season's fashion spotlight, were seen throughout the show. Bright, bold colors, stripes and textured fabrics were highlighted.

Hostess for the evening was Ellen Brewer of Warsaw. She kept everyone entertained with her spontaneity and charmed with additional fashion tips for this season.

Area merchants participating were: Cintilly's, Theresa's, and Lords & Ladies of Beulaville; Kramers, Fox's, and Cato's of Wallace; Joyce's Boutique of Warsaw, and Tops and Bottoms of Mount Olive. Flowers were donated by East Duplin Florist of Beulaville.

Announcing Our New Buck-Building System.

Now, instead of buying certificates with rates, terms and amounts set by Federal regulations, you can pick the amounts and terms that work for you. So, in effect, from now on you'll be making your own rules, not the regulators.

7-31 days 2-3 mos. 4-11 mos. 12-23 mos. 24-35 mos. over 36 mos.

For years, Federal regulations determined the way we did business with savings customers.

As a result, on most certificates, \$1,000 deposits would earn the same rate as \$10,000 deposits.

Often, short-term plans were permitted higher rates than longer term investments.

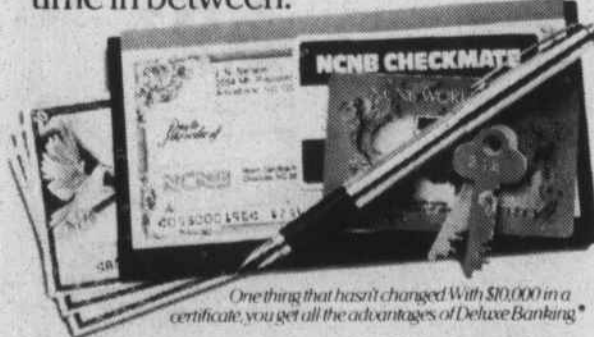

Finally, the regulators, not the savers, fixed the timeframes for deposits. None of this made much sense to us.

But it's all over now. After October 1, the Depository Institutions Deregulation Committee (DIDC) has said that we can set certificates up any way we like. And we're making it very simple:

1. The more money you invest, the higher your rate.

2. The longer you leave your money with us, the higher your rate.

3. You pick the maturity, from 7 days to 36 months or longer, or any time in between.

On maturities of 31 days or less, you have to invest \$2,500 or more, but on maturities over 32 days, you can start with as little as \$1,000.

In short, the system is flexible enough to pay you a good rate on your money for the time that works best for you.

We compound interest daily, so you earn the maximum yield.

What's more, if you have some emergency and need your money early, we've reduced the penalty to the minimum the law allows.

The chart shows you the basic idea. Now, the specific rates will change from time to time, but the idea won't change: your bucks can now build up a lot faster with us.

So, whether you have money to invest or a CD maturing with us or someplace else, ask for the details, along with our current rates.

Now you don't have to leave the neighborhood for the latest way to put more muscle in your money.
