**At BB&T The Quality Comes Through.**

When more and more banks seem preoccupied by the idea of crossing state lines, we thought you might appreciate hearing from a bank that calls North Carolina home and not just home base.

Our overriding interest is in delivering the highest quality financial services to the people in North Carolina in ways that offer the best overall value.

A case in point is UVEST™ Brokerage Services. UVEST was designed as a way for our customers to save up to 70% in brokerage commissions.

With toll free service, UVEST provides up-to-the-minute market information as well as prompt execution of trades.

But it's what UVEST doesn't have that's really impressive. UVEST commissions are up to 70% lower than those of most brokerage houses. And since the brokers receive no commissions, you'll find you're never under any pressure to buy anything.

UVEST is available by itself or as a part of a much more comprehensive personal financial plan we call OMNI BANKING.

OMNI BANKING supplies a wide range of financial services designed to facilitate, not only your day-to-day banking, but also your long-term financial planning.

Every element of OMNI BANKING is of the highest quality. You receive, for example, interest-earning checking with checks designed to identify you as a special customer.

You have access to a pre-arranged line of credit at prime rate for your personal use. We even provide a special personal financial review to assist you in analyzing your financial objectives and devising strategies to meet them.

And that's just a sampling. At BB&T, we realize that the quality of the service is inseparable from the quality of the person who renders it.

That's why we place such importance on the attitude of our people. It's an attitude that's reflected, for example, in our deeper commitment to understanding the full range of your long-term financial needs.

It becomes apparent, too, in our responsiveness to your requests. Because we know that, in today's fast changing world, your requirements will become ever more varied and complex in the future.

Finally, the BB&T attitude is evident in the kinds of insight we can provide. Because we realize that, the more insight we can provide for you, the more rewarding the relationship will be for both of us.

Come to BB&T. And discover how the quality comes through in everything we do.
